## LID IS ON AT MIL/TON.

'Blue Laws" Enforced Sunday That Everything Is Closed.

Milton, Ore., March 7 .- Continued lagrant violation of the Sunday closng laws has resulted in a tight lid being put on Sunday trade. Last Sunday every confectionery and cigar store in Milton and Freewater Drug stores were open, but sold little but drugs and medicines. Consequently there were more people on the streets than usual.

Walla Wallans who came over and aw the crowds on the streets almost invariably decided that Milton must be growing in importance and business activity. But when a question relative to getting a smoke was asked of a Miltonite, the air was usually a bright blue for some seconds afterward.

The general opinion seems to be hat the lid won't stay down, and that ice cream and kindred sweets can soon be purchased as freely as heretofore.

The storekeepers forced to close are threatening dire vengeance on the parties responsible for the action, and say they guess "it will turn out all right" in the end.

Enjoyable Banquet Held. Milton, Ore., March 7.—The Modrn Woodmen of America and the Royal Neighbors had a grand meeting and banquet Saturday night. A special car came over from Walla Walla and waited till 11:15 to carry back the crowd from here.

Believe Conspiracy Exists. San Francisco, Mar. 8.—At the lose yesterday of the investigation of the so-called fish combine, Senstor Wolfe, chairman of the legislative investigation committee, announced that the investigators were satisfied that a combination in restraint of trade exists and that sufficient evidence has been gathered to justify the attorney general of the state or the district attorney of San Francisco to proceed against the members of the alleged trust under the anti-trust laws

#### PREACHER'S EYE BLACKED BY LAYMAN WITH PUNCH

North Yakima.--If Archdeacon Maurice J. Bywater of the Episcopal church appears before the congregaion Sunday morning the somber cioth of the clergy will be augmented by a decoration under the eye, which in less dignified circles would be known

as a "shanty." The Swiss sunset was painted beneath the good man's optic by Wil-liam H. Hassell, a vestryman of St. Michael's, and a lay reader of some ocal repute

The trouble arose when the church man militant attached a shorter and home last evening after spending the uglier tribute to the vestryman's name However, he displayed less adaptability for fisticuffs than for the warfare which he has waged on evil from the pulpit and took the first count in the first round.

The dispute seems to have been one over the back fence, resulting from a difference of opinion regarding property lines between their neighboring

The archdeacon had Hassel arrested by the North Yakima police, but the latter secured his release on the ground that the row had occurred outside the city limits. Now Hassell more damage from his blackened name than his neighbor of the cloth has from his discolored eye and threatens to call Archdeacon Bywater to account for humilitating him with

Knox, jr., son of Secretary of State Knox, who ran away from the Rhode Island capital Friday, today passed through this city on their back to Providence.

There he met young Knox ductor on the Pendleton-Walla Walla who is under age, and a student in run of the O. #### POUR MOLTEN LEAD INTO THROAT OF BLASPHEMER

Constantinople.-A story from Aslidje, Novi-Bazar, concerning infuriated mob of Mohammedans. The victim was a laborer, Suleman Hountitch-Sarailli, and it appears that in the course of drunken vaporings he gave utterance to certain blasphemous remarks, which roused the list-

ening crowd to frenzy The man was dragged into the yard of an adjacent house, and held down while a quantity of lead was melted. He was then ordered to open his mouth and, as he refused and kept it tightly closed, his lips were forced apart and his teeth broken, after which the molten lead was poured down his throat.

The dying wretch was afterwards stripped and horribly mutilated, his ears, nose and hands being cut off.

It is suspected that it is easier to keep Lent this year in one respect than usual,
