"NEAR BEER" MEN HELP PAY MINISTER

ECHO'S LOCAL TALENT PUTS ON PLAY FOR PASTOR

"The District School" Assists Materially in Making Up Back Salary—"Near Beer" Parties Are Principals—Other News Notes of Echo.

(Special Correspondence.)
Echo, Ore., April 7.—"The District School," a farce in two acts, was given here last night in the I. O. O. F. hall by local talent; the hall was crowded, there being between two hundred and three hundred persons present. The receipts were over \$50. The parts of the different characters were well represented. The proceeds of the entertainment will go toward the minister's salary.

The most interesting feature of the entertainment is that it stands as a monument marking a new epoch in Echo. For hereafter it is expected the prohibition workers will be more temperate in their efforts, for had it not been for the "near beer" men and their families taking part, they would have been unable to have put the play on the stage. As it was not more than half a dozen of the entire company were church members.

MISS PANKHURST SUBJECT OF OPEN LETTER IN TATTLER'S

London.—Miss Christobel Pankhurst has risen to the dignity of being the subject of the "tattler's" open letter, "Candida," writing to the suffragette leader, says:

"Well, as we may guess, you were a smart, clever child, and even then acute and pushful. You had a home education until you were thirteen and as a small girl edited a paper called 'Home News.'"

"As you grew older your parents wisely thought that you ought to see more of the world and learn to fight the battle of life in a big boarding school. So you were first packed off to Southport and later on to Manchester high school. After a time your parents were not content with English teaching, but did the modern trick and sent their smart girl to school on the continent. In your case not Dresden or Munich, but Switzerland, which I suppose means Zurich.

"Well, your next move was to join the independent labor party. Then at about the same time you started work for the suffragette movement.

"In 1904 you aimed at becoming a modern Portia and applied to be admitted as a student at Lincoln's Inn. You were refused, upon which you spoke at the Union Society of London, the well-known legal debating society, on the question of the admission of women to the English bar, and your neat array of facts and your eloquence carried the society with you and you were bracketed at the head of the list with one man. In 1905 you gained the prize for international law at Victoria University, Owens College, Manchester. In 1906 you took LL. B. and obtained honors.

"Now we must speak of your prison adventures. You were first arrested for interrupting Sir Edward Grey's meeting in Manchester in October, 1905.

"Then you had a second term of imprisonment in February, 1907, for leading a deputation to the house of commons; in fact, you were sent to 'quod' for a fortnight."

"THE ALASKAN" WILL BE IN PENDLETON APRIL 15

Coming to Pendleton after its phenomenal five months' Chicago engagement, the revised edition of "The Alaskan," for which credit is given to Richard F. Carroll and Gus Weinburg, two exceptionally clever producing comedians, the Oregon theater will throw open its doors.

The entire book of this meritorious musical interpolations and catchy music—not forgetting half a dozen original songs—have been interpolated.

The presenting company is quite strong and includes Richard F. Carroll, who will be welcomed as the author-actor-manager; Walsingham Watt; Gus Weinburg as Professor Knicklebein, he of the celebrated "laughing powder" fame; Detmar Popen, so well and favorably known here for his good work in "The Sho Gun" and who now assumes the part of "Totem Pole Pete"; John R. Phillips, last seen here as Paul in "The Tenderfoot," who has been allotted the part of Richard Atwater; Sidney Algiers, as "Snowball," the bear; while the ladies include Jessie Stoner as Arlee Easton; Alice Keen as Mrs. Good Better; Etta Lockhart as Kuko; and an exceptionally large and comely chorus of well behaved Eskimo girls, society buds, Snowball, and Hi Hi Hi. Girls, tourists and Alaskan miners, not forgetting the genuine Alaskan dogs and coyotes. Two 70-foot baggage cars are required to properly transport this large organization around the country.

The engagement is for Friday night, April 15.

"The Belle of Japan."

That to the "Belle of Japan" must be accredited the most phenomenal success of recent years there is no denying, capacity houses greeting them everywhere and hundreds being turned away is the proud record of this production. Why is it? Many ask. That can easily be answered when one takes into consideration that the theatrical loving public wants something new, and they know they can find that in "The Belle of Japan." No old worn ideas, but everything, plot, situations, comedy, songs, dances, scenery and costumes are new. Miss Menti Everitt who heads the cast, is too well known to need any introduction, her work in the past is a safe guarantee of what can be expected of her in the future and especially in the dual role she plays in this production. We look for one of the largest houses of the season on Tuesday, April 12, when "The Belle of Japan" will be presented at the Oregon theater. Tickets will go on sale on April 11.

Nature's Gift from the Sunny South

Cottolene Is a Food Product of Absolute Purity

In recent years there has been a wave of reform in the making and inspection of food products. National and State Pure Food Laws have been passed, regulating their manufacture, to insure the customer getting pure, healthful food.

Any product which contains hog fat is subject to the taint or possibility of disease germs. Lard is made from hog-fat—it may be pure, and it may not. At any rate, it is at best indigestible, and will raise havoc with any but the hardiest stomach.

Cottolene is a vegetable product, which is far superior to lard for all shortening and frying purposes. After the cotton seed oil has been refined through purifying processes of our own, it is made neutral and odorless, and an absolutely pure and healthful fat is the result.

Cottolene is a product of nature and is bound to be wholesome. It is the one dependable, healthful product for frying and shortening, and is carefully inspected and made to conform with all pure food laws.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

APRIL WEATHER BRINGS APRIL ENJOYMENTS

Several Parties Given—Farmers all Busy and Grain Looks Fine—Sunday School Elects Officers—Other Items.

(Special Correspondence.)
Gurdane, Ore., April 7. — The weather has been very pleasant the past week.

There was an April fool party at Mr. William Corley's on April first. There was pop corn, apples, candy, cake, and then some more candy.

There was a very large crowd out. Miss Myrtle Jones and Miss Artie Corley planned the entertainment for the evening. Miss Bertha Ogle and Miss Minnie Hall were severely burnt with hot candy during the evening.

Miss Belle Ely had a birthday party April second. She served candy and a very fine supper. Many were kept away on account of the bad weather.

The Gurdane farmers are busy and the fall grain is looking fine.

Chas. Ely, D. P. Hicks and Mr. James Hall are now farming.

Floyd Hall has been suffering from a very sore thumb, but it is getting along nicely now.

Miss Emma Wachter has gone to Nye to visit her folks. She is working for Mrs. Chas. Ely.

Fred Fletcher of Nye was in the city recently looking at cattle.

J. M. Brown has his new house on his homestead almost completed, and will soon move into it.

The members of the Gurdane Sunday school have held their regular business meeting and elected the following officers: Superintendent, D. P. Hicks, assistant superintendent, Mrs. J. L. Hall, secretary, Artie Corley, assistant secretary, Ruby Ogle, treasurer, Welford Corley; librarian, Belle Ely.

"LOST MAN" WRITES FROM SWITZERLAND

Vancouver, Wash.—G. E. Keller, who disappeared from his home on the Fourth Plain road January 3, and for whom searching parties were organized and the entire countryside gone over in an effort to locate him, has written his wife from Switzerland. The letter as translated reads as follows:

"Zurichs, Aussersihl, Switzerland, March 21, 1910.—Mrs. Anna Keller—I went back to Zurich, but did not find what I wished to. I come back again. I'll tell you everything personally. I will leave Zurich tomorrow, and will sail from Bremen on March 26 on steamer Rhein. Hoping to see you soon. Regards to all. Signed, G. E. KELLER."

It is presumed that Keller heard or conceived an idea that he was wanted in Switzerland.

NEW COMPANIES FAILURES.

Surprising Facts About the Patent Medicine Business.

"The Fourth Estate" has been warning publishers about the risk in allowing credit to new medicine concerns. It is said that there have been only one or two of the thousands of new proprietary medicine houses that have made any considerable money that have started the past twenty years and only a very few more that have met with even moderate success. It is the general impression that the business is immensely profitable while the facts are that there is a larger percentage of failures than in any other line. The new concerns usually start with lots of confidence in the merit of their goods and advertising but soon exhaust their capital leaving dealers who have stocked their shelves with unsalable goods on their shelves. It is the experience of many publishers that have accepted this new business that they have been compelled to charge off their bills to profit and loss.

There are many old and reliable medicine houses that continue to do a good or increasing business from year to year but the new ones are finding it more and more difficult to become established.

FAIR EXCHANGE. A New Back for an Old One—How It Can Be Done in Pendleton.

The back aches at times with a dull, indescribable feeling, making you weary and restless; piercing pains shoot across the region of the kidneys and again the loins are so lame to stoop is agony. No use to rub or apply a plaster to the back in this condition. You can not reach the cause. Exchange the bad back for a new and stronger one. Pendleton residents would do well to profit by the following example.

Mrs. Putnam Yeck of Egin, Ore., says: "I had known of the merit of Doan's Kidney Pills long before I had occasion to use them. When suffering from an attack of lame back, accompanied by pains through my kidneys, I procured a box and began their use. If I sat long on one position the pains were always more severe and I experienced a languid, daisy feeling upon first arising in the morning.

Doan's Kidney Pills banished the backache, regulated the passage of the kidney secretions and helped me in every way. I cannot express my gratitude to Doan's Kidney Pills for the benefit they gave me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
