

CATTLE ARE FIRMER IN PORTLAND YARDS

ALL LINES ARE STRONG WITH PRICES MAINTAINED

Good Stuff Finds Welcome from Buyers—No Arrivals in Yards Yesterday—Run of California Cattle Will Start in 30 Days.

Portland Union Stockyards, Stockdale, March 30.—Up to the noon hour there were no arrivals of livestock in the yards. Trading during the past 24 hours was of heavy volume, as forecast in this report yesterday.

All lines are showing firmness and recent sales of cattle give promise of higher values for selected lots, if they arrive within a short time.

Advices from the south are to the effect that the run of California grass cattle will start in this direction within 30 days. So far as can be learned, the quality of first arrivals will be rather poor. This, therefore, gives promise of good prices to come for real good quality of local-fed cattle.

Today's run of livestock compares with this day in recent years as follows:

Hogs, Cattle, Sheep.		
1910
1909	102 52 132
1908	125 80
1907	85 45
1906	74
1905	380

A year ago today there was a firm tone in all lines of livestock values:

Cattle—Best steers, \$6.75; good steers, \$6.50@6.60; fancy, \$2.50@4.50; stags, \$2.50@3.

Hogs—Best east of the mountains, \$11.10@11.15; fancy, \$11@11.10; stockers and feeders, \$9.50.

Calves—Best, \$7; ordinary, \$6.

Insult to Count Zeppelin. Berlin.—A Stuttgart watchmaker named Lange has been sentenced to five months' imprisonment for insulting Count Zeppelin. Lange, who is sixty-five and in his spare time busies himself with inventions, declares that he invented the rigid system claimed by the count. He wrote to this effect to the famous aeronaut, promising that they should co-operate. On the count disregarding the letter Lange wrote again, calling him the greatest humbug of the century.

Colonist O.R.&N. Colonist Rates

To OREGON and the Great Northwest

The management of the Oregon Railroad & Navigation Co. (Oregon Lines) takes great pleasure in announcing that the low rates from eastern cities, which have done so much in past seasons to stimulate travel to and settlement in Oregon, will prevail again this spring DAILY from March 1 to April 15, inclusive.

People of Oregon

The railroads have done their part; now it's up to you. The colonist rate is the greatest of all homebuilders. Do all you can to let eastern people know about it, and encourage them to come here, where land is cheap and homebuilding easy and attractive.

FARES CAN BE PREPAID at home if desired. Any agent of the O. R. & N. Co. is authorized to receive the required deposit and telegraph ticket to any point in the east.

REMEMBER THE RATES—From Chicago \$33, from St. Louis \$32, from Omaha and Kansas City \$25. This reduction is proportionate from all other cities.

THE WHEAT MARKET

SENTIMENT SHOWS CHANGE OF BASE IN WHEAT TRADING

Deferred Options Advance, But Present Crop Is Highest in Chicago—Liverpool Traders Are Muddled.

St. Louis, Mo., March 30.—Wheat has showed wonderful improvement in the past week. While the stand is thin, prospects are improving daily. Taking such eastern counties as Montgomery and Warren, the increase in acreage is very marked. Some may be plowed up but this is not sufficient to offset the increased area. St. Charles and St. Louis counties will show up this year—close to 150,000 acres—some of it in splendid condition and is covering ground already.

Chicago, March 30.—Wheat trade was inclined to take a more gloomy view of the crop situation although rains were reported in the districts where most needed. Closing was 1-2 to 3-8c a bushel higher than yesterday.

Trade showed an inclination to buy wheat at the opening of the market and the May was sent to 114 1-8 or 3-8c a bushel higher than the previous closing. While present crop delivery was given the best showing at the start of today's market, good gains were shown in the new crop months; July advancing to 108 1-8, an advance of 1-2c while the September moved 1-4c higher to 105 1-8.

It seemed to be the opinion of the trade that the damage to the coming crop had been practically discounted by the recent sharp advances in the September and July and this is the reason why today's bullishness originated in the present crop.

Foreign markets were of mixed disposition. At Liverpool the trade scarcely knew which way to move as witness the opening range of 1-8d to 1-4d advance for May and July respectively. At the closing, sentiment was quite the reverse for while May was 1-2c higher than yesterday, July closed 1-8d lower.

Paris wheat trading was an advance of 5 to 10 centimes, while flour was 5 to 25 a barrel higher than yesterday.

Cash Wheat—No. 2 red, \$1.16 1-2 @ 1.20; No. 3 red, \$1.14 @ 1.18; No. 2 hard winter, \$1.14 1-8 @ 1.15; No. 3 hard winter, \$1.08 @ 1.14 1-2.

COMING TO FIGHT THE WRIGHT AIR MONOPOLY

Paris.—Captain T. T. Lovelace, one-time admiral of the smallest navy in the world, has invented a monoplane with which he will make a series of flights during the forthcoming aviation meets in England and the south of France.

Lovelace is an American with a remarkably sensational career. He went through half a dozen revolutions in South America and was twice sentenced to be shot under the Castro regime in Venezuela.

While the New York newspapers were printing details of his tragic end, Lovelace escaped and placed himself at the head of the Panama navy, consisting of one cruiser. Later he took up aeronautics and worked with

Wright during the latter's flights in Europe.

Three months ago Lovelace built his first aeroplane, backed by the Humber company. Now he has a factory capable of producing a finished flying machine in a day. The Humber company have decided to send Lovelace to America with his aeroplane to bring on a test case with the Wrights over their patents. Lovelace said: "We will see just how far the Wrights can go in checking the development of a new industry. Our fight is to be to the bitter end."

TIRED OF BEING A PRINCE. IS FOUND PLAYING 'INJUN'

Berlin.—Prince Hans Heinrich of Pless, eleven years old, prefers the simple life of an Indian to that of a pampered princeling. He gave his parents and the princely household an anxious time recently when he disappeared for a day and part of a night. Search was made in every direction, but all that was learned was that the prince, accompanied by his chum, the son of an equestrian, had gone off for a long ramble.

The police set bloodhounds on the boys' track, and after midnight they came to a small tent in a wood several miles from the castle. The two boys lay inside, wrapped in rugs and fast asleep. They had been "playing Injun" in the manner of American boys.

It came out that the young prince rebelled against accompanying his parents to Paris, and took to the woods, intending to avoid the distasteful trip.

The Honest Proprietary Medicine, fills a national need in the land and it will take more than the cry of "fraud" and "fake" from the avaricious, over-reaching physician to overthrow an honest, reliable and standard preparation like Lydia E. Pinkham's Vegetable Compound, which is made from the roots and herbs of the field, and has cured more women of female ills than any other remedy we know of.
