

BABY WASTED TO A MERE SKELETON

With Terrible Eruptions—Grew Worse in Spite of Doctors—Would Scratch and Tear Flesh Unless Hands were Tied—Mother Says

HE WOULD HAVE DIED BUT FOR CUTICURA

"My little son, when about a year and a half old, began to have sores come out on his face. I had a physician treat him, but the sores grew worse. Then they began to come on his arms, then on other parts of his body, and then one came on his chest, worse than the others. Then I called another physician. Still he grew worse. At the end of about a year and a half of suffering he grew so bad that I had to tie his hands in cloths at night to keep him from scratching the sores and tearing the flesh. He got to be a mere skeleton, and was hardly able to walk.

"My aunt advised me to try Cuticura Soap and Cuticura Ointment. So great was her faith in them that she gave me a small piece of the Soap to try and a little of the Ointment. I took them home without any faith, but to please her I tried it and it seemed to dry up the sores a little. I sent to a drug store and got a cake of Cuticura Soap and a box of the Ointment and followed its directions. At the end of two months the sores were all well. He has never had any sores of any kind since. He is now strong and healthy, and I can sincerely say that only for the wonderful Cuticura Remedies my precious child would have died from those terrible sores. I used only one cake of Cuticura Soap and about three boxes of Ointment.

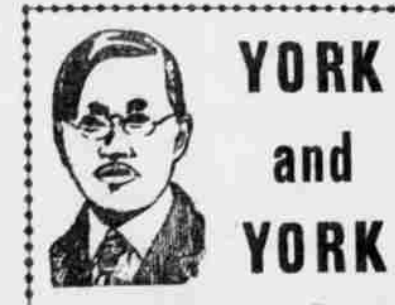

"I am a nurse and my profession brings me into many different families and it is always a pleasure for me to tell my story and recommend Cuticura Remedies. Mrs. Ebert Sheldon, R. F. D. 1, Litchfield, Conn., Oct. 23, 1909.

Thousands Have Kidney Trouble and Never Suspect it

How To Find Out.

Fill a bottle or common glass with you water and let it stand twenty-four hours; a brick dust sediment, orsetling stringy or milky appearance after indicates an unhealthy condition of the kidneys; too frequent desire to pass it or pain in the back are also symptoms that tell you the kidneys and bladder are out of order and need attention.

What To Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy, fulfills almost every wish in correcting rheumatism, pain in the back, kidney liver, bladder and every part of the urinary passage. Corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine of beer, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root is soon realized. It stands the highest because of its remarkable health restoring properties. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes.

HANFORD IS GREAT IN "THE AMERICAN LORD"

"The American Lord," a four-act comedy by George H. Broadhurst and Charles T. Dacey, is the offering for Tuesday, March 15, at the Oregon theater.

In brief the story of "The American Lord" is that of John Breuster, a North Dakotan who is about to be nominated for congress when he learns that through the death of Lord Breuster he has become heir to the title and estates of the fine old English house. He gives up his ideas of going to Washington, and although having little liking for some of the ways of the English crosses the ocean to claim his own. With his hereditary feud with the house of Wycherly and his good-natured attempts to introduce his American methods of doing things, Breuster finds himself fully occupied. Imagine his feelings, when he discovers that his daughter and the son of Lord Wycherly are in love, and that his son has lost his heart to an English girl! Breuster makes it "three of a kind" by falling in love with an attractive Irish widow, Mrs. Westbrook, and the story ends most happily.

"The American Lord" is one of the brightest, most wholesome of the stage offerings in recent years, and the excellent company will give it the rendition it deserves. The part of John Breuster is in the hands of Mr. Charles B. Hanford, one of the strongest actors on the American stage, and in it he is said to have found one of the most sympathetic roles of his artistic career. The Irish widow of the piece is Miss Marie Dronah, a charming and accomplished actress who has been Mr. Hanford's leading woman and accomplished parts for several years. The supporting company has been carefully chosen, and includes a number of players who have successfully appeared with Mr. Hanford in the past. The production will be both elaborate and complete.

\$100 Reward, \$1000.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh of the Bladder. This is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for literature.
