FROM THE SPORTING WORLD

Ketchel Will Wear Amulet.

New York, April 26.—When Stanley Ketchel enters the ring with Sam Langford, Wednesday night he will wear on his wrist a band of elephant hair. The good luck charm was presented to him by Edgar Beecher Bronson, the African explorer. The native Africans consider a hair from the tail of an elephant a sure charm against harm.

NORTHWEST LEAGUE.

Vancouver 2, Spokane 1.
Spokane, April 26.—Spokane lost yesterday's game to Vancouver, 2 to 0 on errors in the last inning by Ost-dick and Weed and a decision by Fray in the fifth inning when he called a three-base hit by Keener, near the first base a foul. Gardner for the Beavers pitched a good game and held the Spokane men to three scattered hits. The Indians did excellent field work, securing two double plays on hard chances. Score: R. H. E. Vancouver 2 8 2 Spokane 1 3 2 Gardner and Lewis; Holm and Ost-dick.

Tacoma 12, Seattle 5.

Seattle, April 26.—Hard and timely hitting gave Tacoma a well-earned victory over the champions yesterday afternoon. Hall would have got off much better had not every one of Seattle's five errors counted for runs. Annis was wild in the start, but stayed off the runs. In the eighth Seat-

tle rallied, scoring five men on three hits including a home run by Hall. Seattle opens in Tacoma tomorrow. Score: R. H. E. Seattle 6 7 5 Tacoma 12 13 2 Hall and Shea; Annis and Brynes.

O. A. C. 7, Whitman 4.

Walla Walla, April 26.—In a slow, loose game that was replete with errors and mistakes, the Oregon Agricultural college baseball nine yesterday afternoon took the Missionaries into camp, the final score being 7 to 4. A good crowd came to see this game which was the third of a series between the two aggregations, and the fans were in the air all the time during the last two innings, so doubtful was it as to how the game would end.

Echo	3	4	.429
Umatilla	0	7	.000

Umatilla, April 25.—The Umatilla nine went down to defeat Sunday, the Hermiston boys winning by a score of 7 to 0. The game was a swift one and showed good form on both sides. The Umatilla boys have been up against hard luck and there is not a question of doubt but they will pick up yet. They are under a great disadvantage on account of some of the players being night shift men and consequently have little or no chance to practice. The next games will be played at Hermiston and Echo.

PLANS FRONTIERSMEN LEGION FOR AMERICA

London.—America is to have a Legion of Frontiersmen, organized on the model of the British corps. Major Vincent, of the United States Engineer Corps, announced at a Frontiersmen's concert he attended at Wandsworth, London, that he intended to raise a similar corps in America, recruited from the 50,000 men who he estimates, are qualified.

He said that a condition of enlistment in the proposed corps would be that the men should, if necessary, fight for England, but never against her. Raised on these terms, the major thought, the American Legion would be a powerful factor in the growing bands that have been broken up. Even the careers of those are expected to be brief.

Neither the police nor the carabinieri are to be thanked for this relief. What has happened is that the all-powerful Mafia and Black Hand have joined in suppressing brigandage.

"The Mafia desires no rivals" is the significant reason given for their action. A new fresco for the house of representatives, Washington, will be shown at this year's Royal academy exhibition by Edwin A. Abbey, R. A. It is a colossal painting, depicting William Penn making a treaty with the Indians and will form one of the series of historical frescoes decorating the congress building. Its size is so great that it can only just be squeezed into the Burlington House galleries here. It has been viewed by some of Mr. Abbey's American friends at a private view at his studio in Chelsea.

Another picture with a special American interest, which Mr. Abbey is showing this year, illustrates Washington's camp amid the snow at Valley Forge. This is a much smaller painting than the fresco.

Prompt relief in all cases of throat and lung trouble if you use Chamberlain's Cough Remedy. Pleasant to take, soothing and healing in effect. Sold by all dealers.

NEWS OF THE NORTHWEST

Child Drinks Oil and Dies.

Weston, Ore.—The 2-year-old daughter of Mr. and Mrs. Frank Snider of this place died Sunday evening from the effects of drinking a cup of kerosene oil.

Railroad Men at Work.

Marshfield.—F. P. Kidder and several others who are interested in the project to build an electric line from Eugene to the Siuslaw river and on down to Coos Bay have been in Marshfield talking of their plans and conferring with local people.

Salem Newsboy Vanishes.

Salem, Ore.—Leonard Scriber, an orphan newsboy, has disappeared, and all efforts to locate him have been without avail. Young Scriber is about 17 years old and had often been heard to express a desire to see the world. It is supposed he started on his bicycle for pastures new.

New Block for Albany.

Albany, Ore.—It was announced by W. F. Pfeiffer Friday that he will erect a double, two-story brick building on his lot in Second street opposite the site recently purchased by the United States government for the new federal building. This is the third new building announced within the last 30 days to be erected near the federal property.

Deal Involves \$115,000.

Hood River, Ore.—Auditors and engineers of the Hood River light & Power Co., of Portland, which has an option on the water system and the light plant of the Hood River Electric Light company, have completed their work here and will make a report tomorrow to the Portland company in which the First National bank of Hood River is interested. The trans-

fer of the water system and light plant to the Portland company is expected to be made in the near future. The consideration will be \$115,000.

Open River Agent Begins Flight.

Salem, Ore.—Judge H. H. Hewitt of Albany, who was engaged by the Open River convention to conduct the arbitrary rate case before the Interstate commerce commission, is in Salem gathering material and enlisting the aid of the state commission in his efforts.

The Southern Pacific has refused to restore the arbitrary 10c rate at the request of the railroad commission and the matter will be taken up with the Interstate commission for the differential complained of applies wholly to transcontinental and other interstate shipments.

Big Wool Clip at Vale.

Vale, Ore.—Between 3,500,000 and 4,000,000 pounds of No. 1 wool is to be shipped from Vale this season, shearing started this week at the Oxman ranch near Dell and at the Hargis plant near Westfall.

The woolgrowers are jubilant over the prospects for a big wool clip. On account of the hard winter the sheep were fed corn and went on the range in excellent condition and the wool is said to be of the best.

The Hargis plant is scheduled to clip the wool from 124,000 sheep this season, while at the Oxman ranch 3000 sheep are being sheared daily.

Death Ends Debauch.

Lewiston, Idaho.—J. H. Berry, a Grangeville prospector, died in the city jail here Saturday of heart failure, following a protracted debauch. Berry was found unconscious in his room in the De France hotel that morning and was taken to the police station because he was thought to be drunk. Examination there revealed that he was ill and a physician was summoned, but death ensued before medical aid arrived. Berry was a member of Grangeville Aerie, Order of Eagles, and his remains were taken in charge by the local lodge. Considerable money, besides checks and notes, were found in his pockets.

MORE AIRSHIPS WANTED.

Wright Company's German Factory Cannot Supply the Demand.

Berlin.—The German Wright Flying Machine company announces that the aeroplane business has become so brisk during the last few weeks that their factory at Reinickendorf, a Berlin suburb, is no longer able to cope with the demand. The plant's capacity of five machines a month is so fully taxed by German orders alone that it has been found necessary to fill foreign orders from branch works especially erected for the purpose at one of the big Hamburg ship-building yards.

The German Wright machine costs \$5500, exclusive of flying lessons to the purchaser, which cost an extra \$300. The company maintains a flying school at Johannisthal Field, a few miles outside Berlin.

A number of young military officers are taking regular instruction in consequence of the official hint that the Kaiser ants more flying men in his army.

GENEE TO WED JUNE 11.

Will Not Regret Leaving Stage; Has Domestic Tastes.

London.—It is now announced that the marriage of Adeline Genie is to take place on Saturday, June 11th. In August she sails for America to make her last appearance here, and her farewell to the stage will be made here in the summer of next year, for her husband to be, Frank Isitt, who is one of the directors of the Holborn Empire, wishes her to leave the profession as soon as the contracts she has already made have been fulfilled.

Curiously enough, Mlle. Genie does not feel any regret at the prospect of leaving the stage, though she admits that it will seem very strange at first not to dance every night as she has been accustomed to do ever since she was a tiny child.

In private life she is extremely simple and charming and almost severely Puritan in all her ideas. She is an exquisite needlewoman and spends all her spare time doing the most wonderful embroideries of all sorts.
