TO IMPROVE OLD CEMETERY TRACT

LADIES OF CIVIC CLUB TAKE INITIATIVE

Money and Trees Now Wanted for Improvement of Unightly Burial Ground—City Cannot Secure Title to Property at This Time.

At last the old north side cemetery is to be improved. The ladies of the civic club have taken hold of the task of improving the old tract and improved it is going to be.

In behalf of the ladies' civic club it is now announced that contributions for the improvement fund will be received by Mrs. J. F. Robinson. Money with which to carry on the work is desired and also contributions of trees and shrubs for the adornment of the tract are asked for. Those having trees or shrubs they can give for this purpose are requested to notify Mrs. Robinson.

As to just how far they will be able to go towards improving the old cemetery the ladies are not yet sure. Owing to the refusal of one of the trustees to assent to such an arrangement it is impossible at this time to have the property deeded to the city and so made available for park purposes. However the trustees are willing to allow the old tract cleaned up and improved.

Accordingly the ladies of the civic club have undertaken the task. They will make all the betterments and improvements possible with the fund they can secure.

As the ladies desire to get the old cemetery improved during the coming spring those who are interested in the movement are asked to volunteer their support at once.

ALLEGES CITY'S AFFAIRS ARE MISCONDUCTED

Vancouver, B. C., Mar. 18.—Mayor Morley created a sensation at a special meeting of the city council last night by declaring the affairs of the city are improperly conducted. "Our methods are unbusinesslike and its apparent we don't deal with important matters in a sensible fashion," he said. He held further that no improvements are to be expected until the system of municipal government is altered. The mayor and committee of councilmen today are conferring with Premier McBride as to advisability of appointing a royal commission to investigate the city affairs.

DIRECTOR NEWELL WILL TAKE WITNESS STAND

Washington, March 18.—The "prosecution" in the Ballinger-Pinchot case prepared today to place Director Newell of the reclamation service on the stand. Owing to the failure of every member of house to appear, the hearing was continued until tomorrow.

NEAR BEER IS RULED TO BE INTOXICANT

Olympia, Wash., Mar. 18.—The Attorney General has just ruled that "near beer" and "two per cent" are intoxicating liquors and are prohibited from sale in the territory which has voted "dry" and any person attempting to sell the same or any common carrier delivering the same is guilty under the law.

BILL TO ALLOW FOREIGNERS TO OWN JAP- LAND PASSES

Tokio, March 18.—The land ownership bill, permitting foreigners to own lands in Japan, was passed today by the house of representatives.

White Plague Conference.

Albany, N. Y., March 18.—"No Uncared for Tuberculosis Patients in 1915" is the slogan sounded by the delegates here today to open the congress of the New York State charities Aid association. Four sessions will be held today and tomorrow, closing with a public mass meeting which will be addressed by President Taft and Governor Hughes. The presence of the chief executive of the country will give the anti-tuberculosis campaign a national bearing.

Observe "Block Day."

Richmond, Va., March 18.—"Block day," a variation of "tag day," will be observed by the charitable women of Richmond tonight. Envelopes to contain contributions have been distributed in all the homes of the city and the collection will be made this evening, with a collector assigned to each block. The proceeds will be used for the benefit of the Belle Bryan Day Nursery and Free Kindergarten.

MANAGERS HAD FIRST LUNCHEON

building of our theater and if the present theater is not adequate or can not be made such that we should endeavor to induce capital to build a new theater. That in addition to this kind of entertainment we should arrange for a large auditorium where conventions and public gatherings can be held and that it should be the duty and business of practically every set of delegates or representatives to our state meetings to endeavor to secure at some future time the various state meetings at this place offering as an inducement our suitable meeting place together with hotel accommodations and the hospitality of our community.

More Irrigation. From a financial standpoint there are many things that we need. This county, teeming with natural resources, should endeavor to produce more, especially in the way of fruit, vegetables and meat, and we should encourage as far as possible intensified farming in and around the city, so far as both the east and west ends of the county are concerned this matter is well under way and it is only a question of time until it will reach the stage of perfection but it is certainly up to the citizens of Pendleton to list all the irrigable land at least within ten or twelve miles of the city that can be located along the Umatilla river, Wildhorse, Tutuilla, McKay and Birch creek and endeavor to get the real estate men to list this property for sale and put it in such condition that within a short period of time it will be brought to a very high state of cultivation and that Pendleton will reap the benefit therefrom. In addition to that there can probably be found some irrigative projects near the city that will very materially increase the population and business of the city.

That it is up to the roads committee to endeavor to put the public highways within a radius of ten miles in as nearly a perfect condition as possible and at the same time they should endeavor to see that the streets of the city of Pendleton are kept commensurate with the finances.

That a great portion of our present population is of a class of people who have moved off their farms and ranches to the city of Pendleton for the purpose of availing themselves of our public schools. This is a matter we must look well to and endeavor to keep the schools up to the most proficient and at the same time encourage our academic schools. We have in this city a nucleus for a junior college and if this institution can have some substantial aid we will have the only education institution of any consequence outside the public schools in eastern Oregon.

I am inclined to think that a very important part of our work will devolve upon the "county Committee" and "city interests committee" especially when it comes to the question of taxation and the proper use of the public money. Few people object to paying taxes so long as they derive some benefit therefrom. But just so long as they are paying an actual salary list without any benefit in the way of betterment then they are wholly dissatisfied, and right they should be. We must at once prepare for the location of some of the public institutions at or near Pendleton.

And last but not least when a stranger comes to town from another portion of the county or state even though he be not a stranger give him the glad hand and ask him to return and give him assistance and courtesies while here. A smile will cost you nothing, the handshake makes you friends, and good words make you money.

Recapitulation.

1. Publish to the world our resources and provide for money for this purpose.
2. Make Pendleton the social and financial center of the county.
3. Give all the aid possible to our transportation lines and expect reciprocity from them.
4. Give our own citizens and those who come in our midst some kind of entertainment.
5. Bid for conventions and state meetings.
6. Encourage irrigation and intensified farming near Pendleton.
7. Put our highways that lead into Pendleton in good condition.
8. Keep our schools above the average and encourage the Junior College.
9. Look well to your taxes.
10. Prepare for the Eastern Oregon insane asylum.
11. Give the outside man the glad hand.
12. And everybody boost.
