

HOGS SELL AT \$9.75 IN PORTLAND MARKET

HIGH WATER MARK IS REACHED YESTERDAY

Two Sales Are Made at Advance of 25c Over Previous High Market, Breaking All Previous Quotations.

Portland, Feb. 24.—Sales of extra good hogs were made in the Portland livestock market today at \$9.75, or an advance of 25c over previous quotations. This is the highest price for hogs in the country for many a year.

It is the small local buyers and outside interests who are bidding up the price of hogs in the Portland market at this time. The independents are making great strides and recently they have taken most of the supplies to enter the local market.

Now that the Frye-Braun company of Seattle has established a local branch, it is stated that the company's intention is to build a large packing plant in this city; thus giving forth additional competition to established parties.

Cattle market is good but no sales have been made at the recent liberal purposes of high priced steers recently and the M. J. Gill company has taken on some of the best that has entered the yards recently.

Carsten of Tacoma, through his logical representative, Frank M. Lacey, has purchased largely in Portland and it was one of his purchases that topped the market two days ago when the price was driven to \$9.50 for hogs.

Only a nominal supply of sheep is offering.

O. D. Jones had a shipment of seven carloads of cattle from Gazele, Cal.

A. R. Ford brought in a mixed load of hogs and sheep from McMinnville. John Kennedy was a short visitor in the yards. He brought forward nine loads of cattle from Idaho Falls for Seattle.

W. A. Anderson had a load of horses from Idaho Falls today.

Persons & Taylor shipped in a car of hogs from St. Johns, Wash.

J. Gleed was an arrival from Sugar City, Idaho, with 21 loads of cattle.

STOMACH MISERY JUST VANISHES

NO INDIGESTION, HEARTBURN OR GAS IN FIVE MINUTES

A Little Diapiesin Now Will Make Your Out of Order Stomach Feel Fine—Digests All Your Food, Leaving Nothing to Ferment and Sour.

As there is often some one in your family who suffers an attack of indigestion or some form of stomach trouble, why don't you keep some Diapiesin in the house handy?

This harmless blessing will digest anything you can eat without the slightest discomfort, and overcome a sour, gassy stomach five minutes after.

Tell your pharmacist to let you read the formula plainly printed on these 50-cent boxes of Pape's Diapiesin, then you will readily see why it makes indigestion, sour stomach, heartburn and other distresses go in five minutes and relieve at once such ailments as belching of gas, eructations of sour undigested food, nausea, headaches, dizziness, constipation and other stomach disorders.

Some folks have tried so long to find relief from indigestion and dyspepsia or an out of order stomach with the common every-day cures advertised that they have about made up their minds that they have something else wrong, or that theirs is a case of nervousness, gastritis, catarrh of the stomach or cancer.

This is no doubt a serious mistake. Your real trouble is what you eat does not digest; instead, it ferments and sours, turns to acid, gas and stomach poison, which putrefies in the digestive tract and intestines, and, besides, poisons the breath with nauseous odors.

A hearty appetite, with thorough digestion, and without the slightest discomfort or misery of the stomach, is waiting for you as soon as you decide to try Pape's Diapiesin.

Colonist O.R.&N. Colonist Rates Rates To OREGON and the Great Northwest

The management of the Oregon Railroad & Navigation Co. (Oregon Lines) takes great pleasure in announcing that the low rates from eastern cities, which have done so much in past seasons to stimulate travel to and settlement in Oregon, will prevail again this spring DAILY from March 1 to April 15, inclusive.

People of Oregon

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all homebuilders. Do all you can to let eastern people know about it, and encourage them to come here, where land is cheap and homebuilding easy and attractive.

FARES CAN BE PREPAID at home if desired. Any agent of the O. R. & N. Co. is authorized to receive the required deposit and telegraph ticket to any point in the east.

REMEMBER THE RATES—From Chicago \$33, from St. Louis \$32, from Omaha and Kansas City \$25. This reduction is proportionate from all other cities.

THE WHEAT MARKET

CHICAGO WHEAT BULLISH WITH PRICES HIGHER

Liverpool Closes With Advance After Starting Lower—Other Foreign Markets Close With a Loss.

Chicago, Feb. 24.—Wheat opened 1-3c lower to 3-5c a bushel higher and closed 1-2c to 1 1-2c a bushel above yesterday.

Liverpool opened 3-8d lower and closed 1-1d to 3-5d higher than yesterday. This was one of the aids of the bull side and forced considerable short covering.

After the local bears got through selling wheat, offerings dried up and the market reacted with very little buying. Main strength seems to be in the July and September.

Paris wheat closed 19 to 15 lower flour 5 to 10 lower. Budapest closed 4 lower.

Minneapolis wheat increased 215,000 bushels for five days.

BLUE GRASS ORATORS ARE TO COMPETE

Paducah, Ky., Feb. 25.—Silver-tongued orators of the Blue Grass state, including the picked debaters of this and half a dozen other cities, will compete for honors tonight in the annual contest of the Western Kentucky Oratorical League.

For the past two years Madisonville has carried off the honors, but the Paducah wind-jammers are hopeful of victory this year.

To Count Live Stock.

Washington, Feb. 25.—Farmers and ranchmen all over the country are appealed to by the census bureau to aid in the gigantic task of counting all the horses, cattle, sheep, hogs and other livestock on April 15 next. The bureau hopes to obtain the most complete and accurate figures ever gathered on the subject, embracing not only the number but the approximate value of all animals, and asks owners to prepare such statistics in advance, as far as possible.

The bureau will try to assure the ranchmen and farmers, especially of the western range states, that their interest will not be affected by a frank and full disclosure of their live stock possessions. The information gathered by the census bureau will be held strictly confidential. It will not be imparted even to any other branch of the government.

Three-Cornered Debate.

Philadelphia, Feb. 25.—Resolved, That the commission form of government should be adopted by the American municipalities.

This question will be settled for all time by tonight's three-cornered debate, in which eight-man teams representing the University of Pennsylvania, Columbia and Cornell will take active part. Trials have been held at all three universities to select the best oratorical talent, and a spirited verbal warfare is likely to result.

COLLEGIANS SHOOT ARRANGED.

Marksmen to Use Washington Range Under Army Supervision.

Washington—Arrangements are being perfected to hold the Intercollegiate Outdoor Rifle Tournament this year in Washington, D. C. The District National Guard authorities will lend the district range for the purpose and the army, navy and marine corps, as well as the national guard, will be invited to furnish the officers necessary to care for the targets and the scoring boards. The National Rifle association of America has the matter in charge and expects to make the visit of the college riflemen to the capital an event of social importance. At least six or eight teams from as many of the leading colleges and universities are expected and possibly more.

The match calls for teams of six men firing 10 shots each at 200, 300 and 500 yards, with any military rifle, and any ammunition. A handsome championship trophy goes with the title.

HAZING NOT TO BLAME FOR DEATH OF STUDENT

University of Oregon, Eugene.—Clarence W. Gore of Medford, the University of Oregon student whose death shortly after Christmas was attributed in sensational newspaper stories to injuries received when he was hazed by other members of his class here last September, died from natural causes.

This is the substance of a letter from Walter S. Gore, father of the young man, to President Campbell and made public today. In the letter Mr. Gore completely exonerates the university from any responsibility for his son's death.

WHEAT PROSPECTS FINE.

Palouse Country Soaked by Moisture and Farmers Happy.

Winona, Wash.—Prospects for a big wheat crop were never brighter than at present. Of course, it takes no prophet to successfully forecast good crops in the Palouse country, but the coming one bears unusual promise. The ground is soaked to a depth much beyond the average.

The heavy rains of November and the snow and rain since have stored the earth as a huge reservoir for future use.

The long and cold winter is also considered another good omen. The ground and atmosphere got thoroughly cooled, and together with the heavy snowfall in the mountains to the east and south, tend to prevent extreme heat in the early summer, the greatest source of danger to the wheat in this section. The late spring is also considered much safer for the fruit.

Winter wheat has not suffered so far, say the farmers. The present cold snap was preceded by a heavy snow, which has protected the fields.

FENCE CLIMBING RACE FOR MOSCOW CADETS

Moscow, Idaho—Lieutenant A. W. Smith, commandant of cadets at the university, has the cadet battalion practicing for a tournament which he intends to have sometime in the near future. The three companies will compete for honors in several different kinds of contests. One of these will be a drill by squads in which a picked squad from each company will

complete. Platoon drill will be another event.

But the most unique event will be a fence climbing contest. A movable board wall, nine feet high, has been constructed in the gymnasium. Each company chooses eight men to represent them and the game is for all these men to climb the fence in record time. The team which gets over in the shortest time wins.

Another stunt will be a race, in which two men from each company compete. The race course is divided into stations. At the first station the men lay down their rifles; at the second they remove their hats; at the third they take off their hats, and at the fourth their coats. Then, after touching a mark, they go back over the course again putting on their accoutrements. When they get their rifles they go to the windows, shoot five times and return to the starting place.

Another contest will be the old tug-of-war, all of the men participating.
