

AT 74 OWES FINE HEAD OF HAIR TO CUTICURA

Itching, Scaling Scalp Humor was Making It All Fall Out—Two Doctors Could Not Stop the Trouble—Niece Advised Using Cuticura.

CURED HER SCALP AND MADE HAIR GROW AGAIN

"My mother used to have a very bad humor on her head which the doctors called an eczema, and for it I had two different doctors. Her head was very sore and her hair nearly all fell out in spite of what they both did. One day her niece came in to see her and they were speaking of how her hair was falling out and the doctors did it no good. She says, 'Aunt, why don't you try Cuticura soap and Cuticura Ointment?' Mother did and they helped her, so she soon began bathing with the Cuticura Soap and anointing with the Cuticura Ointment, and in six months' time the itching, burning and scaling of her head was over and her hair began growing. To-day she feels very much in debt to Cuticura Soap and Ointment for the fine head of hair she has for an old lady seventy-four years old."

"In regard to my own case, mine was an eczema something like hers. It was in my feet. As soon as the cold weather came my feet itched and burn and then they would crack open and bleed. Then I thought I would flee to my mother's friends, Cuticura Soap and Cuticura Ointment. I did for four or five winters and now my feet are as smooth as any one's. Ellsworth Durham, Hiram, Me., Sept. 30, 1909."

What Barnum Said of Cuticura.

P. T. Barnum, the famous circus man, once wrote: "I have had the Cuticura Remedies among the contents of my medicine chest with my shows for the last three seasons, and I can cheerfully certify that they were very effective in every case which called for their use."

LOSES ON STEERS BY CONTRACTING AHEAD

SHANIKO MAN COULD HAVE SECURED ADVANCE

Big Bunch of Steers Comes From Interior and is Delivered at \$6.50—Offering \$6.90 According to Trade.

Portland Union Stockyards, Stockdale, Mar. 25.—Had not Henry Cram or Shaniko some time ago contracted to sell a certain company a certain number of steers at \$6.50 per hundred this would have been a very lucky Friday for that individual—in fact a Good Friday.

Today Henry Cram brought forward 14 loads of steers from Shaniko to fill his contract and it is the general opinion of the trade that these animals would have brought the shipper within a fraction of the \$7 mark in the open market today were they not sold prior to arrival.

This is the second bunch of cattle that has recently entered the yards and for which the shippers would have realized more money had they not sold in advance and this is causing considerable comment among the trade—comment that is decidedly adverse to the present system of contract for by this means the shipper usually gets the worst of the bargain.

Six loads of cattle from Montana sold at \$6.65. While the exact weights could not be secured this morning the buyer stated that the average was between 1050 and 1100 pounds. Considering the quality, this was among the best sales in the yards recently.

There were no arrivals of hogs or sheep in the yards today, but demand in both these lines continues good at former prices.

Among the Shippers.

Phirman & Harris had a shipment of six loads of cattle from Manilla, Mont., on today's market.

Henry Cram brought in 14 loads of cattle for S. & S.

Today's run of livestock compares with this day in recent years as follows:

	Hogs	Cattle	Sheep

NEW AERONETTE DANCE.

Measure That Imitates Movements of An Aeroplane Captures Paris.

Paris.—This city is enthusiastic over its new dance. It is called the "aeronette," and the idea is to imitate the aeroplane in a succession of graceful movements and beautiful steps that suggest the swaying and dipping of the aeroplane in midair.

The music as well as the dance, indicates the whole procedure of the aeroplane taking a trip. After a few introductory bars, the music changes to a slow, dreamy waltz, which suggests the starting of the machine. The time moves faster and faster until it finally stops. Following this, the music changes to a tangorous Viennese waltz, which afterward breaks into a gallop, which is meant to represent the highest point of ascent.

After a crash at the climax, the music gradually becomes slower, until the dancers have danced toward their seats.

Navy Needs \$200,000,000.
London.—An important article in the forthcoming British navy estimate appears in the current number of Engineering, in which it is stated that the proposed total expenditure will be in the region of \$200,000,000. "This \$200,000,000," continues the article, "is the largest sum that has ever been asked for by the admiralty in the ordinary estimates for any one year and marks an advance of \$75,000,000 on the total of ten years ago. It is easy to prove that we have been forced into this increase by the growth of the expenditures of other governments."

Good health is impossible when there is any derangement of the digestive organs. Foley's Orino Laxative is a natural remedy for stomach liver and bowel troubles. It aids digestion, stimulates the liver, and cures habitual constipation.

Goethe Ms. Uncarried.
Berlin.—An important literary discovery has been made at Zurich. Goethe's lost version of "Wilhelm Meister," in manuscript, has been unearthed from among some old forgotten papers. It is supposed to have belonged to Barbara Schultheis, one of Goethe's friends to whom he was in the habit of sending manuscripts. The manuscript, which is in 600 sheets, differs materially from the published version. Although it is not in Goethe's own hand, the genuineness of the Ms. has been recognized by high German authorities. Hitherto its identity had been hidden by the absence of both date and title.
