Guaranteed under the Food and Drug Act.

Exact Copy of Wrapper. THE CENTAUR COMPANY, NEW YORK CITY.

NEWSY NOTES OF ECHO

SPRING YARD CLEANING CAUSES SMOKE TO RISE

Girls Organize Athletic Club—High Water from Recent Thaw—Other Items of Interest.

(Special Correspondence.) Echo, March 2.—Echo could be called the smoky city on account of the numerous bonfires today, the result of the spring yard cleaning, and still there is more to follow for on the 4th and 5th inst, there is to be a tag sale to raise funds to make a thorough yard and street cleaning of our little city on the eleventh and twelfth. This work is under the charge of the ladies.

The ladies interested in the athletic work of this place met Monday evening at the home of Mrs. Louis Scholl, jr., and perfected an organization which will be known as the Echo Girls' Athletic association. The following officers were elected: President, Mrs. Scholl; vice president, Miss Mayme Rippey; secretary, Miss Nona Houser; treasurer, Miss Laura Bonney; director, Miss Harriet Atkinson.

On account of the recent thaw the river at this point is raised considerably, but the water lacks about two feet of being up to the highwater mark. Only very little if any damage has been done. No danger is anticipated.

Mrs. Hugh Smith is visiting friends in Pendleton this week. A. Longwell's new residence is nearing completion.

The building formerly occupied by the Home restaurant on Bridge street has been newly fitted up for offices and is now used as the headquarters of the Western Land & Irrigation Co. The company also retains the building formerly used as an office.

The Echo Business Men's association met in regular session last night. They are endeavoring to get better train service for this place.

Mrs. A. B. Thomson and daughter Eleanor, returned yesterday from Portland, where they have been visiting for the past two weeks.

Peter Sheridan, one of our prosperous Butter creek farmers, passed through here today on his way home from Pendleton.

Mrs. Al Moore returned Monday from a short visit to Pendleton. Deputy Sheriff Hoggard of Stanfield, was here today on official business.

Pure Foods and Pure Medicines mean better, healthier, happier people. It has been proved, however, that all medicines are not adulterated and worthless any more than are all food products.

The wheat has been sifted from the chaff, and such medicines as Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and complies with all conditions of the Pure Food and Drugs Law will continue to hold its place as the standard American remedy for female ills.

WESTERN CONSERVATION LEAGUE IS ORGANIZED

Spokane, Wash.—The Western Conservation League has been organized in Spokane, with J. J. Brown, of this city, head of a chain of banks in Washington and Idaho, as president. The first session will take place in this city early in April to interest people of the western states in the work of conserving the resources of the country. State control will be favored. Among the speakers will be Governor Hay of Washington, former Governor Gooding of Idaho, Senator Chamberlain of Oregon and the chief executives of other western states. L. K. Armstrong, secretary of the organization, says that the present methods of the application of national conservation principles are inadequate, in that they lead to absorption of the states' wealth by the government. He intimated that the league will support Richard A. Ballinger, secretary of the interior, in his views on the various questions of conservation, which are diametrically opposed to those expressed by Theodore Roosevelt and Gifford Pinchot, and there is every indication that a lively battle will follow at the first convention.

Saved a Soldier's Life. Facing death from shot and shell in the civil war was more agreeable to J. A. Stone of Kemp, Tex., than facing it from what doctors said was consumption. "I contracted a stubborn cold," he writes, "that developed a cough, that stuck to me in spite of all remedies for years. My weight ran down to 130 pounds. Then I began to use Dr. King's New Discovery, which completely cured me. I now weigh 178 pounds." For coughs, colds, la grippe, asthma, hemorrhage, hoarseness, croup, whooping cough and lung trouble, it is supreme. 50c. \$1. Trial bottle free. Guaranteed by Tallman & Co.

HEN PHEASANT SOON TO HAVE LITTLE CHICK

Paris.—Mrs. Simone, the leading lady in Chanticleer, is about to present her husband, Jean Casimir-Perier, the son of the late president of the French republic, with a pledge of her affection and Rostand is in despair to find someone to replace the ex-wife of M. Le Bary in the role of the hen pheasant.

CONVICT'S COST IS \$10,000.

Swiss Prisoner Has Spent 43 Years of Life in Institution. Geneva.—A convict in the penal establishment of Leznbourg has served forty-three years' imprisonment, having received a life sentence for murder in 1866, when he was twenty-five years of age. He has already cost the government nearly \$10,000, and as he is a strong and healthy man of 86 he will probably live many years in prison. He is consulted both by wardens and convicts when questions of regulations and rights crop up. He is proud of the fact that he is the convict who has served the longest term in Switzerland and probably in Europe.

New and second hand furniture at the lowest prices ever made in Pendleton. Call in before house cleaning time. Pendleton Furniture Co., W. R. Graham, mgr. Ingram's old grocery stand.

"BACK TO THE COUNTRY"

No less a person than a great railway magnate and empire builder, one of the most far-seeing men in the United States, has given this advice. Would you go back if you knew that by making a small investment you could make yourself rich? Riches mean independence. Follow this great man's advice and have both. You ask, "How am I to do it?"

IRRIGATED LAND

is your salvation. If you buy an irrigated ranch at RICHLAND ON THE COLUMBIA RIVER you will quickly realize your desire for wealth, happiness and the big things which brings both happiness and content—Independence. Possibly you believe that you would not be able to buy this land. Have you investigated the offer the RICHLAND LAND CO. makes?

\$125.00 to \$350.00

PER ACRE

will buy this land. The company gives you a perpetual water right, the water supplied by a gravity system, when you buy. With the assurance of water and no need to depend on rain to develop your crops, your land will bring you \$1000 per acre net each year.

Come in and see us and let us talk this over with you.

GENTLEMAN:

Please mail me your illustrated Booklet, "Richland"

Name _____

Address _____

TERMS—After first payment no further payments become due for three years. This means your land will make its future payments.

W. D. FLETCHER

Pendleton Representative of Richland Land Co. Room 5, American Nat. Bank Bldg.

HAS JAMES J. HILL SECURED Foothold IN WILLAMETTE VALLEY IN FIGHT WITH RIVAL?

James J. Hill is said to have gained control of the Oregon Electric road, according to yesterday's Portland Journal. The significance of the move can scarcely be exaggerated, for it is fraught with consequences of vast importance to Portland and to western Oregon.

While local officials of the Oregon Electric deny any knowledge of the reported sale, it is admitted that they are not in a position to know the facts. Well informed local financiers are satisfied that the deal has been made and that Hill is now fully prepared to invade the Willamette valley as an open and active competitor of the Harriman system.

Nor is the purchase of the Oregon Electric the only important strategic move recently made by Hill. It is an open secret that when the United Railways was sold a few months ago, the actual purchasers were eastern men intimately associated with Hill.

By this deal, Hill acquires the connecting link between his terminal property in the north end and the very heart of the west side business section. Moreover the United Railways connect with the present terminus of the Oregon Electric at Jefferson street, thereby opening the way for direct invasion of the Willamette valley.

Ever since the advent of the North Bank road it has been predicted freely by railroad men that Hill would not rest content with the exploitation of central and eastern Oregon, but would ultimately make a determined fight for the still more attractive territory lying west of the mountains.

Control of Electric Lines. Speculation naturally turned to the question whether Hill would not find in the Oregon Electric the most natural means of access to this portion of the state. And this is precisely what has happened.

The Oregon Electric now has lines in operation to Salem, and Forest Grove, with valuable rights of way to many other points of importance in the Willamette valley. Albany, Corvallis, Dallas and McMinnville are among the objective points to which the surveys have been made, and rumor has credited the company with plans for extensions still further south.

The intimate relations between the Hill interests and the present owners of the Crater Lake road, running east from Medford, are well known, and it is quite on the cards that the Oregon

Electric under Hill management, may eventually reach the Rogue River valley.

The Oregon Electric is a standard gauge road of very substantial construction. Moffat & White of New York, financed the road, which enjoyed the distinction of being built for cash, no bonds being issued until last year. When application was made to the city council of Portland, for a franchise within the city limits, strong opposition was encountered from the Harriman system, and it was shelved by many at that time that Hill was back of the new road. This was denied emphatically by its representatives, but even then it was apparent that the line might prove the opening wedge which would ultimately destroy the Southern Pacific's monopoly in western Oregon.

Stevens Visits East.

John F. Stevens, Hill's chief representative in Oregon, went east several weeks ago and has not yet returned. Whether his trip had any connection with the reported sale of the Oregon Electric is not known. Guy Talbot, vice president and general manager of the electric road, said today that he had absolutely no knowledge of such a deal, but admitted that it might have been made. "All I can say is that it is all news to me," said Mr. Talbot.

With complete control of both the Oregon Electric and the United Railway, the Hill lines will be able to ship freight from valley points to eastern markets without switching charges, delays or transhipment in Portland. The volume of business to be handled in this city will be vastly increased, and a mighty stimulus will be given to the development of western Oregon.

Worth a Dollar a Drop.

Fred Patchen, Manlius, N. Y., writes—"For a long time I was affected with kidney trouble which caused an almost constant pain in my back and inflammation in my bladder. Other remedies did not even relieve me, but two fifty cent bottles of Foley's Kidney Remedy completely cured me and I have not had any symptoms of kidney trouble for over two years. Koepfen Bros.

FOOD FERMENTING CAUSES INDIGESTION

"I got a box of Mi-o-na tablets for a distress in my stomach, and the first dose relieved me, and after I took the fourth I have not felt any more of it. I think it is a wonderful medicine."—Hiram Shultz, Watscka, Ill., July 27, '09.

If your stomach is out of order or distressed, no matter from what cause, Mi-o-na stomach tablets will give instant relief, and if taken regularly, will cure indigestion, acute or chronic, or money back.

Every sufferer from stomach trouble, gas, belching, sour stomach nervousness, dizziness and biliousness, should get a fifty cent box of Mi-o-na stomach tablets today and start a treatment.

In three days' time the stomach and bowels will be thoroughly purified, and sour stomach and distress will vanish.

Continue the treatment for two weeks and the stomach will become so strong that it will be able to digest the heartiest meal without distress. Sold by druggists everywhere and by Tallman & Co.

Booth's Pills best for constipation, 25 cents.

On the other hand, M. Gultrey is cheering up as he believes that his protégé, Yvonne De Bray, will be given Mme. Simone's role. Meanwhile the distinguished house of Casimir-Perier is receiving congratulations from all sides. Among the reasons advanced against the marriage of Mme. Simone-Benda-Le Bary with young Perier was the disparity of age and the consequent danger lest the great French family should die out. The interesting event is no near, that the hen pheasant will be obliged to leave the Theater Porte St. Marie in a fortnight.

Mme. Simone's husband has resumed the practice of going early to the flower market every morning and buying flowers for her as he did in his student days at Sorbonne, when their wooing began.

Unfurnished housekeeping rooms for rent in the East Oregonian building. Steam heat; electric lights; hot and cold water; bath. Inquire at East Oregonian.

NEW ANESTHETIC IS FOUND IN QUININE

Kansas City.—Out of the fever-infected jungles of the backwoods of Arkansas has come a medical discovery that may revolutionize surgical practice. An anesthetic which the faculty of the university of Kansas medical college declares is superior to any other medical knowledge—one which throws stovaine into the class of shortlived sensations and which they insist will eliminate cocaine from use as a local anesthetic—is the gift to the world of Dr. Henry Thibault of Scott, Ark.

This new anesthetic is quinine—common quinine—and startling claims are made for it. The effect of quinine when injected locally lasts for days, so that if tonsils are involved or bones are cut from the nose there is no pain for many days. Cocaine loses its power shortly after the operation. Quinine is safe, whereas cocaine has a toxic effect save in small doses. Quinine hardens the tissues, preventing hemorrhages. Cocaine does not do this.

The vindication of these claims has just been announced by Dr. Arthur B. Hertler, assistant professor of surgery in the University of Kansas medical college at Rosedale; Dr. Ford B. Dr. B. Brewster, special investigator.

An Awful Eruption

of a volcano excites brief interest and your interest in skin eruptions will be as short. If you use Bucklen's Arnica Salve, their quickest cure. Even the worst boils, ulcers, or fever sores are soon healed by it. Best for burns, cuts, bruises, sore lips, chapped hands, chilblains and piles. It gives instant relief. 25c at Tallman & Co.

PASTORS WILL FOLLOW DIVORCE POLICY OF JESUS

Los Angeles.—The supposititious course of action Jesus Christ would follow in the case of persons seeking to re-enter the bonds of matrimony were He confronted with modern conditions, will henceforth guide the pastors holding membership in the Los Angeles ministerial union.

Every divorced person applying hereafter to a member of the union to have a marriage ceremony performed, must submit to a close investigation. The mere fact that the laws of the state recognize certain grounds as sufficient for divorce will not be considered.

"Would Jesus Christ sanction such a marriage?" will be the question that must be satisfactorily answered. The union voted to take this stand after several members had urged more stringent regulations to help check the spread of divorce.

TO CURE A COLD IN ONE DAY. Take LAXATIVE BROMO Quinine Tablets. Druggists refund money if it fails to cure. E. W. GROVE'S signature is on each box. 25c.

Ladies Soles Sewed. With my new machine I can sew your soles on for 65c per pair. They will look better and last longer. A. EKLUND.

"So when Belle rejected Jack, he went immediately and proposed to Maud." "Yes; but that wasn't the best of it. What do you think? He gave Maud an order on Belle for the engagement ring."

"Pat—We sure do need rain, parson. Parson—That's what we do. I'll remember it in my prayer tonight at the meetin'." "Pat—Twon't do no good, parson, so long as the wind is in the west.—Judge."

A Significant Fact

Go to any dealer in second-hand machines and ask for an

UNDERWOOD STANDARD TYPEWRITER

He will tell you that the Underwood will cost you more than any other machine in his shop—

Because—the Underwoods that come to him—even after months of wear—are in almost perfect condition and as serviceable as new machines. He will tell you too, that he can sell more Underwoods than he can buy.

Every general dealer in Typewriters knows that the Underwood will stand the wear and tear of every day business use better than any other machine on the market.

Let us show you the reason for this and you will see why the Underwood is "THE MACHINE YOU WILL EVENTUALLY BUY" THE UNDERWOOD TYPEWRITER CO., INC. 68 SIXTH ST. PORTLAND, ORE.
