JOHN D.'S MILLIONS WILL GO TO CHARITY

Oil King Plans Greatest Systematized Charity in History of World—John D. Jr. Will Make Lifework of Spending Fortune.

New York.—Behind the incorporation of the Rockefeller Foundation is hidden the greatest plan for a systematized charity in the history of the world. Rockefeller's vast wealth is to be devoted to charity in the broadest sense, including every field of human endeavor for many years to come, and probably through future generations.

It was learned that the plan is on an even greater scale than at first appeared, and it will probably not only involve the entire Rockefeller fortune but will present a definite life work for John D. Rockefeller, Jr.

The younger Rockefeller is making preparations to retire from all corporations with which he is connected in order that he may give his entire time to the foundation. It was with this in view that he recently withdrew from the board of directors of the Standard Oil company.

He is now preparing to take up the active work of the foundation as soon as congress approves the application for incorporation, which was made Wednesday.

Rockefeller intimates that he will refuse to present to reveal the details of the great scheme and satisfies himself so far with stating that its object will be to promote the well being and the civilization of the people of the whole world.

Fred Gates, who is taking an active part in the formation of the new corporation, said that the plan would not interfere with the general board of education, which has already cost Rockefeller \$52,000,000. It is estimated that the oil king's gifts up to the present time total \$120,000,000.

DEATH IN DIRTY HANDS.

British Scientist Emphasizes Danger in Personal Uncleanliness.

London.—"Dirty hands are causing more deaths than bullets, poisons, railway accidents and earthquakes combined," writes Dr. R. G. Eccles in the February number of the "British Health Review."

"We cannot call that murder which lacks intent to kill," he continues, "but so near to murder is it that, with increased public knowledge, the time is sure to come when dirty-handed people will have to endure an opprobrium that will make them skulk in shame."

"People who are willing to tolerate the visible dirt are pretty sure to be none too careful concerning the dangerous dirt. The two kinds get blended. It is, however, not only possible, but actually probable, that there are foul and filthy hands that are by their owners kept manicured till fingernails shine and every vestige of visible blackness has disappeared. They wash as they eat and sleep, under the guidance of a clock. That there is a fitness in time for washing in order to be clean has not dawned upon them."

"It is the unseen dirt that plays the mischief with human life, because it is alive, and can multiply indefinitely. It is quite likely that nearly all normal persons wash their hands and faces on getting up in the morning, or after particularly dirty forms of work, but with very many the absence of visible dirt is sufficient excuse for the neglect of washing all other times of the day."

Dr. Pierce's Favorite Prescription

Is the best of all medicines for the cure of diseases, disorders and weaknesses peculiar to women. It is the only preparation of its kind devised by a regularly graduated physician—an experienced and skilled specialist in the diseases of women.

It is a safe medicine in any condition of the system. **THE ONE REMEDY** which contains no alcohol and no injurious habit-forming drugs and which creates no craving for such stimulants.

THE ONE REMEDY so good that its makers are not afraid to print its every ingredient on each outside bottle-wrapper and attest to the truthfulness of the same under oath.

It is sold by medicine dealers everywhere, and any dealer who hasn't it can get it. Don't take a substitute of unknown composition for this medicine of known composition. No counterfeit is as good as the genuine and the druggist who says something else is "just as good as Dr. Pierce's" is either mistaken or is trying to deceive you for his own selfish benefit. Such a man is not to be trusted. He is trifling with your most priceless possession—your health—may be your life itself. See that you get what you ask for.

ter by a mere touch cannot possibly be shaken without leaving behind evidence of unnamable dirt. "These are the kinds of hands that handle our bread, meat, our pastry, our fruit and our money."

Mr. Eccles asserts that dirty hands may lead to plague, cholera, typhoid fever, consumption, diphtheria, scarlet fever and many other diseases.

To Test Garnishee Law. Salem, Ore.—An opportunity has arisen to make a test of the law passed by the 1909 legislature over the veto of Governor George E. Chamberlain allowing the garnishee of the salaries of state, county and city employes. An action has been started to garnishee a portion of the salary of J. L. Green, deputy game warden for Multnomah county by Carl Ehelebe. The amount involved is \$50, but in order to determine the validity of the law the case will be carried by Attorney General Crawford to the supreme court.

God at the Baptist Church. The meeting last night at the Baptist church was the best of the week. Evangelist Ledford was at his best. He preached a powerful sermon on the theme, "I Am the Way, the Truth and the Life," the words of Jesus in John 14:6. If men ever come to God they must come by Jesus Christ, the Savior of the world. Jesus said, "No man cometh to the Father but by Me." He is the Truth and the source of all truth. "The Law came by Moses but grace and truth by Jesus Christ." "He is back of the truth of the Bible and accepting the Bible as truth one accepts Jesus." "We have not life without Him in the heart." "The reason some people never backslide is because they never had anything to backslide from." "You have got to

have Christ in the heart before you can live him in the life." "You will never have the fruits of the Spirit in your life till you are living in the Spirit." "God will find you if you let him. He has promised. You had better get into God's clover patch. If you do he will satisfy you and you won't have to fill up on other things." "Every time a professed Christian goes to the world for satisfaction in life he dishonors God and holds up the religion of Christ to ridicule. For he says by his act God can't feed me and I am hungry—I want a few of these husks of the devil to fill me."

The evangelist sang "Sowing the Tares," the words were written by a convict. The song was very effective. In addition Zoeth Carney sang "No Not One." This was a very pleasant feature of the service. God's power was manifest throughout the service and at its close several expressed themselves as desirous of being saved and several made profession and confessed Jesus as savior. Christians signified their desire for a better experience.

Services tomorrow morning and evening. Come early to be sure of a seat. All are invited. There will be no Saturday service.

Do you take the East Oregonian?

"The American Lord."

An American play, well written and finely acted is the promise held out by Charles B. Hanford for his engagement at the Oregon theater on Tuesday, March 15. Fortunately for the public, Hanford promises are redeemable at their face value. They never have to be discounted and "The American Lord" may be relied on to possess not only the charm of splendid acting such as Mr. Hanford always offers, but a plot interest that is not only novel but strictly in touch with current thought. The play is not an untold venture, but was recently produced with Wm. H. Crane in the title role, with results which left no doubt of its merits. A company of unusual and superior quality has been assembled for this play and the production as a whole will rank high, even in the list of elaborate productions this favorite star has made. Miss Marie Drofna will play the dashing widow in the play and for whose sake the rugged hero of many vicissitudes of fortune consents to forget his training, restrain his temper and accept the title of nobility which chance has thrust upon him.

The prodigal son was a poor ball player. He struck out and then came back to the home plate.
