NEW MOTOR CAR IS READY FOR RUN

ARRIVED LAST NIGHT; MAKES INITIAL TRIP TOMORROW

Regular Service Will Be Preceded by Business Men's Excursion Trip Into West End--Schedule Will Begin Sunday.

The new Pendleton-Umatilla motor car is now here and is being put in trim for the trial trip and excursion to Umatilla and the other west end towns tomorrow. The regular schedule will be taken up Sunday. The car arrived at 10:30 last night from Portland and today workmen have been giving the car a thorough scrubbing inside and out, while machinists have been going over the machinery. The car will be in charge of E. W. Cross as brakeman and Motorman C. Carpenter.

Cross has been running as brakeman on the Pilot Rock branch for some time and during a greater part of the time has been acting as conductor. Carpenter was formerly one of the engineers on the Pendleton Portland local.

The car is of the same type as all those which have recently been brought to the northwest by the O. R. & N. It is built of steel and in appearance resembles a torpedo boat about as much as anything else. The entrances are at the middle of each side and the car is divided into two compartments. It has a seating capacity of 75 and is olive green in color.

The regular schedule for the motor was given out today by Local Agent O'Brien and goes into effect Sunday. It is as follows:

No. 14 leaves Umatilla 8:30 a. m.; Hermiston, 8:45 a. m.; Stanfield, 9 a. m.; Echo, 9:15 a. m.; Nolln, 9:25 a. m.; Yoakum 9:30 a. m.; Coe, 9:40 a. m.; Barnhart, 9:50 a. m.; Pilot Rock Junction, 10 a. m.; arrive Pendleton, 10:10 a. m.

No. 13 leaves Pendleton 4 p. m.; Pilot Rock Junction, 4:20 p. m.; Barnhart, 4:15 p. m.; Coe, 4:25 p. m.; Yoakum, 4:40 p. m.; Nolln, 4:45 p. m.; Echo 4:55 p. m.; Stanfield, 5:05 p. m.; Hermiston, 5:25 p. m.; arrive Umatilla 5:40 p. m.

"BOOSTERS" OFF FOR WEST END TOMORROW

O. R. & N. MOTOR CAR WILL BE INITIATED

Business Men Will Celebrate New Service and Boost for Publicity Fund For All Umatilla County--Launch at Hermiston.

"All aboard," Umatilla, Hermiston, Stanfield, Echo.

At 9 o'clock tomorrow morning the O. R. & N. company's motor car will be initiated into the mysteries of the Umatilla county spirit when 75 local business and professional men will board the car for the first trip to the west end of the county. All arrangements for the junket have now been made and the car will start from the O. R. & N. depot at 9 o'clock. All members of the Commercial association have been asked to go and there are indications that a sufficient number will respond to fill the car to its capacity. Though tomorrow will be Saturday and a busy day all leading business men are planning to make the trip regardless.

As arranged the car will run first to Umatilla. It will return eastward to Hermiston by noon and a luncheon will be served the party by the people of Hermiston. Stops will then be made at Stanfield and at Echo on the homebound trip.

As previously announced the trip will be primarily in celebration of the motor car service and efforts will be made to let the O. R. & N. officials know their action in ordering the car is appreciated.

The next big purpose of the trip is to boost for the move to organize a Umatilla county publicity bureau by means of taxation. Local speakers will explain the provisions of the law relating to publicity and also explain the reason for taking the subject up at this time. Copies of the petition asking for the vote will be left with parties in each of the towns visited.

\$1,000,000 WILL BE SPENT ON IRRIGATION PROJECT

Northport, Wash.—At least 30,000 acres of land lying between Rossburg and Northport, along the banks of the Upper Columbia river are to be put under irrigation.

A gigantic corporation has been formed with \$1,000,000 subscribed for the purpose of carrying out the project.

For the past few days a corps of engineers has been surveying the land lines and laying the district off into tracts to be marketed in the larger cities of the west. The sum of \$300,000 has already been expended by the corporation in securing water rights, land and townsites. A town will be laid off about 12 miles from the boundary line between the United States and British Columbia on the line of the Spokane Falls & Northern Road.

The purchases of the corporation extend over a distance of 15 miles along the Columbia river.

FOUR MILES OF PAVING TO BE DONE AT BAKER

Baker City, Ore.—Preliminary work was started Thursday for the paving of First street from Place to Center, a distance of five blocks and the work will be in full swing in a few days. W. S. Houghton, manager for the Warren Construction company, is supervising the work. As soon as First is completed, Center will be paved from the depot to Main street, a distance of 10 blocks. By that time plans will have been completed for the paving of Washington from Main to the O. R. & N., 10 blocks; Court from Resort to Fourth; Valley and Auburn from Main to Second streets; North Main from Baker to B, four blocks, and Second street from Dewey to C, making a total of 32 blocks, and a total distance of nearly four miles, when all the paving is completed.

137,000 ACRES TO BE WATERED BY OWYHEE

Ontario, Ore.—The county commissioners at Vale Monday established the boundaries of the Owyhee irrigation district and set the date for the election of directors and ratification of the boundary lines. This district includes all the land from the Malheur river, which is the north line, south to the Owyhee river and west from Snake river to the High Line canal, 30 miles in length, north and south and from four to six miles in width from Snake river to the canal line, comprising, with the Kingman colony district formed last week, 137,000 acres. This, with the Gem irrigation district in Idaho, already organized, comprising 50,000 acres, will make nearly 187,000 acres to be irrigated by the High Line canals from the Owyhee river.

TWENTY BULLETS RIDDLE ESCAPING PRISONER

San Francisco, Cal., April 8.—G. F. Collins, a military prisoner serving two years for desertion, was shot and killed by guards while attempting to escape at the transport docks today. A squad of prisoners were being transferred from the Alcatraz when Collins made a break for liberty. He was hit by twenty bullets.

New Air Record Made.

Mourmelon, France, April 8.—With one passenger, Aviator Daniel Kinet sailed 102 miles in two hours and twenty minutes in a Farman biplane today, establishing a new record. The previous record was held by Orville Wright.

Glass Workers Walk Out.

San Francisco, April 7.—As the result of a conflict over the closed shop principle, about 125 glass workers in this city have walked out. The Building Trades Council has been asked to induce their course.

TIDE FLOWS TO CANADA.

Unprecedented Immigration Follows Offer of Free Homesteads.

London.—Unprecedented numbers of Britons are departing for Canada. Sailings for the first three months of 1910 are likely to exceed the combined sailings of the corresponding periods in the previous two years.

Nearly all the berths on Canada-bound emigrant vessels are booked until well into the summer. The activity in the Canadian immigration office in London is increasing. It publishes today a striking advertisement representing Canada as a huge funnel out of which grain is poured into Great Britain.

"Canada," it says, "offers you 160 fat and fertile acres for nothing. It is a land of glorious sunshine and opportunity. Wheat costs 30 shillings (\$7.20) an acre and sells for 60 shillings (14.40). Two years' rent of an English farm will purchase a freehold of improved land of equal area in Canada, where field crops brought to farmers in 1909 \$120,000,000 (\$600,000,000.)"

GERMAN ADOPTS INDIAN.

Long Beach Resident Adds Yaqui to "International" Family.

Los Angeles, Cal.—Dr. M. S. Schutz, of Long Beach, has taken steps to acquire another member for his "international" family by making application in the Probate Court for permission to adopt Ramond Palamoris, a Yaqui Indian boy, 18 months old.

Dr. Schutz is a Russian and has two children of his own. Besides he has adopted a Korean and a mulatto, and is casting about for infants of other races to add to his family. He believes that racial differences can be largely eradicated by providing a proper environment for the children.

The Yaqui boy adopted today, is a son of an insurgent chief of Sonora, his mother having been captured by Mexican soldiers. She was given into slavery and came to Los Angeles during a visit of the family in which she is a servant.

A candidate for mayor of Milwaukee gave out cakes of soap to voters. The others issued only verbal soft soap.

STOLEN MARCH OF ESTES ALL IN VAIN

The brilliant coup d'etat pulled off yesterday by John Estes when he beat the officers to the police station and entered a plea of guilty to the charge of gambling, failed to net him very much, as subsequent developments have proved. Though he was only fined \$25 yesterday, he was rearraigned this morning on the charge of conducting a gambling game and was fined \$75.

Another forty dollars was added to the city treasury last evening as a result of the roulette raid, when John Doe appeared by attorney to enter a plea of guilty to the charge of gambling. The fine of \$40 which was assessed against him was promptly paid.

The city is also still further ahead of the game, since it is now the owner of a first class roulette outfit of the probable value of \$350.

According to Estes, the roulette wheel had only been in the basement under the Matthews barber shop a few days and he had not made nearly enough from the few games to pay his fines.

LEWISTON ALSO ATTEMPTS TO ANNUL LOCAL OPTION LAW

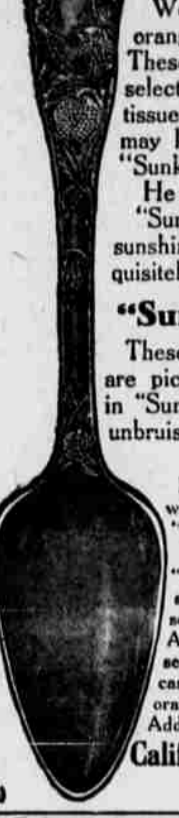

Lewiston, Idaho, April 8.—Action will be begun in the district court today to have the recent local option election, which resulted in a no-license victory, set aside. The case will come up for argument Saturday and will be carried to the supreme court, regardless of the lower court decision as both "wets" and "drys" declare they will fight to a finish.

Suit was begun by J. P. McGrane, proprietor of the Bollinger hotel bar and his complaint is the lengthiest ever filed in the county court. His contention is that the election is illegal because the ballots as well as the stubs were numbered, making it possible to determine how each person voted.

Halley's Comet is Sighted.

Lick Observatory, Cal., April 8.—Halley's comet was viewed shortly before sunrise by professors at the observatory. It was visible only a few minutes and the tail was not seen, owing to the brightness of the twilight background. The comet appeared in the position predicted.

Best of All Our Oranges and Lemons Are "Sunkist"

We pick, pack and ship over 20,000 cars of California oranges and lemons each season from our 5,000 groves. These are of varying grades. From all this vast quantity we select the finest—the superior grades—which we wrap in tissue paper bearing the famous "Sunkist" label so that you may know them as the choicest fruit. So be sure to get "Sunkist" oranges and lemons at your dealer's.

He has a fresh supply today.

"Sunkist" oranges ripen on the tree. The warm California sunshine gives a tender, sweet pulp, matured and made exquisitely juicy by Nature.

"Sunkist" Navel Oranges Are Seedless

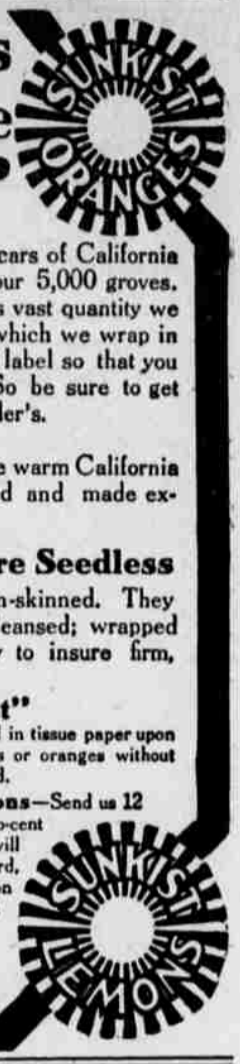

These oranges are distinct, full-flavor, thin-skinned. They are picked by gloved-hands; thoroughly cleaned; wrapped in "Sunkist" tissue paper; packed carefully to insure firm, unbruised fruit.

How to Tell "Sunkist"

Each "Sunkist" orange and lemon is wrapped in tissue paper upon which is printed the "Sunkist" label. Lemons or oranges without "Sunkist" wrappers are not "Sunkist" brand.

Free—Best Rogers' Orange Spoons—Send us 12 "Sunkist" orange or lemon wrappers and 6 two-cent stamps for postage, packing, etc., and we will send free, a Wm. Rogers & Son full standard, AA plate orange spoon. For each additional spoon send 6 two-cent stamps and 12 wrappers. You can easily have a full set. Get a dozen "Sunkist" oranges or lemons and send for your first spoon.

Uncle Sam Sells Lots.

Boise, Idaho, April 8.—A government sale of town lots was commenced today at the new town of Rupert, in the Mindoka project of southern Idaho, where Uncle Sam has made the desert blossom as the rose by the establishment of an irrigation system.

The village has a population of 500, is incorporated and is on a railroad. Cheap power is developed from a government dam and contracts for supplying some of it for lighting Rupert and for commercial and manufacturing purposes have been approved by the secretary of the interior.

Rupert already has an \$8000 public school, several fraternal societies, five churches and a woman's culture club.

Birthday of King Albert.

Brussels, April 8.—Brussels is en fête today in honor of the new Belgian monarch, King Albert, who is celebrating his thirty-fifth birthday. Although it has not been long since he took up the reins of government, on the death of his uncle, King Leopold II, the young ruler has already endeared himself to the people, and his birthday is being made the occasion of great popular rejoicing.

One Experts in Spokane.

Spokane, Wash., April 8.—Willie Hoppe, champion billiard player of the world and Ora Morningstar, holder of the title for several months begin an exhibition contest here this evening.

Iowa Baseball.

Iowa City, Iowa, April 8.—The University of Iowa begins its baseball season today with a series with the Davenport team of the Three Eye league.

DIAMONDS

THE BIRTH STONE FOR APRIL

Do You Possess One?

I have recently purchased a paper of stones from New York which were imported in the rough and cut in the United States thus saving the duty which is 10 per cent.

By purchasing the entire paper I received an additional discount and am making a feature of these particular stones in my diamond stock.

To appreciate the beautiful color and brilliancy of these gems you must see them.

During April, which is the diamond month, I will offer these stones for \$150 a carat.

"TIME HAS NOW COME TO CONSIDER T. R. SERIOUSLY"

Louisville, April 8.—"The time has come for the people of this country to consider Theodore Roosevelt as they never considered him before," said Henry Watterson today in an editorial.

"The candidacy of Roosevelt for the presidency in 1912 may be regarded as so probable that people should begin to seriously consider it."

Watterson calls Roosevelt the most startling figure in the world since Napoleon, and a man fitted by temperament, education and training to eradicate corruption.
