#### RETIRING NEWSPAPERMAN GUEST AT BANQUET

Spokane, Wash.—Nelson W. Durham, for 20 years editor in chief of the Spokane Spokesman-Review, was the guest of honor at a farewell luncheon by 50 members of the reporter and editorial staffs of the journal in the Hall of the Roges the afternoon of April 1, when he announced his retirement from active newspaper work. His successor is George W. Dodds, assistant managing editor for the last seven months.

Charles Hart, city editor, was toastmaster at the luncheon, and Robert A. Glen, news editor, presented Mr. Durham a gold watch and monogram fob as a token of the high regard he is held in by those under his direction. Mr. Glen, who has worked with Mr. Durham a quarter of a century, spoke at length of the early days in Oregon and Spokane, and of the loyalty and friendship of his fellow workers for their departing chief.

William H. Cowles, owner and publisher, highly complimented Mr. Durham, referring to him as one of the ablest and most successful newspaper men in the northwest, and also expressed deep regret over his departure from the ranks of journalism. Other speakers were Major Edwin A. Smith, editor of the Twice-a-Week Spokesman-Review; Miss Grace Steels, Sunday editor; Howard Brownlee, city hall and political reporter; J. Newton Colver, sporting editor; Will Morris, cartoonist, and a dozen special writers and reporters.

Mr. Durham responded feelingly, saying that, while he always was sure of the friendship and loyalty of every worker on the paper, from the newest "cub" reporter up, he would ever treasure their kind words, their good wishes and the splendid mark of their esteem for him.

At the close of the program of toasts the hosts, standing at the tables, set in the form of a horseshoe, sang "Old Lang Syne."

Mr. Durham and his family will visit acquaintances at Portland the next three weeks, afterward passing the summer at his country home on Spirit Lake, Idaho, and going to Paris next fall to make an extended tour of France and other parts of Europe.

#### WHOLESALE INCENDIARISM TERRORIZES SAN DIEGO

San Diego, Cal.—Police, firemen and citizens have joined in search for the firebug who has set fire to 15 San Diego buildings, including three churches, in less than nine months.

A handsome residence belonging to Banker Fred Jewett was destroyed Thursday night by a fire of incendiary origin. In addition to these 15 fires, the firebug has turned in so many false alarms that the department has ceased to keep a record of them. Police Chief Wilson firmly believes the man is a monomaniac. Owners of all the houses fired are well known church workers. The fact that three churches were fired strengthens this theory. The man has been seen running from burning buildings but not close enough to furnish the police with a description. In many cases vacant houses have been fired, the firebug using kerosene and old rags to start the blaze. Several suspects have been taken to police headquarters and closely examined by the detectives. Citizens who own valuable houses stand in fear that they will be made victims of the firebug and several churches of the city are closely guarded at night.

#### MARION JAIL MENACE TO PUBLIC SAFETY

Salem, Ore.—Recommendations for county's court house were made by wholesale improvements to Marion county's courthouse were made by the grand jury this week. The county court was recommended to install an efficient heating plant to make provision for an additional room for the county clerk, assessor and recorder and to provide for adequate ventilation and sanitation without altering the outward appearance of the structure.

The jury found that the jail is totally inadequate for a county of the size of Marion, there being no accommodations for the care of female prisoners and no adequate provision for the care of desperate criminals; that the walls of the jail are of such a character as to make it comparatively easy for an experienced criminal to force his way through them, and that the condition of the jail generally is sufficient to contribute a serious menace to the public safety.

Henry Borgelt of Salem, who was indicted last week by the grand jury for conducting a drug store without a license, pleaded guilty and was fined \$50 yesterday by Judge William Galloway, sitting in department No. 1.

#### PLANTING PEAS FOR THE PAYETTE CANNERY

Payette, Idaho.—Large areas are being planted to peas this spring in an effort to supply the local cannery with the vegetable during the canning season. The cannery people have received a carload of seed peas, which are being distributed among the growers. Several are signing up contracts on the Oregon side to grow it vegetable for the first time.

The canning company is planning extensive improvements, and preparing for one of the busiest campaigns in the history of the institution. This is also the case with the several packing houses located here.
