SHEEP WINTERED WELL IN MORROW

ALL INDICATIONS ARE FOR PROSPEROUS YEAR

Decrease in Number of Sheep Kept Through Winter Accounts for Good Condition of Bands—Lambing Season Is at Hand—Grain Coming Up Nicely.

(Special Correspondence.) Heppner, Ore., March 10.—March was ushered in with a succession of warm, sunshiny days and has left Morrow county little to ask for in the line of fine spring weather. The hills with their new grass growing nicely, give promise of some good pasture, and the sheep have been turned out to rustle for themselves. This is a great solace to the shepherds, for, on account of the length and severity of the winter the cost of wintering the sheep this year has been from twenty to twenty-five per cent more than during the ordinary year. Owing to the unusual length of time the sheep men were compelled to feed, the supply of hay and grain in the local markets was totally exhausted. However, sufficient grain was shipped in to supply the demand for feed, and it is estimated that the losses sustained by the shepherds in this county despite the unusual conditions, were very little, if any, more than normal.

Fortunately there were less sheep in Morrow county this year than ordinarily. On account of the late rains last fall, twenty thousand lambs were sold in this county, to be shipped to winter pasture in Montana. This fact in a measure accounts for the better care taken of the remaining sheep. According to good authority, the sheep are in as good condition this year as usual at this time of the year, and there seems to have been no damage done to the wool.

Lambing season is near at hand now, and it is estimated that the increase in lambs will be about normal.

There are practically no cattle in Morrow county this year, and those few who did run cattle were prepared to care well for them, consequently the loss sustained by them was only the usual winter loss.

The grain is beginning to come up nicely and if the favorable conditions we now have continue, Morrow county bids fair to have a prosperous year.

BILL IS DRAFTED FOR E. O. S. N. S.

SUB-COMMITTEE HAS AGREED UPON INITIATIVE MEASURE

One Twenty-Fifth of Mill on Dollar Asked for Annual Maintenance of Eastern Oregon School—School to Be Managed by Board of Regents.

As a sub-committee from the normal school executive committee, Col. J. H. Raley, Judge J. A. Fee and C. W. Steen have drafted a bill asking for support for the eastern Oregon normal school under the initiative. The bill is now in the hands of the executive committee and it is understood will be adopted as it stands. In detail the bill as drafted is as follows: A bill to propose by initiative petition a law to provide for the permanent support and maintenance of the Eastern Oregon State Normal School at Weston, Umatilla County, Oregon. Be It Enacted by the People of the State of Oregon:

Section 1. For the support and maintenance of the Eastern Oregon State Normal School at Weston, Umatilla County, Oregon; for the payment of salaries of its teachers and employees; to keep the buildings, grounds and other property thereof in repair; for the purchase of additional land for the campus thereof, or other wise if necessary; for the purchase of library books, laboratory supplies and apparatus and for the payment of necessary incidental expenses, there is hereby levied annually a tax of one twenty-fifth of a mill on a dollar upon all the taxable property within the state of Oregon. Such tax shall be levied and collected annually as other taxes are levied and collected, and the fund arising therefrom shall be paid into the state treasury and kept separate and apart from other funds, and shall be known as the "Eastern Oregon State Normal School Fund," and shall be paid out only on warrants drawn by the secretary of state on the state treasurer against said fund, and under the direction of the board of regents and their successors in office. If any portion of said fund shall not be used during any fiscal year, the balance remaining shall be carried over until the next year and added to the fund for that year, and the secretary of state is authorized and directed to audit and allow all claims payable out of such fund.

Section 2. The Eastern Oregon State Normal School at Weston, Umatilla County, Oregon, shall be controlled, managed and maintained by a board of regents and their successors in office, appointed by and with the authority conferred upon them pursuant to Chapter 189 of the General Laws of Oregon, filed in the office of the secretary of state on February 25, 1901.

LANDMARK IN POLITICS PASSES INTO HISTORY

Salem, Ore.—When the carpenter's hammer and saw began the remodeling of the Hotel Wilamette this week there passed out of existence one of the oldest landmarks in the history of the city and one of the most interesting hostleries in the northwest.

Owing its birth to business jealousy and rivalry, it never during the course of its career paid its owners a dividend, and but few of its tenants ever reaped financial benefit from its operation. But it enjoyed the distinction for several years of being one of the finest hotels in the northwest, and within its walls much of the political history of the state of Oregon has been made—political fortunes won and lost.

Ever since the hotel was constructed it has served as the political headquarters for the members of the legislature during the legislative session, and it has been the scene of many political storms and battles.

The hotel is now to be completely remodeled by its owner, the Capital Investment company, which will spend \$75,000 in doing so.
