Newsy Notes of Pendleton

Daughter Was Born.
Born this morning to the wife of Conductor Frank Fytinger, at their home on College street, a daughter.

Expensive Swearing.
Jack Gebhart was fined \$10 in police court this morning for using profane and indecent language in a public place. The public place was Main street and the man at whom the swearing was directed was an officer.

Special Agent Here.
Dr. R. E. McCosney, special agent in the Indian service, has been at the local agency since Sunday, transacting routine business in connection with the service.

Moves Back to Pendleton.
Henry Means and family who moved to Portland, a few months ago, have moved back to Pendleton and have taken up their residence at their former home on Cosbie street.

Local Indians Win Suit.
United States District Attorney John McCourt yesterday handed down a decree ruling in favor of Ye-koot-sa and A-lip-ma, two Umatilla Indians, heirs to the estates of Te-me-was and An-nap-um, in a suit brought against the United States for the collection of rental on land owned by the redskins and used by the government agents. A judgment of \$110 is awarded the Indians.

Through Testing Meters.
Virgil Cooper and Craig Sutton, the two young men who have been testing the electric meters for the Northwestern corporation during the past month, finished their task this morning and leave this evening for Eugene to work in a similar capacity. They found 90 per cent of the meters in Pendleton running correctly, and but very few that were registering too fast.

Old Salsbury Ranch Sold.
For the price of \$12,000 the old Salsbury ranch on Butter creek, has been sold by Mrs. Bert Corley to F. V. Chapman. The place is a sheep and cattle ranch and has been used by Mr. Chapman for the past three years. It is located seven miles above Vinson and was formerly owned by J. W. Salsbury, now deceased. Mrs. Corley is now living in Salem.

Change in Helix Bank.
By action of the directors of the Bank of Helix, Carl Kupers, formerly assistant cashier, has been made cashier of that bank to take the place formerly held by A. B. Montgomery. The retiring cashier and C. E. Bott of Helix are to shortly establish a bank at King Hill, Idaho. O. J. Piper of Helix, has been made assistant cashier of the Helix Bank. T. G. Montgomery, cashier of the American National bank of Pendleton, is president of the bank.

Jack Wyrick Dies.
Jack Wyrick, the 5-year-old son of Mr. and Mrs. Guy B. Wyrick, died last evening at the family home on West Bluff street, after an illness of many months. He has been more or less of a sufferer during the past two years and since last December has not left his bed. The deceased child was born in Pendleton and had therefore spent all of his short life in this city. The funeral services will be conducted tomorrow afternoon at 2:30 at the Folsom undertaking parlors; by Rev. Charles Quinney, rector of the Church of the Redeemer.

Cause of Fire Alarm Discovered.
The cause of the fire alarm which was turned in last Saturday morning has at last been discovered. It will be remembered that while the wind storm was at its height, just before daylight, that the firebell at the station in the railroad yards was heard to peal forth for several minutes. Citizens were aroused but no one was able to locate the fire nor the man who had pulled the cord. Mr. L. E. Twitchell now says that he is the man who turned in the alarm and he says a flare burning out caused him to believe that a residence on the high school hill was on fire.

Pushing Work on Bridge.
Work on the government bridge across the Umatilla river at Cayuse is being rushed as rapidly as possible by the contractors and according to Agent Swartzlander, the Indian agent, the bridge will be open to traffic before May 1. The arrival of the steel has been delayed by the washouts along the railroads but it is now expected daily. The concrete pier on the south side of the river is already completed and another day will see the completion of the pier on the north side. Dan May of this city is superintending the work on behalf of the government.

"Silver Tongue" Warner.
The Eugene Guard of Wednesday in its account of the Freshman Hour at the University, has the following about a well-known Pendleton student:
Freshman hour at the university assembly this morning was a splendid success and as the second class day in the history of the assembly plan, it was far ahead of the expected. The program was well balanced and the address of "silver-tongued" Harold Warner was as fitting as it was well delivered. He apologized for the fallouts of the class and blamed the bonfire that didn't burn and football game and the sticky dance floor to the unlucky "13," the class numerals. The other lackings, such as the accused lack of spirit, was the result of the ruling of the faculty that prohibited hazing, and the class has had to learn what the Oregon spirit is alone and without the help of the sophomores and upper class men.

He then cited the splendid showing that the class has so far made and suggested that although somewhat green at first, they were being formed into Oregon's strongest and best class.

BOND ISSUE HAS ROCKY ROAD.

Reclamation Projects Not Assured by Long Ways is Present Outlook.
Washington, Mar. 11.—The rocky road that stretches ahead of the proposed \$20,000,000 bond issue to enable the completion of reclamation projects in the west became visible at yesterday's hearing on the bills before the house committee on ways and means.
Representative Mandell of Wyoming argued for his bill, which is one of a large number before the committee. The Carter bill, which authorizes the issuance of \$20,000,000 worth of certificates of indebtedness instead of a bond issue is also pending. The Carter bill already has passed the senate, but has struck a snag in the house committee.

CUDAHY AND CHAUFFEUR SNEAKED UP FROM BEHIND

Kansas City, March 11.—Jere Lillis, slashed with a butcherknife by Jack Cudahy Saturday night, will leave the hospital today. He will carry a big scar on his face all his life. He said today that Cudahy and his chauffeur sneaked up on him from behind and that great injustice was done Mrs. Cudahy.

RAISE QUARANTINE ON SHEEP IN WASHINGTON

Washington, D. C., March 11.—The quarantine on Washington Sheep, which has been in effect three years, will be lifted March 15. An order was issued by Secretary Wilson lifting the quarantine in the entire state and parts of other states.

In these days when there are so many calls on the nimble quarter and the slower half-dollar, it pays to trade at the Peoples Warehouse and the model grocery in the basement gives more value for that nimble quarter than any other store in eastern Oregon. They have among the newest arrivals fresh walnuts, Rome Beauty apples, Heinz's 57 varieties or a good many of them, sold boiled ham, good spuds, the best 25 cent coffee on earth, one minute coffee pots. We'll tell you more about it another time, but do not ever forget that no matter what you want to buy, it pays to trade at the Peoples Warehouse.

Education is the only interest worthy the deep, contracting anxiety of the thoughtful man—Wendell Phillips.

INTERESTING SERMON BY EVANGELIST LEDFORD

"If any man be in Christ he is a new creature." This was the text of the sermon by Evangelist Ledeford at the Baptist church last night. "In Christ" was his theme. It is a place of safety—"Hid with Christ in God." It gives a new life—"All things are become new." It relieves from condemnation—"There is now no condemnation to them that are in Christ Jesus." Jesus bids men to come to him, to seek him, not to wait for him to come to them.
The evangelist sang, "I Am Listening." Tonight will be the last meeting of this week. The evangelist will preach from the Beatitudes Sunday morning.

Easter sale to be held by the Ladies Aid of the Christian church, Saturday, March 12, in the basement of the new church. Aprons, shirt-waists and other articles as well as home cooked foods.

Corn Meal for the Hair.
A young lady dropped into into the parlors of a Fifth avenue hair specialist the other day, says The Beauty Magazine. The Frenchwoman in charge condescended to tell some of the secrets of the profession. "My pompadour treatment is the most successful thing in vogue," she said. "The hair is taken down, shaken out and wet with gasoline. It dries quickly, and when put up is found free from grease and dust. The gasoline should be used with the greatest care and never at night or in the presence of a lighted gas jet or lamp. It takes a very few drops the quantity depending on the color and the texture of the hair. With blond hair I follow this up with the cornmeal-brushing, a very coarse grade of yellow cornmeal being shaken on the hair and then carefully brushed out. It is astonishing to see how fluffy the hair appears after this treatment, and for days it remains in position, requiring no rats, puffs or braids." Asked what was the safest and best home preparation for keeping the hair healthy and restoring prematurely gray hair to its natural color, "Madame" spoke very highly of the liquid tonic and hair food known as HAY'S HAIR HEALTH. This preparation has been on the market over twenty years and can be found at all good drug stores in 50-cent and dollar bottles. Its great success comes from the fact that it nourishes the roots of the hair.
