All sales cash, no alterations and no goods exchanged.

Buy your Spring Hat NOW and save money at the

CARRIER MILLINERY

740 Main Street, Next to First National Bank

FACTS FOR FARMERS

The Family Garden.
People who have not made a study of gardening are sometimes puzzled to know how much of each kind of vegetable to plant. The following quantities will be sufficient to supply an average family, say of six persons.

Asparagus—Furrows twenty feet long and three feet apart.

Artichokes—One ounce of seed will furnish an ample supply.

Pole Beans—Two quarts planted one week apart.

Lima Beans—One quart planted one week apart.

Beets—Two ounces of seed.

Brussels Sprouts—One ounce of seed. This is one of the most delicious vegetables raised and should be in every garden.

Carrots—One ounce of seed.

Cauliflower—One ounce of seed. This is another excellent vegetable which is much neglected in the average farm garden.

Celery—One ounce of seed will produce about fifteen hundred plants.

Sweet Corn—One pint of seed for each planting. This should be planted about ten days apart.

Cucumbers—One-half ounce of seed will plant twenty-five hills.

Lettuce—One-half ounce of seed. Sow ten days apart.

Peas—Did anybody ever raise too many peas? Plant one quart at a planting about ten days apart.

Peppers—One-half ounce of seed.

Radishes—Sow one-half ounce every three weeks.

Rhubarb—One dozen roots will last a family a lifetime.

Squash—One ounce of seed will plant about twenty hills.

Turnips—One ounce of seed sown broadcast will produce a big crop. Sow thinly and no not be afraid to thin out after the plants come up.

Amateur gardeners often make the mistake of planting vegetables too close together. Plants having large foliage such as tomatoes, peas and beans should be given plenty of room in order that the sunshine may reach all parts.

Profit in Sheep.
Cold weather never effects a sheep but dampness is fatal in time. It is estimated that ten sheep can be kept where one cow can, and the risk is much less. It may be said that the sheep always carries her pocketbook with her.

If she dies, her pelt or fleece pays her funeral expenses. If she lives her wool in the spring and her lambs in the fall pay double revenue. No other stock pays as large a percentage of clear profit on the money invested.

Rest the Horse's Feet.
Every farm horse should, if possible, be allowed to go without his shoes at least two or three months every year. In fact, it is hardly necessary

to shoe a horse on the farm unless he is to go on the hard roads or work on the hard soil where he is required to do much heavy pulling. Without shoes a horse's hoof will grow out, regain its natural shape which is always more or less changed by continuous shoeing.

Many city horses with hoofs bound and cracked and otherwise injured, have been taken to a farm, their shoes pulled off and turned out to pasture and thoroughly cured within six months. In fact the farmers around the large cities used to find in this class of animal a cheap supply, many of which turned out to be first class horses, showing that all that was needed was rest on Mother Earth, without their shoes.—Fortworth Star.

Sweet oil is a safe medicine to administer to animals. It never injures, but is valuable in choking, bloating, inflammation or constipation of the stomach or bowels.

Swine Notes.
Don't select a heavy, lazy sow for a breeder. She should be mild in disposition, but possessed of sufficient energy to take exercise.

A pure bred hog will mature and come into money more quickly than a scrub and bring more money for the same weight at that.

Red clover in bloom is not good for hogs, but when young it makes a fine pasture.

Neither rape nor clover alone will do for growing, fattening hogs. They must have some grain twice a day for best results.

The Demon of the Air.
is the germ of la grippe, that, breathed in, brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition with disordered liver and kidneys. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of Stomach, liver and kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by Tallman & Co.

Slabrood.
Those who have used ours say it is the best they ever saw. We make three carloads each day at our mill. If you will contract your supply for the coming season now to be delivered by August 1, we will make you attractive prices.

In writing a letter always remember the recipient won't burn it if there is any reason why he should.

NEWS OF THE NORTHWEST

Horticulture Board's New Members.
Salem, Ore.—At a meeting of the appointing board Friday, consisting of Governor and Secretary George E. W. Benson and Treasurer George E. Steele, M. O. Lowndale of Lafayette was appointed member of the state board of horticulture from the first district and Wilbur K. Newell was appointed a member at large. Both will serve until April 1, 1914.

Brewing Interests Combine.
Walla Walla.—Combining to form a \$300,000 firm, the Betz and Stahl brewing interests Saturday filed incorporation papers. The two breweries will erect a \$150,000 building at the corner of Edith avenue and Thirteenth streets, in the wholesale district. The present sites occupied by the two breweries are in the heart of the city and are considered too valuable for manufacturing purposes. They will be sold for other enterprises, the Betz building at Third and Alder, a four story building, will probably be utilized as an office or hotel building.

To Enlarge Milton College.
Milton, Ore.—The contract has been let by the trustees of Columbia college for the erection of new buildings for the institution. The contract went to Earl Williams of this city, the lowest bidder, for \$22,581. The heating and plumbing contract will be let separate. Work will commence at once as the contract calls for the completion of the building by September 1. The financial agent, Rev. H. S. Shangle, is now in the east attending the conference of the M. E. church, south, and will probably receive help for the college.

WOMEN OBJECT TO GARB OF ATHLETES
Ann Arbor, Mich.—Keene Fitzpatrick's cross country team has come under the indignant ban of the Ann Arbor Ladies' union.

The union met and resolved that athletes going about the city clad in "bathing suits" were a "disgrace to the city" and should be suppressed. But no one suggested any method of suppression.

The subject was brought up in the discussion of a paper by Mrs. Jacob Streibert on "Our City Beautiful." She indignantly declared that if a patient should escape from the psychopathic ward of a hospital clothed in garments anywhere near as scanty as those worn by the runners, any decent minded citizen would rush to throw a cot over him and in any other city a man would be arrested.

When a woman keeps Shakespeare on the parlor table and a book mark in Ibsen she calls that "Keeping Up."

When You BUILD, Build to STAY!

Re-enforced concrete and concrete blocks are cheaper in the end; are prettier, more substantial and far more comfortable in either cold or warm weather.

Concrete stands unsurpassed for Basements, Foundations, Walls, Fences and Curbing. It looks better and lasts longer than stone.

See my many beautiful designs in concrete blocks before you build your home.

I will furnish your estimates for any class of work on application.

CURE YOUR KIDNEYS.

Do Not Endanger Life When a Pendleton Citizen Shows You the Cure.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness, headaches, lankour, why allow themselves to befoke chronic invalids, when a certain cure is offered them?

Doan's Kidney Pills is the remedy to use, because it gives to the kidneys the help they need to perform their work.

If you have any, even one, of the symptoms of kidney disease, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this Pendleton testimony:

Mrs. Arthur Hammer, 717 Aura street, Pendleton, Ore., says: "For the last five years Doan's Kidney Pills, procured at the Pendleton Drug Co., have been just as effective in eliminating backache as they were when they first came to my notice in the spring of 1903. Doan's Kidney Pills proved conclusively to me when I recommended them to my friends that they were a reliable remedy and I still vouch for their merit as I have the greatest confidence in them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

LET AN ELECTRIC MOTOR DO YOUR WORK

Steadiest, cheapest and most reliable power for small or heavy work. Less danger and easier to operate—you turn a lever and it does the work.

The Housewife's work will be lessened when Electricity and Gas come into the home

COOK WITH GAS

Make the work easier for her and save on your fuel as well. No dirt, dust and excessive heat. No fuel to handle and fires to kindle—and it costs less.

For Her sake, put gas in your home before the hot weather arrives
