

SCOVILLE SPEAKS OF THE JUDGMENT

EVANGELIST CLOSSES HIS
REVIVAL SERVICES TONIGHT

Large Audiences Attend Meetings—
Number of Converts Will Reach 100
—Many Out of Town Visitors Present—
Efforts Have Been Most Successful.

(Contributed.)

A large audience attended the services at the Christian church last night and all were deeply interested. Several were baptized, and during this service, Dr. Scoville taught concerning baptism. Mrs. Scoville's solo, so impressively sung, undoubtedly made a deep impression on many of her hearers. The singing by the chorus each evening is excellent, and Mr. Guthrie, leader, never fails to persuade the audience to join in the singing. He is so enthusiastic that everyone catches the enthusiasm, and the result is that everyone sings as if he really meant it.

Sermon on Judgment.

The sermon last night was based on the different texts in the Bible concerning the judgment, some of the main points being: "God has appointed the day, the judgment will be impartial," the judgment will be certain because "we must all give an account for the deeds done in the body," "the judgment will be exact," and the judgment will be universal." The doctor gave many Bible references to prove his statements, and his illustrations were all to the point. He has remarkable ability for making his sermon clear, and none can fail to understand him. At the close of the sermon another invitation was extended and several more people came down the aisles and made the stand for Christ. The total number has now reached seventy-one, and it is almost certain that the number will reach 100 before the meetings close.

Many from Out of Town.

There were many visitors from the neighboring cities and towns last night, as well as every evening during the meetings. Last night, Rev. Smith, from Walla Walla, was present with a delegation. Rev. Warrington of Pilot Rock, was present, and also Rev. Callison from Helix. Rev. Ryder, pastor of the Baptist church at Athena, was also present. These men all joined in the services with a hearty co-operation, all determined to win souls to Christ. This is especially noticeable when one takes into consideration the fact that many of these people are members of other churches, but refuse to let the denominational lines keep them from working together.

The meetings will close tonight, and the doctor with his helpers will go on their way to Tacoma, where they will hold a meeting of several weeks' duration. They have been with the people here less than a week and have been the source of much good in this city.

Meetings Successful.

This has been the most successful meeting ever held in Pendleton, and many people will remember this band of Christian workers until death. It is to be regretted that they cannot stay longer, for this city needs them and their influence. It is hoped that the building will be full of people this evening, and the greatest meeting of the series expected, and almost certain. No one should miss the last opportunity to hear this man of God in his last sermon in this city. All are kindly invited and will receive a hearty welcome.

BASEBALL PROSPECTS FOR UNIVERSITY VERY BRIGHT

University of Oregon, Eugene, Ore.—With Coach Kelly's advent and the large number of candidates out, baseball prospects were never better. From 45 to 50 men are turning out every day and competition for places is keen. Though there is much promising new material, the lineup will probably be not far different from last year's.

Captain Clark, however, will be shifted to the outfield. The old infielders, Jamison, Newland, McIntosh, McKenzie and Doble are all back and are all showing up well. Barbour, Shattuck, Dunlap, Allen and Jett are the more promising of the new infield candidates.

Outfield candidates are numerous. Captain Clark will probably play center. The pitchers, Henkle and Van Marter, may be played in the gardens. Of the other men Oliver, Huston, the sprinter, Stevens, Chandler, Doble, Lucky and Stastney, are all showing class.

The pitching staff is troubling Kelley as there is a dearth of righthanders who have had experience. "South-paw" Hinkle has pitched two years with the varsity and is sure of a berth. Van Marter and Rhinehart were with the squad last year and may make the staff. Tom Word, last year's change catcher, has had considerable preparator experience as a twirler, as he threw for Portland high.

Of the new men, Cozens, Shiffer and White are showing up best.

Cari Gabrielson, last year's regular catcher, is back and throwing in fine form. Brosius of Hood River and Toomey of Portland are also after the backstop position.

Over 20 dark blue squad suits have been issued to the men who showed their worth. "Varsity stripes" will not be issued till the league season starts next week.

Curtis Coleman, last year's shortstop, has been back helping in the coaching preparatory to rejoining the Tacoma northwest bunch April 1.

But so far nobody has denied that Mr. Ballinger said he did not want certain people prosecuted or accused until he had collected their campaign contributions in 1908. The reasonable inference from this fact has a sinister appearance.
