

SOFT WHITE HANDS

Assured by the Use of CUTICURA Soap and Ointment

These pure, sweet and gentle emollients preserve the hands, prevent redness, roughness and chapping, and impart in a single night that velvety softness and whiteness so much desired by women. For those whose occupations tend to injure the hands or who suffer from dry, fissured, itching, feverish palms and shapeless nails, with painful finger-ends, Cuticura Soap and Cuticura Ointment are wonderful.

Post-free, 32-page Cuticura Book, an Authority on the Care and Treatment of Skin and Hair.

GRASS CATTLE ARE ARRIVING IN YARDS

BUYERS NOT INCLINED TO BE SO BULLISH

Additional Supplies Come From the South—Good Stuff Scarce, But Poor is Showing Neglect—Another Decline in Sheep Expected.

Portland Union Stockyards, Stockdale, April 12.—There was quite a heavy run of cattle in the yards today but little of the stuff was offering during the morning. Nine cars of grass-fed stuff came in from Klamath Falls.

Good cattle remain extremely scarce but the market has full supply of poor quality and the latter is not moving out quite so quickly as the shippers expected.

This indicates that the market for cattle has reached close to the top and that notwithstanding the scarcity of good stuff, packers are seeking a loophole to escape from the record values.

Opening of the grass season has given them this chance and they are determined to take advantage of it.

Sheep from South.

A big bunch of sheep came in this morning. Among the consignment was \$ loads from California for Carsten Packing company of Tacoma.

Recent sales of sheep gives the impression that further decline in that line may be expected for nearby transactions. While the greatest movement recently into the yards has been from California, supplies are beginning to show up from eastern Oregon and five loads came forward this morning from Arlington.

Hog market is firm at former prices. Run for the day was moderate and consisted of 188 head.

Among the Shippers.

S. B. McCulley shipped in two loads of hogs from Gervais.

E. J. Clough sent in five loads of sheep from Arlington.

Henry Brown came in from Klamath with a load of cattle and Goodale & Cassidy had nine loads from the same place this morning.

Carsten of Tacoma had eight loads of sheep from California.

Bowman & Johnson shipped two mixed loads of cattle and calves from Baker City.

Henry Larkin shipped three loads of cattle from Cliftonwood.

Today's range of livestock values: Cattle—Best steers, \$7@7.25; good steers, \$6.50@6.50; common steers, \$5@5.25; cows, best, \$5.75; fancy, \$5.50; stags, \$2.50@3; bulls \$2.50@4.50.

Hogs—Best east of the mountains, \$11.25; fancy, \$11@11.15; stockers and feeders, \$9.50.

Sheep—Sheared, best wethers, \$6; ordinary wethers, \$5.50@5.75; spring lambs, \$9.

Calves—Best, \$7; ordinary, \$6; common, \$4@4.50.

HOW HE CURED BLOOD POISON

I didn't find out I had contracted Contagious Blood Poison until it had made considerable headway. I had heard a great deal of the value of S. S. S. as a blood medicine, in fact had a friend who had cured himself of the same disease through its use, so as soon as I discovered the nature of my trouble I began taking it. I got along splendidly from the very first and my recovery was steady. When I first began the use of S. S. S. my face was so full of sores and eruptions that I could not shave. Other parts of my body were similarly affected, but there is now not a blotch, pimple or any other sign of the disease. I was cured by S. S. S. and I know I am cured to stay cured as this was several years ago. There is nothing that equals S. S. S. for Contagious Blood Poison and I always recommend it in such cases.

WALTER WEBER.
No. 430 1/2 Fourth St., Evansville, Ind.

The acknowledged virtue of S. S. S. as a blood remedy induced Mr. Weber to commence its use when he found he had contracted Contagious Blood Poison. The good results he obtained is just another demonstration of its value as a cure for this disease.

Contagious Blood Poison is the most powerful and destructive of all blood disorders. Its virus permeates the entire circulation and this explains why any one afflicted with this malady usually finds its symptoms manifested in every portion of the body. From head to foot the insidious poison breaks forth. The hair and eyebrows come out, the mouth and throat ulcerate, skin eruptions and sores and ulcers break out on the body, the bones ache, glands in the groin swell, and frequently the nails on hands and feet are affected.

The only possible way to cure Contagious Blood Poison is to remove the cause by purifying the blood. This is just what S. S. S. does; and it is the only medicine that absolutely and thoroughly cleanses the circulation of every particle of the germs and virus of the disease. Mercury, Potash, etc., are often used by despairing sufferers in the hope that such strong treatment will kill the poison. But this cannot be done; the disease may be checked temporarily and the symptoms improved, but the old poison is slumbering in the blood, and when the treatment is left off the disease always returns.

The ability of S. S. S. to cure Contagious Blood Poison comes from its blood purifying properties. It goes into the circulation and removes every trace of the poison, makes the blood pure and healthy, and leaves no dregs of the virus to break out later on. S. S. S. is made entirely of roots, herbs and barks, each of which has a direct and specific effect in purifying the blood. S. S. S. does not contain a particle of mineral in any form to upset the stomach, affect the bowels, or inflame any of the delicate membranes of the body. It is Nature's blood purifier, potent and healthful, and so valuable as its tonic effects that when S. S. S. has rid the circulation of the Contagious Blood Poison the entire system is left in fine physical condition.

We want to help every Contagious Blood Poison sufferer to get well, and for this purpose we have prepared a special book for Home Treatment. We will mail this book with any special medical advice free.

THE SWIFT SPECIFIC CO. ATLANTA, GA.

1909 married Lady Dorothy, daughter of Lord George Grosvenor, has had a sensational affair with Phyllis Dare, the actress.

Lady Dorothy has left Dalmany, who is only 18, but prominent and energetic politicians and friends of Dalmany are bringing powerful influence to bear to hush the matter and bring about a reconciliation. As they are of the Catholic faith it is believed the efforts will succeed.

Miss Dare once figured in the troubles of Seymour Hicks and his beautiful wife, Ella Line Terris.

\$10,000,000 in Warships.

London.—Contracts for the Australian and New Zealand Dreadnaught cruisers have been given out. The new warships will each be about 570 feet long, 80 feet beam, 18,000 tons displacement, 45,000 horsepower, and will steam twenty-eight knots. Australia and New Zealand will bear the cost, which will be about \$10,000,000.

"Advice of counsel," is plead to cover many censurable acts, or refusals to act.

THE WHEAT MARKET

SHORT COVERING BIG HELP TO SEPTEMBER WHEAT

Closes With Quarter Rise, While Others Are Fraction Lower—Big People Flock to the Bear Side of Pit.

World's Wheat Prices.

Portland—Cash club, 94c and 95c; bluestem, 99c.
Chicago—May, \$1.11 3-4; July, \$1.04 1-2; September, \$1.01 3/4.
Liverpool—May, 7s 10 7/8d; July, \$1 1-4.
New York—May, \$1.10 1-2; St. Louis—May, \$1.09 1-2; St. Louis—May, \$1.09 1-2; July, \$1.03.
Minneapolis—May, \$1.10 1-2; July, \$1.11 1-4.
Winnipeg—May, \$1.04 1-8; July, \$1.05 1-2 bid.

Chicago, April 12.—While the market showed considerable activity today, wheat prices changed but little. Closing was 1-2c lower to 1-4c a bushel higher than yesterday.

Opening of wheat pit trading today gave the trade the impression that all of the big forces were lined up on the bear side. Armour was stated to be a persistent selling and this report induced some of the "tallers" to sell the May and July on their own account.

That the September is oversold quite heavily is indicated by the response made by that option to the slight short covering movement after the initial drop of a fraction. At the close of the session September showed the only gain over yesterday.

Foreign markets were mixed but generally of a bearish disposition. Opening at Liverpool was 1-4d lower and the closing 1-8d lower to 3-8d higher than yesterday. Paris showed a closing loss of 10 to 15 for wheat and 10 for flour as compared with yesterday.

The big run of hogs in the yards had a bearish effect upon provisions. Today's run was in excess of a year ago, this being the first time for a year that this could be found. Today's run, \$1,500 head; a year ago, \$7,500 head.

Cash wheat—No. 2 red, \$1.14@1.19; No. 3 red, \$1.10@1.14; No. 2 hard winter, \$1.12 1-4@1.13; No. 3 hard winter, \$1.07@1.12; No. 3 spring, \$1.07@1.12.
