"THE CALL OF THE MANLESS LAND"

Reports Received Show Government Irrigation Projects Are Becoming Settled and Developed.

Washington, D. C., April 13.—Reports received by the reclamation service at Washington from the engineers on the several projects which are supplying water to the newly reclaimed desert lands, are exceedingly gratifying. On most of the northern projects, spring was ushered in early. Fruit trees planted last season came through the winter uninjured, alfalfa made a good stand last year, and livestock is looking fine. The snowfall was ample to give the ground a good wetting, so that spring planting is being done without irrigating. Everywhere the farmers are putting in their crops, or clearing new land for planting. The heavy snow on the mountains is a guarantee of an ample water supply for the coming season.

On the Shoshone project, in Wyoming, 255 families have taken up homes since the opening in 1908. Seventeen families came in last month. The new government town of Powell, opened last May, now has a dozen or more business houses, including a bank and a real live newspaper. It is rather startling to pick up this bright eight-page sheet, all home print, and read of social teas, births, marriages and other local affairs in a region which less than two years ago was only a sheep pasture, and not a good one at that. There are opportunities for 257 families to secure homes on this project at this time.

On the Huntley project, Montana, there are now 370 farm families and two thriving towns. In 1907, the Crow Indians ranged their stock over this area. The farmers here have contracted to plant 1300 acres in sugar beets this year. Two hundred farms are still waiting for homeseekers.

From the Umatilla project, Oregon, comes the report of peach trees in bloom, gardens are green and flowers are springing up about the new homes. Land which had no sale there in 1905, is selling for \$300 an acre today. Farms of ten to twenty acres each are the rule, so that practically the farmers are all living in town. The new town of Hermiston is agitated over a municipal water supply.

This project contains fifty good farms open to settlement under the reclamation law. On the Lower Yellowstone project, Montana-North Dakota, a region that was once the favorite haunt of the holdup artist, there is promise of a garden seventy miles long and a population in villages, towns and in the country of 10,000 in the next two years. The railroad now building through the valley assures this.

On the Mindoka project, Idaho, 2000 farmers are at work getting their lands ready for crops. In the four growing towns the modern brick and stone buildings are going up rapidly. Contracts for electric power from the government dam are being made for light, heat and power. They are even talking about trolley lines to bring the farms and towns together. In the not distant future every farm on this project may be lighted and heated by electricity.

The first unit of the Yuma project, Arizona-California, was opened on March 1, and there were ten applicants for each of the farms.

Over all the west the tone of the people is cheerful, hopeful and optimistic. Opportunity land beckons the landless man and he is coming. The awakening of the desert is at hand. Under cloudless skies its fertile soil is responding to the touch of water from the irrigating ditch, and generous harvests are the promised reward of the industry of the husbandmen.

Quick climatic changes try strong constitutions and cause, among other evils, nasal catarrh, a troublesome and offensive disease. Sneezing and snuffing, coughing and difficult breathing, and the drip, drip of the foul discharge into the throat—all are ended by Ely's Cream Balm. This honest remedy contains no cocaine, mercury, nor other harmful ingredient. The worst cases yield to treatment. All druggists, 50c, or mailed by Ely Bros., 56 Warren Street, New York.

For Cemetery Improvement.
All parties who wish to have concrete walls built around the graves of their dear friends or relatives, before decoration day, will find me doing this work at the cemetery now or may phone Red 2627. Information given free. FRANK DUPRAT.

The Call of the Blood
For purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them: 15c at Tallman & Co.

Dist. No. 270—Muriel A. Wallings, Portland, Holdman precinct, Juniper precinct and Van Syce precinct.

Dist. No. 271—Chas. Betts, Athena, North Athena precinct, and South Athena precinct.

GIVES ROYAL AUTOGRAPHS.

Museum Presented With Window Glass Scratched by King and Queen. Copenhagen.—King Haakon of Norway has presented to the Copenhagen Museum a pane of glass bearing a collection of imperial and royal autographs.

The pane was taken from the Danish royal train and the series of autographs were started by the Czar Alexander III, who scratched his name on the window with his diamond ring. His example was followed by the present Czar, the late King Christian, King Edward, Queen Alexandra, King Haakon, King George of Greece and Queen Victoria of Spain.

The present Czar's signature is "Nicky," his pet name among the royal family of Denmark, to which, as is well known, a great number of English kings and queens belong.

There are people who can't be happy without predicting a killing frost yet.

BOYLEN SECRETARY OF SHEEP COMMISSION

PILOT ROCK MAN IS ELECTED TO POSITION

Herbert Boylen, Who Succeeds Dan Smythe as Member of Board, Also Succeeds Him as Secretary—Lytte Says Sheep of State Are in Fine Condition.

Herbert Boylen of Pilot Rock, is to be the new secretary of the state board of sheep commissioners, having been elected to that position at the reorganization of the board in Portland Monday. The headquarters of the board will continue to be in Pendleton.

Boylen was recently appointed a member of the board to succeed Dan P. Smythe, whose term of office had recently expired and the reorganization of the board was thereby made necessary. Boylen was chosen to fill the office held by the man whose place he took on the board while Charles Cleveland of Gresham was made president of the board.

A. L. McIntosh of Paulina, the other member of the board, was present as was also State Sheep Inspector Lytte. The latter officer is an appointee of the board and holds over for another year.

"There was little business for the Sheep Commission to transact," said State Sheep Inspector Lytte. "Sheepmen are so busy and so prosperous that they haven't time to look for trouble. The two and a half million sheep owned in Oregon came through the winter and the lambing season in splendid shape, the losses being but very little more than normal. In the southern part of the state a few bands which were without feed, except the browse of the range, may have had a 10 per cent loss.

"With the quarantine removed east of the Cascades and scabbies eradicated, with the exception of two bands, wool selling at 20 cents a pound on an average and the market price of mutton keeping pace with the advance along other lines of food products, the sheep owners of this state look for a great year in 1910. The only scab left in the state is found in a flock of 2000 located in Harney county and another of similar size in Malheur county.

"Colorado pen feeders will call for a large number of lambs this fall and it is probable that they will be required to pay from \$3 to \$4 per head.

TOWER SOON TO BE READY.

Restoration of the Campanile is Nearly Completed.

Rome.—The reconstruction of the old Campanile of St. Mark in Venice, which collapsed in 1902 after having stood for 1014 years, is nearing completion.

Every care is being taken to reproduce the old Campanile as faithfully as possible, both in structure and color. The main shaft of brick was finished four months ago. In the building of the stonework as much of the material of the original Campanile as remained available has been used. Thus the two figures of justice, three verd antique columns, and the world-famous lions of St. Mark will be restored to the new Campanile. Of the five bells of St. Mark only the largest survived the fall. The others, however, have been refounded.

State of Ohio, City of Toledo, Lucas County, ss.

Frank J. Cheney makes oath that he is the senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

Wife—Did you post that letter I gave you? Hubby—Yes, dear; I carried it in my hand so I couldn't forget it, and I dropped it in the first box. I remember, because—Wife—There, dear, don't say any more. I didn't give you any letter to post.

A Knocker
is a man who can't see good in any person or thing. It's habit caused by a disordered liver. If you find that you are beginning to see things through blue spectacles, treat your liver to a good cleansing out process with Ballard's Herbine. A sure cure for constipation, dyspepsia, indigestion, sick headache, biliousness, all liver, stomach and bowel troubles. A. C. Koeppen & Bros.

Better. Healthier Women

are known to exist in this country by thousands because freed from pain and suffering by Lydia E. Pinkham's Vegetable Compound.

Could such a record be made without actual and superior merit? Read what this woman says, and realize that the results secured in her case could not have been made except by a very good medicine.

Lawrence, Kans. — "I was a great sufferer from a weakness, irregular periods, headaches, backaches and other female troubles, which caused a weak and broken-down condition of the system. My side was so sore I could not lie on it. I saw in my daily paper that Lydia E. Pinkham's Vegetable Compound was good for all female troubles and had done so much for other suffering women, so I felt sure it would help me, and it has helped me wonderfully. I got relief from the first bottle. My aches and pains all left me and as I continued taking the Compound I grew stronger. Within three months I was a perfectly well woman, and I want this letter made public to show what benefits women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. Julia A. Snow, Route No. 8, Lawrence, Kans.

Science in surgery and electricity has advanced much in the past 30 years, but the treatment of disease by the old fashioned roots and herbs method has never been improved upon. The fact that this leader of them all—Lydia E. Pinkham's Vegetable Compound—is to-day the largest seller of any similar medicine in the world, is proof positive of its value and superiority, for with all our enterprise and advertising we could not keep fooling the people for 30 years. Merit and merit alone is what has made Lydia E. Pinkham's Vegetable Compound the standard medicine for treating diseases peculiar to women.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice—it is free and always helpful.

DEEP BREATHING TABOOED.

Famous Lecturer Says That It Hinders Rather Than Helps.

Boston.—Dr. E. C. Martin, lecturing at Harvard medical school Saturday evening in a lecture on "How to Breathe," disposed of the commonly accepted idea that to breathe deeply means a better and more complete supply of oxygen to the body.

"There is absolutely no reason," said Dr. Martin, "why healthy persons should breathe deeply. Shallow breathing supplies all the oxygen that the blood cells are able to carry to the tissues of the body.

Furthermore, there is a distinct drawback to breathing deeply, for the more one ventilates the lungs the greater is the elimination of the carbon dioxide, the elimination of which removes the stimulation from the brain center which helps the moral control of respiration."

JEWELLED PARASOLS RAGE.

Latest Fad in Britain Promises to Prove Expensive to Heads of Families.

London.—Jeweled parasols will be the rage this summer, but only those of the well-to-do class will be able to purchase the best variety.

A set of detachable jeweled parasols and leashes in leather cases so constructed that they may be screwed into any parasol stick. These screw handles are fitted with emeralds, rubies, topaz and diamonds and pearls and are much in demand by Americans. One such handle may cost from \$50 to \$500.

Jeweled walking sticks for men are the fashion too. Recently \$1000 was paid for a single stick which had a remarkable jeweled head.

1-4 of a Pound a Week

at least, is what a young baby ought to gain in weight. Does yours? If not there's something wrong with its digestion. Give it McGee's Baby Elixir and it will begin gaining at once. Cures stomach and bowel troubles, aids digestion, stops fretfulness, good for teething babies. Price 25c and 50c. A. C. Koeppen & Bros.

Liquid Foot Ease.

feet. Happiness for every one at 25c. Relieves tired, aching and sweaty a bottle. First Class Drug Stores.

A Good Way to Use Hyomei.

Besides breathing through the inhaler a few times a day, many catarrh sufferers write that they find inhaling Hyomei from a bowl of steaming water each night before retiring a great aid in curing stubborn cases.

Try it; it's very simple; gives quick relief and makes you breathe easier. Fill a bowl half full of boiling water; pour into the water a half teaspoonful of Hyomei, cover head and bowl with a towel and breathe through nose and mouth the medicated antiseptic and healing vapor that arises.

This method relieves that stuffiness at once and makes your head feel clear.

You can get a bottle of Hyomei at druggists everywhere or at Tallman & Co. for only 50 cents. Ask for extra bottle Hyomei Inhaler.

But bear in mind if you want a Hyomei inhaler you must buy a complete outfit which only costs \$1.

But as stated before, if you already own an inhaler a bottle of Hyomei costs but 50 cents.

Hyomei is guaranteed by druggists everywhere and by Tallman & Co. to cure catarrh, sore throat, coughs, colds, rose fever, asthma and croup or money back. Try it on that generous basis.
