SHEEP SEASON IS ALMOST AT HEIGHT

SHEARING COMMENCED,
BUYERS ARE GATHERING

Few Days Will See Eastern Oregon Wool Season in Full Swing--Some Growers in Arlington Country Have Clips Ready for Market--Sales Dates All Set.

The shearing of sheep has commenced, the buyers of wool are gathering in Pendleton from all parts of the east and from the south and a few days more will see eastern Oregon's wool season at its height. From present indications it will be one of the most important and prosperous seasons the growers of wool in this state have ever enjoyed.

Shearing has been in progress in the Arlington country for several days. Some growers have their clips ready for the market, others will finish up this week, but the great majority are just getting ready to begin shearing. The Cunningham Sheep and Land company, one of the largest sheep companies in the state, will finish up this week, while the J. E. Smith company, another large concern, is installing the machinery for their shearing plant and will be in full swing by the first of next week.

Reports from all sections where any shearing at all has been done are to the effect that the fleeces are re-

markably free from dirt this year, while the staple is fully up to the standard, being both long and firm. The condition of the market is good and with the quality of the wool as good as any ever produced in eastern Oregon it is expected that the prices will be good.

The buyers seem anxious to bid on the different clips, but so far no sales have been reported. The sheepmen are very well satisfied with the condition of the market and unless prices better than those being offered at present are forthcoming it is probable that a larger percentage of the crop will be held for sales days than was held last year. The general sentiment seems to prevail that 20 cents will be the ruling price, depending entirely on the quality.

The dates for the public sales in Idaho and Oregon have finally been agreed upon by buyers and sellers, and the revised schedule of dates as it will now stand, is as follows:

May 16--Mountain Home.
May 18--Payette and Welsler.
May 20, Midvale and Cambridge.
May 24--Pendleton.
May 25--Echo.
May 27--Pilot Rock.
May 31--Heppner.
June 3--Midvale and Cambridge.
June 4--Payette and Welsler.
June 7--Shaniko.
June 10--Pendleton.
June 11--Pilot Rock.
June 13--Vale.
June 14--Ontario.
June 15--Mountain Home.
June 17--Baker City.
June 21--Shaniko.
June 24--Heppner.
July 1--Wallowa county.
July 7--Shaniko.
July 12--Wallowa county.

INGRAM'S GROCERY

C. J. FERGUSON WILL CAPTAIN COMPANY L

CHOSEN LAST NIGHT
BY LOCAL GUARDSMEN

Campaign Now On For Recruits For
Company--Thirty New Men Needed--Encampment at American Lake This Summer.

Charles J. Ferguson, local attorney and former member of the Second Oregon Infantry, is now the captain of Company L, third regiment O. N. G. At least he will be the captain as soon as the necessary formalities can be conducted.

At a meeting of the members of the company held at the armory last night the guardsmen voted unanimously for Mr. Ferguson as captain and then they started an enthusiastic campaign for recruits for the company. At the outset of the meeting D. B. Bailey, retiring captain, took charge and he then turned the meeting over to Captain M. S. Kern, who as a staff officer, conducted the informal election of captain.

In response to a call for a speech after being made captain Mr. Ferguson spoke with much enthusiasm of the outlook for the company. He praised the guard as furnishing excellent training for young men and asked that every member of the company become busy at once securing recruits for the company. He is anxious to secure some 30 or 40 new men at once and to make company L one of the best militia companies in the state.

George Hartman, Jr., chairman of the Commercial association committee, and former first lieutenant in the Second Oregon, also made an enthusiastic talk and predicted success for the company. Captains Kern and Bailey did likewise.

Before the meeting disbanded several enlistments were taken last night and enlistment blanks were distributed among the men who promised to secure recruits for the company.

It is desired to get some 30 or more new men at once as it is now necessary to enlist men by an early date in May or else the new men cannot go to camp. The encampment this year is to be at American Lake in August.

E. L. McBroom, former manager of the Golden Rule hotel and more recently proprietor of a farm near Ritter, has returned to Pendleton from an extended visit to Portland and Wheeler county points. He still claims this city as his home.

County School Superintendent Welles has returned from a visit to the school at Stanton station.

Vanity outlives every other emotion in human character.

PEARLY'S POLAR SPEED.
Harry De Windt Tells of Distances

He Traveled Eight Years Ago.

London--Harry de Windt, the well-known explorer, has made the following statement on the subject of the doubt that has been cast in America on some of the distances traversed by Peary near the Pole:

"Eight years ago I traveled with dog sleds over 1,500 miles of Arctic ice between the Kolyma river and Bering straits. We were generally four to eight miles out to sea and encountered, as a rule, very rough ice. On one occasion I did forty-four miles in one day, and on another forty five miles, with light sleds but badly-fed dogs obtained from the Siberian coast. Of course our speed was often only ten miles a day, or even less, according to the height and dimensions of the ice hummocks, but I think it only fair to Peary that facts such as these should be known."

MAKE MONEY

By Saving It

A certain grade of diamonds that was worth \$218 per carat in September '09 has advanced to \$231, by next September it will be still higher.

By a system of saving you can soon be the proud possessor of a nice stone.

Select a stone out of my diamond stock, make deposits on it from time to time and you will be surprised to see how quickly you can have it paid for. Come in and let me show you some of these beautiful gems.
