MANY ABLE ADDRESSES MARK PROGRESSION OF CONVENTION

MORE TEACHERS ARRIVE

Second Day of Inland Empire Teachers' Association Climax of Occasion.

Wall Walla Delegates Swell Attendance by Nearly 200—Great Interest Manifest at Every Session—Dr. Bryan Lectures on "Education of the Disposition" in Able Manner—Dr. Sanford Bell Delivers Interesting Address—Excursion to Agency Tomorrow—Dance Tonight.

With the arrival of between 150 and 200 teachers from Walla Walla, this morning, the attendance at the twelfth annual convention of the Inland Empire Teachers' Association, reached high water mark.

The general sessions as well as those of the different sections have each been marked with much interest, the only regret being expressed that those in attendance cannot be in two or three places at the same time.

Dr. Bryan's Address. A large crowd listened to the lecture of Dr. Bryan last evening on the education of the disposition.

He said: "In the background of all our work lie our feelings and these determine our disposition. The worst effect of outside evil is the evil disposition it develops within us. We can do something to help ourselves away from injurious feelings by the method of destruction, especially by play and by work. But more fundamental methods are necessary, based upon faith, magnanimity, courage and above all upon charity. Charity is the physician attitude toward moral delinquency."

Another exceedingly interesting address was delivered this morning by Dr. Bryan upon the "Teaching of English." He said, "It is very hard to teach literature for the reason that it is difficult to find a graded series of tasks that introduce to the inner spirit of literature itself. Committing to memory of masterpieces is one such task. The interpretation of literature by oral recitation is another. These are not sufficient but should be more employed than at present."

Literature The Greatest Art. Dr. Sanford Bell, editor of the Rocky Mountain Educator of Denver, was another one of the principal speakers of the morning and his eloquent address upon the "Literary Inheritance of the Race," was listened to with the closest attention by the crowd which packed the big church to overflowing. He said there were seven arts in the world and after naming them, he declared the greatest of these, to his mind, was literature.

The musical numbers of the morning were a piano solo by Miss Lora Perry, a cello solo by Prof. Frank D. Carruth, both of this city and a vocal solo by J. E. Keefe, Jr., of Weston. An extra general session was held the first thing this afternoon to enable President Bryan to deliver his final address of the convention and he was preceded on the program by Mr. Moore of the American Book company who rendered a vocal solo and then responded to a double encore. Dr. Bryan took as his subject the "Psychology of Belief," upon which he is now speaking.

MOTOR CAR AT ONCE FOR UMATILLA-PENDLETON RUN

That a motor car service is to be established at once between Umatilla and Pendleton is announced by J. H. O'Neill, traveling passenger agent for the O. R. & N. company. It is the intention of the company, according to Mr. O'Neill, to place a car in operation within a few days. The exact date for starting the service has not yet been set, but it will probably commence Monday. The car for use on the run is now en route from Kansas City.

superintendent of public instruction in Idaho, who spoke on the educational tendencies in her state.

Excursion to Agency. The program for tomorrow afternoon will be cut short in order to enable the 400 or 500 who have signified their intention of accepting the invitation of the Commercial association to go on the excursion to the Umatilla Indian agency as the guests of the club. All arrangements for this train have now been completed and it will leave the local O. R. & N. depot at 2:30.

Meeting at Athens. A big educational meeting is to be held at Athens this evening. At the invitation of the Commercial association of that town, Dr. Edward O. Sisson of the University of Washington and State Superintendent J. H. Ackerman will go to that town this evening to deliver addresses.

The following is the program for this evening and tomorrow morning: Thursday evening, March 24th, eight o'clock.

- 1. "Moments Musical" ... Schubert
Mr. Odessa D. Sterling, Faculty Whitman Conservatory of Music.
2. a. "King Danton's Daughters"
Mrs. H. H. Beach

(Continued on page 8.)

MEAT PACKERS MAY LOOK THROUGH BARS

MAY GET JAIL SENTENCES FOR CONTEMPT OF COURT

Sentencing of President Mitchell of A. F. L. May Be Used As Precedent—Violated Injunction Issued by Judge Grosscup.

Washington, March 24.—The sentencing of President Mitchell of the American Federation of Labor, to jail for contempt of court, may be used as a precedent by the government in its action against the members of the alleged meat trust. The big packers, named individually in a bill that seeks the dissolution of the National Packing company, may be cited for contempt for violating an injunction issued by Federal Judge Grosscup, prohibiting them from operating in combination. The government alleges this injunction has been violated.

"WETS" HAVE THE UPPER HAND IN WINDY CITY

Chicago, Mar. 23.—The "wets" here today predict there will be little chance of Chicago balloting on local option on April fifth, following the election of the board of commissioners yesterday, which was adverse to the "drys." Recently the wets came before the board with the allegation that thirty-five thousand names on the petitions of the "drys" to have local option placed on the ballots, were not those of registered voters and the board ruled with the wets. Local optionists are considering bringing a suit to compel putting the issue on the ballot.

To Investigate Lobbying. Washington, March 24.—The house judiciary committee today recommended the house begin an investigation of the reported activities of the alleged lobby in favor of ship subsidy.

Cyclone Johnny Gets Decision. San Francisco, March 24.—"Cyclone" Thompson got a decision over Charlie Norvall in ten rounds of fast fighting here last night. Thompson was the aggressor as usual, and had Norvall all but out.

FEAR IS FELT FOR T. R.'S LIFE

British Government Details Many Police to Protect Col. Roosevelt.

TEDDY'S SPEECH AROUSED THE NATIONALIST PARTY

Address at Khartoum in Which He Advocated Natives to Co-operate With British Government Aroused Resentment of Nationalists—Police Guards Him Ex-President in—Roosevelt Laughs at Danger—Newspapers Fear Sentiment.

Cairo, Mar. 24.—That the British government actually fears for the safety of Roosevelt because Cairo is the hot bed of Egyptian nationalists, was shown today by the throngs of police detailed to guard the former president. From the time the Roosevelt party left the train, which arrived at eight o'clock, until the khedive's carriage conveyed them to the hotel, the police guards held back the crowds and the carriage was surrounded by a police escort. Roosevelt laughed at the idea of danger, but the authorities refused to dismiss the escort.

Many Americans and Europeans greeted the Roosevelts at the hotel. Roosevelt's speeches at Khartoum and Assouf, pleading for native co-operation with the British government, it is feared by British authorities here, have roused the resentment of the nationalists.

The nationalists are charged with the recent assassination of Premier Boutros Pasha, and officials feared a demonstration and possibly actual danger for Roosevelt's safety.

A big crowd was on hand and cheered the colonel. Newspapers here today are filled with open letters and editorials advising Roosevelt not to repeat his advice here that he gave to the Sudanese. The seriousness of the situation can be read between the lines. The nationalists have been in a ferment since Roosevelt's speech at Khartoum.

T. H. Meads Old Friend. T. H. Meads, responding to a cablegram met Roosevelt here. Strauss who is ambassador at Constantinople came for the purpose of a conference with the former president. He was a member of the Roosevelt cabinet, and a very close personal friend. Roosevelt hurried through his round of calls and received many visitors. He paid his respects to the khedive and received the khedive's official representative in return.

Gasoline Explosion Injures Crew. Seattle, March 24.—Six men of the crew of the gasoline halibut schooner Silver Wave, are in the hospital here today, dangerously burned as the result of a gasoline explosion on the boat which tied up at the wharf last night. The supply of gasoline was taken on board during the afternoon. A quantity leaked out on the deck and when the cook threw a lighted match out of the galley door after lighting the fire, the explosion followed.

Carload of Wine Seized. Fort Smith, Ark., March 23.—The United States marshal today seized a carload of wine on a sidetrack. The action was authorized by a federal court inel, charging violation of the pure food law. The label alleges the wine was made in California and misbranded with foreign names. It was shipped here by a San Francisco firm.

Gasoline Schooner Founders. Vancouver, B. C., March 23.—The 62 ton gasoline schooner Arthur B. bound from Tacoma for Nanaimo, B. C., with a cargo of gasoline, foundered off the Fraser river lights last night during a storm and Captain McCranhan and a crew of five men perished. The Arthur B. was built at Port Townsend in 1897 and was owned in Tacoma.

Gunboat to Santo Domingo. Washington, March 23.—The navy department this afternoon ordered the gunboat Paducah, now at Havana, to proceed to Santo Domingo. The situation there is politically disturbed and it is deemed wise to have an American war ship convenient in case trouble becomes more acute.

Johnson Out of Prison. New York, March 24.—Judge Mulqueen today accepted the new bond of five thousand dollars furnished by Jack Johnson and set his case for hearing as soon as Norman Pinder, the complainant, can be found. The negro was given a scoring by the judge for not controlling his temper.

\$19,000,000 Taxes of S. P. R. R. Frankfort, March 24.—The state board of assessment and valuation has fixed the franchise assessment of the Southern Pacific railroad at \$19,000,000, an increase of four millions.

NEILL POURS OIL ON WATERS

Big Strike of Firemen Averted by Efforts of Federal Labor Commissioner.

RESULT IS VIRTUALLY VICTORY FOR FIREMEN

Both Enginemen and Railroads Sign Agreement After All Night Conference Which Settles Dispute For the Present—Believed Firemen Gain Most of Their Demands—Wage Increase to be Arbitrated—Seniority System to be Adopted.

Chicago, Ill., Mar. 24.—An agreement providing for the settlement of all disputes between the Brotherhood of Firemen and western railroads was signed today after an all night conference. The signing of the agreement averts for the present all danger of a general strike of enginemen. It is believed the men gain the greater part of their demands.

It is understood the firemen's demands for an increase of wages of twelve and half per cent will be arbitrated under the Erdman act. A system of seniority for promotion of firemen will be established within sixty days, according to persons supposedly familiar with the terms of compromise. This is practically a victory for the employees.

Labor Commissioner Neill left today for Washington. He is given credit on all sides for bringing the factions together.

EDWARD'S PLANS FOR ALLIANCE CAUSE TROUBLE

London March 24.—Rumors that King Edward is trying much against the prospective bride's will, to force a marriage between King Manuel of Portugal and Princess Patricia of Connaught, are stirring up a great deal of ill-feeling against his majesty which promises to become exceedingly serious if the royal plan is actually carried into effect. Edward is known to have wished for a long time to see an English queen on the Portuguese throne, because he thinks his own influence in Manuel's country would then become paramount.

EVANGELIST IS ROTTEN EGGED FOR DENOUNCING THE WOMEN

Porterville, Calif., March 24.—A riot which lasted nearly all night, started in a church here last evening when Leroy Clark, an evangelist, declared the morals of the women of the town were lax. During the progress of the rioting, Clark was chased through the streets by his hotel by a crowd and rotten egged. Later he was invited to leave town. If he attempts to speak again lynching is not improbable.

WILL PLANT DOUGLAS FIR ON LARGE BURNED AREA

Port Angeles, Wash., March 24.—Seven hundred acres of burned over lands will be planted in Douglas fir by the forestry service this spring. This will be the first attempt at reforestation on a large scale ever attempted in the Olympic reserve. The big fire occurred three years ago and burned over an area of ten thousand acres, killing the forest completely.

FORD AUTOMOBILE CO. DENIES PURCHASE BY J. P. MORGAN

Detroit, March 24.—Officials of the Ford automobile company today denied the rumor that the Ford company had been purchased by the Morgan interests, which are reported to be forming an automobile trust. The truth of the rumor would mean one of the largest plants in the world had consigned with the Studebaker E. M. F. and United States Motor companies.

Roosevelt in Cairo. Luxor, March 24.—Colonel Roosevelt made his last public appearance here yesterday afternoon when he addressed the teachers and pupils of the American Presbyterian girls' school. He praised England's rule of the country and complimented the church men for its civilizing work. The colonel spent the morning hours in his apartments, writing, and left for Cairo at 7 o'clock last evening.

Fairbanks at Home. Indianapolis, March 24.—Former Vice President Fairbanks and wife returned to Indianapolis today after a tour of the world and were given a rousing welcome by the people of their home city.

49 Victims of Wreck. Marshalltown, Ia., March 23.—The death of A. H. Nagle of Waterloo, Iowa, and Charles Davis, of Minneapolis, today brought the total of dead in the Rock Island wreck to 49.

REPUBLICANS NAME MEMBERS OF NEW RULES COMMITTEE

PLAN TO JOIN FARMERS' UNION WITH OTHER LABOR

Washington, D. C., March 24.—Plans are progressing favorably today toward the formation of a New National labor party through the alliance of the American Federation of Labor with the Farmers' Union. When the Farmers' Union meets in convention at St. Louis in May, Samuel Gompers will address the convention in connection with the proposed alliance. The farmers have a membership of four million and the federation three millions. It is proposed to join all labor organizations into one political party, similar to that in England.

JERE LILLIS IS GONE NOBODY KNOWS WHERE

Kansas City, March 24.—There is considerable speculation here today as to where Jere Lillis, the bank president who was attacked by Jack Cuddey in the latter's home three weeks ago, has gone to spend his indefinite vacation. Lillis left yesterday, but his destination was kept a secret. It is understood he may go abroad. He will not resign from the presidency of his bank.

TWO MORE DRAW SENTENCES TO PEN

SPELLING AND GOULD WILL GO OVER THE ROAD

Last Two Jail Breakers Must Serve Out Their Sentences in Salem Institution—Indicted for Burglary.

Harry Spelling, alias Harry Ray and Cleveland Gould were this morning sentenced to terms in the Oregon state penitentiary by Circuit Judge H. J. Bean. The former drew a two-year sentence while the latter's term behind the bars will be determined solely by his conduct since he was given an "indeterminate sentence."

These are the last two jail breakers captured by Sheriff Taylor in their beds at the Smith sheep camp on Bear creek last Sunday morning. They were indicted on a charge of burglary for rifling an Indian camp of valuable Indian blankets and everything else they could find of value.

The case against Wilbur Bailey charged with forgery and that against Leo Lent, charged with larceny from a store, were postponed until Tuesday morning, when they will enter pleas and will probably be sentenced.

MOUNT AETNA THROWS OUT FIRE AND LAVA

Naples, March 24.—Mount Aetna is again in eruption. The flow of lava has increased to an alarming extent. The towns of Rinazzi, Borello, Bellipasse and Sanleo are threatened with destruction. Fresh craters have opened since the volcano became active Tuesday. The inhabitants of the towns are fleeing for safety. The damage is already immense, but no deaths are reported.

FRANK KLAUS BESTS KETCHEL IN SIX ROUNDS

San Francisco, Cal., March 24.—Following the showing of Frank Klaus, who had the better of a six round fight last night against Stanley Ketchel at Pittsburg, Promoter Coffroth today is planning for a meeting between Klaus and Billie Papke for May 14. Klaus is said to be a "comer."

Fifteen Perish in Wreck.

Hamburg, Mar. 24.—Fifteen men perished today when the Norwegian steamer Dixi, bound for Cuxhaven, All were members of the crew.

NO INSURGENTS ON IT

Without Any Bitterness Manifested Caucus is Held and Ballot Taken.

As Result of Cannon Fight Majority Party Names Members Who Will Constitute Six of New Rules Committee—All Are of "Regular" Stamp—Two Ballots Taken—Gardner Receives Most Votes of Any Insurgent—Nominees Are Ratified.

Washington, March 24.—The regulars and insurgents today officially ratified the nominees of the republican caucus for the rules committee, but each side is prepared to throw bricks if the "other side" makes any hostile move. The insurgents declare they made no effort to get places on the committee because they wanted harmony and feared any move on their part would mean a fight. The regulars declare they are seeking harmony and believe the republican party will get together and stay together.

Only Friendly Rivalry.

With only the friendliest rivalry, the republican caucus last night selected the six members of the rules committee apportioned to the republican majority of the house. The following, all members of the regular wing of the party, were chosen:

- Walter I. Smith, Iowa, 168 votes.
John Dalzell, Pennsylvania, 146 votes.
George P. Lawrence, Massachusetts, 126 votes.
Sylvester C. Smith, California, 136 votes.
J. Sloan Fassett, New York, 113 votes.
Henry S. Boutelle, Illinois, 198 votes.

Two ballots were taken, the four first named receiving a majority of the votes cast on the first ballot and the two last named being chosen on the second ballot. The six members represent a slate prepared by Representative Tawney of Minnesota after numerous conferences with both regulars and insurgents.

Gardner Receives 33 Votes.

The vote taken in the caucus last night was taken by written ballot. Nineteen men were placed in nomination and a large number of others received complimentary votes. Representative Gardner of Massachusetts received 33 votes, the highest number cast for any insurgent.

The incident that threatened to produce excitement was when Representative Tawney offered a resolution proposing the list of six men as named.

Immediately there was objection from an insurgent from Iowa to the restricted nominations and an informal nominating ballot was proposed. Mr. Tawney demurred and Representative McCall of Massachusetts told him that in New England "when a slate was brought into a convention" it was generally considered not a democratic way of doing things. He believed there should be an open ballot.

Representative Payne of New York, the majority leader, settled the controversy by declaring, amid applause, in favor of an informal ballot. Mr. Tawney withdrew his resolution and slate, which, nevertheless, proved successful on the ballots that followed.

Tonight the democrats will hold their caucus to select a minority of the members of the committee. It is believed they will not meddle in the republican fight.

DOES PENDLETON WANT BAND CONCERTS THIS SUMMER?

Does Pendleton want to maintain a permanent concert band and to provide for the holding of weekly concerts throughout the coming summer season? If so now is the time for local people to make their sentiments upon this subject known.

At a meeting of local bandmen held last evening in the office of Judge Joe H. Parkes preliminary action towards the reorganization and rejuvenation of the band was taken. About 15 musicians were present and much interest is being manifested in the move.

and leader, is slated for the directorship of the band in the event it is decided to give a series of concerts. Mr. Barks is from Spokane but has been in the Hermiston country more or less during the past few years. He has frequently played with the local orchestras and so his ability has become well known to local bandmen. In order to sound sentiment upon the subject of a band the matter is soon to be presented before the Commercial association. The bandmen desire to get prompt action in the matter as their proposed leader has other offers in view provided a band is not formed here.
