What Is Kling's Game?
Kansas City, April 13.—Johnny Kling, reinstated catcher of the Chicago Cubs, has reconsidered his determination to enter baseball, but will use the advertising he got out of his reinstatement to boost his team here, is the growing belief among local fans. Kling says he expects the team to clear at least \$5000 for him this season. He has done nothing toward

complying with the conditions imposed by the national commission for his reinstatement. Although he expressed pleasure at the reinstatement and declared he intended to join the Cubs, he has not yet made any arrangements preparatory to leaving here.

EPWORTH LEAGUE MEETS.

Resignation of Miss Mayme Batterson Accepted—Musical Romance Given.

A most enjoyable social gathering was held in connection with the Epworth League business meeting at the home of Mr. and Mrs. J. P. Owen last evening. A musical romance conducted by the hostess was very enjoyable and greatly appreciated by all.

The sad feature in connection with the business session was having to accept the resignation of the president, Miss Mayme Batterson, who has been a faithful and devoted worker, and through her management of the affairs of the league, has brought it up to a high standard of efficiency.

Miss Batterson has accepted a position in the public library at Seattle, Wash. It is with deep regret we part with her, though we congratulate her on her promotion.

Mrs. A. J. Owen was elected to fill out Miss Batterson's unexpired term. The report of Miss Fannie Wylie showed that during the past month the Mercy and Help department had made 28 calls, given four potted plants, four bouquets to the sick—ten meals to the poor and sent \$9 worth of soap and towels to the hospital at Spokane.

Under the leadership of Miss Audrey Hunter, the social department has raised about \$75 during the month, of which amount \$67 was applied on their pledge to the church.

The attendance has been large at the devotional meeting and new members have been added to the league at every business meeting since Miss Batterson became president.

BAKER PLANS BIG PUBLICITY CAMPAIGN

Baker City, Ore.—The county court of Baker county has announced its intention of contributing \$100 monthly for publicity purposes and this amount will be turned over to the Baker Commercial club and used by it in advertising the resources of Baker county and city. The commercial club has a membership of nearly 400 and each member pays \$1 a month, so that nearly \$500 will be available for publicity purposes.

F. P. Robinson and other officers of the club are now looking around for a first class publicity man to handle the advertising campaign for Baker. There are thousands of acres of government land in the county that can be homesteaded, and the Commercial club will secure a list of all this land for the benefit of homeseekers. There is much land that can be bought at \$40 and \$50 per acre on easy terms and the club will aid newcomers in securing such land. The various ir-

AID FOR FAITHFUL WIVES.

British Parliament to Consider Bill Giving "Good" Spouse Share of Estate.

London.—One of the objects of eight bills affecting the position of women in Great Britain which Sir Charles McLaren has introduced in the house of commons is to secure for wives a share in the property of their husbands.

The proposals state that a wife who devotes her whole time to house-keeping and the care of the children shall have a claim on her husband during his life, and on his estate after his death, for a sum calculated on a scale not exceeding the wages of a housekeeper in her station, of life,

provided she has not received any other personal allowance.

A wife shall also be a creditor for the amount of her husband's estate in case of his bankruptcy.

In the case of dissolution of the marriage or separation, it is laid down that a wife shall be entitled to payment for past services on this scale should payment not have been made during the marriage. Where the wife is a wage-earner she shall not be legally liable for the support of her husband or of his children unless her earnings or the income of her property exceed the minimum necessary for her support.

Among other proposals contained in the bills are the following: Wives who work jointly in the same business as their husbands shall be regarded as partners. Fathers and mothers shall be joint

guardians of their children.

All universities or institutes deriving money from the state shall be open to women.

Votes for women and heavier punishment for brutal husbands are features.

Mad Mullah Is Raging.

Aden, Arabia.—The ferocious campaign of the Mad Mullah against the sultanes under British protection continues unchecked. Eight hundred of the tribesmen friendly to the sultanes have been slaughtered, vast areas laid waste and towns razed. It is believed here that this will lead to another expedition against the "Mad Mullah," who has caused the British government much anxiety for many years.
