CHICAGO CAN'T AFFORD TO VOTE WHISKEY OUT

Chicago.—Chicago will become bankrupt if the voters decide that the city shall be made anti-saloon territory, according to a statement made to Nathan A. Cole of the Manufacturers and Merchants' association by Hugo Schroer, ex-city statistician. Schroer said that despite arguments that are to be submitted by the "dry" the annual loss will be \$5,000,000 in saloon taxes alone, in addition to other revenue.

The drys are rejoicing because they have been assured by Mayor Busse that they will have an opportunity to show how the financial loss to the city may be offset. They say that equal taxation will solve the problem.

William F. Mulvihill of the Anti-saloon League today prepared statistics which he believes will convince the committee appointed by Mayor Busse that at least \$9,000,000 additional revenue can be realized by taxation of property that is now sequestered.

THROW OUT THE LINE.

Give Them Help and Many Pendleton People Will Be Happier.

"Throw Out the Line"—The kidneys need help. They're overworked—can't get the poison filtered out of the blood. They're getting worse every minute. Will you help them? Doan's Kidney Pills have brought thousands of kidney sufferers back from the verge of despair. Will cure any form of kidney trouble.

Mrs. G. W. Propeck of Elgin, Ore., says: "Doan's Kidney Pills have proven of great value to me. Kidney complaint troubled me all my life and I was gradually becoming worse. I never found a remedy that would give me relief and my life was a burden. I was subject to dizzy spells, my back ached severely and the kidney secretions were so irregular in passage as to cause me great inconvenience. Whenever I took the least cold, it was sure to settle in my kidneys and greatly aggravated my suffering. I tried several remedies which seemed to give me temporary relief but the attacks were sure to return. At last I learned about Doan's Kidney Pills and procured a box. Before I had taken one-half the contents I was free from backache and my kidneys became normal. I have not had any trouble since and give Doan's Kidney Pills the credit for my present good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

AGITATES CHANGE IN SACRIFICE HIT RULE

Cincinnati, O.—Veteran Clarke Griffith, manager of the Cincinnati National League club, wants another change made in the rules for scoring sacrifice hits. The "Fox" doesn't have any hope of changing the present rules this year, but he has announced his intention of working for the alteration next year.

Griffith thinks the rule that gives a batsman a sacrifice hit upon an outfield fly that scores a runner after the catch is absurd.

"Tell me," he questioned, "how many men have gone to the plate with the deliberate intention of driving out a long fly to score a runner from third base? When a man bunts a runner along, and pulls off the proper kind of a sacrifice, that's a different matter. That's a real sacrifice. The man who does it is playing the game and he deserves credit on the scoring card."

"On the other hand it's just as easy to drive out a safe hit as it is a long fly. A man can lay down a bunt at any time, but a hit or an outfield fly usually is the result of an outfielder on the ball with no other intention than to pound it out of the diamond.

"Away with the foolish outfield sacrifice rule. I'm after it next year."

FOR THE BENEFIT OF THE TAXPAYERS

ASSESSOR STRAIN WOULD MEET WITH ALL PEOPLE

Appoints March 19 as Day to Meet With Deputy Assessors to Discuss Values of Personal Property and Invites Taxpayers to Attend.

Pendleton, Ore., Mar. 9. Editor The East Oregonian:

I am going to call the deputy assessors of the county together this year before the general listing of the property is begun for the purpose of discussing with me and among themselves the value of personal property for the year 1910, and also for determining, so far as may be possible, the relative values of real estate in the various sections of the county.

In view of the dissatisfaction which has arisen from the constantly increasing tax burden, I feel that it would be a good plan to invite the public generally and representatives of the Grange and other farmers' organizations and of commercial bodies to meet with us also.

Of course, every well informed person knows that the assessor's office has nothing whatever to do with the general increase in taxes, but if I could meet the representatives of the different sections of the county and of the various interests of the county, and if they could meet one another, so that we could discuss these matters face to face, I think it would certainly bring about a better understanding and possibly a more equitable assessment.

I therefore hereby appoint Saturday, March 19, at 2 o'clock p. m. at the court house at Pendleton, as the time and place for such meeting. The press of the county is the only means that I have of bringing this matter to the notice of the public. You have already devoted so much time and space to the public benefit that I do not have the face to ask you to give notice of this meeting, yet I will appreciate it if you do.

C. P. STRAIN, County Assessor.

ANDY CARNEGIE IS JEALOUS CALLS JOHN D. IMITATOR

Santa Barbara, Cal.—Apparently incensed by what he claims is an infringement of plans he is now prosecuting, Andrew Carnegie declares that the much heralded Rockefeller Foundation is a direct imitation of his own project.

"Mr. Rockefeller's plan is copied from mine," the steel king asserted. "The research commission he founded is similar to the one I established. The plan was suggested to me by Theodore Roosevelt while he was president, and I have followed his suggestions in many of the details."

"The Carnegie research commission has \$12,000,000 in bonds and an income of \$600,000 a year. It appears to me that this sum should be sufficient to prosecute certain research work deemed necessary to the scientific world."

"Nor is the Carnegie commission confining its work to one line to such an extent that aid is necessary. Right now it has a yacht cruising around the world collecting data and material for investigation and study. Already the scientists who are on the trip have been enabled to correct many of the charts of the British admiralty, which were supposed to be infallible. The Carnegie observatory on Mount Wilson was founded as a part of this plan."

Carnegie has left Santa Barbara for Del Norte, where he expects to rest for several days. From Del Norte he will go to San Francisco, where it is reported he will deliver several addresses. His plans call for a return to southern California about March 12. He will then visit the observatory he established on Mount Wilson, near Pasadena, making the ascent in a coach drawn by six horses over a road that has been prepared especially for his visit.

The steel magnate refused unqualifiedly to reply to the thrusts made at him in a public speech by Mayor McCarthy of San Francisco. Continued references to the matter were met with a raised, warning forefinger, whereupon he adroitly turned the conversation into other channels.

THE ROSARY AS SUNG BY WHITMAN GLEE GIRLS

One of the most beautiful songs of recent years, one which the world has learned to love and appreciate as a song of the soul is Nevin's "The Rosary."

Indeed this song is loved so well that we hear it on every hand from many a different instrument, but seldom is justice given to this composition. The Girls' glee club of Whitman college, to be in Pendleton Friday night, March 11th, sing this old favorite in a finished manner. They bring out with the different voice parts the sublime harmony of the piece, presenting it not only as a song of love and beauty, but also as the work of an artist.

A feature of the program will be the appearance of Mr. Sterling, pianist, who has previously appeared before Pendleton people.

A Godsend to the Sleepless.

MR. JAMES BYRNE.

"A Physical Wreck in Bed, Back on the Job in Three Days, after Taking Duffy's Pure Malt Whiskey, Which Restored My Health and Enabled Me to Sleep."

Mr. James Byrne writes as follows:—"I want to tell you of the benefit I have derived from the use of Duffy's Pure Malt Whiskey. I am a hotel clerk 32 years of age and for four years have been at night work. Eating irregularly and trying to sleep in the daytime had made me a very weak man physically, and as thin as the proverbial whip. I was finally compelled to take to bed. I started to use your Pure Malt Whiskey and in 3 days I was back on my job."

"Be sure and say to every night worker that it is a Godsend. Tell them I am sleeping fine, eating with a real appetite and am regaining my lost flesh, which is the hardest thing for a night worker to do. I thank you again and again for Duffy's Pure Malt Whiskey."—James Byrne 129 S. Illinois St., Indianapolis, Ind.

No medicine has stood the test of 50 years like Duffy's Pure Malt Whiskey and always been found absolutely pure and full of good medicinal virtue. Men and women in all walks of life join in singing its praises as the true elixir of life which invigorates body, brain and nerve.

Duffy's Pure Malt Whiskey

If you wish to keep young, strong and vigorous, and have on your cheeks the glow of perfect health take Duffy's Pure Malt Whiskey regularly, according to directions. It tones and strengthens the heart action and purifies the entire system. It is recognized as a family medicine everywhere.

CAUTION.—When you ask your druggist, grocer or dealer for Duffy's Pure Malt Whiskey be sure you get the genuine. It is an absolutely pure medicinal malt whiskey and is sold in SEALED BOTTLES ONLY—never in bulk. Look for the trade-mark the "Old Chemist," on the label, and make sure the seal over the cork is unbroken. Price \$1.00 a large bottle. Write Medical Department, The Duffy Malt Whiskey Co., Rochester, N. Y., for a free illustrated medical booklet containing testimonials and rare common sense rules for health and free advice.

BACK TO JUDEA MOVE THREATENS DIFFICULTIES

Constantinople.—Rapid growth of the Jewish population in Asiatic-Turkey is causing alarm among the leaders of the Young Turks, who it is rumored, are endeavoring to arrive at a solution of the problem.

So much more capable are the Jews than the ignorant peasantry that the latter are being crowded from their homes and lands and a feeling of intense bitterness is developing against the invaders.

The fear that forcible attempt may be made to oust the Jews is growing here. The authorities have been warned to use stern repressive measures to check disorders and bloodshed, as the Young Turks realize that peace at home and abroad is necessary at the present time to the stability of their administration.

The Young Turks, moreover, are partly blamed by the people for admitting the Jews, and the problem, it is agreed, is likely to be fraught with growing danger for the present and future cabinets.

Four-fifths of the population of Jerusalem is Jewish and the Jews are constantly increasing. Outside the holy city, Zionist agents have been and still are buying lands from financially embarrassed Mohammedan landlords. The famous Esdraion plain is filling with Jewish settlers and the ancient limits, from Dan to Beersheba, again mark the extent of the Jewish colonization.

Kansas City is what it is by reason of the Missouri river, says the Kansas City Star.

And Portland is what it is and will be what it will be largely because of the Columbia and Willamette rivers, greater and more important than the Missouri and the Kaw.

Whitman Girls in Pendleton.

The Girls' Glee Club of Whitman College are to sing in Pendleton at the Presbyterian church on Friday, March 11th. The girls have been working hard under the instruction of Mrs. Appy of the Whitman Conservatory, and their program is an unusually attractive one.

The club will be assisted by Mr. Sterling, pianist, who already has an enviable reputation in Pendleton.

A Little Cold.

That was all. He caught a little cold— That was all. So the neighbors sadly said, As they gathered round his bed, When they heard that he was dead. He caught a little cold— That was all. (Puck.) Neglect of a cough or cold often leads to serious trouble. To break up a cold in twenty-four hours and cure any cough that is curable, mix two ounces of Glycerine, a half ounce of Virgin Oil of Pine Compound pure and eight ounces of pure whiskey. Take a teaspoonful every four hours. You can buy these at any good drug store and easily mix them in a large bottle.
