CITY DADS TAKE NO ACTION ON PETITIONS

WILL WAIT FOR FURTHER STATISTICS BEFORE ACTING

Citizens' Petitions Calling Upon Council to Invite New Telephone Company to City Presented — Dog Catcher Is Paid—Other Business Transacted.

Though the petitions containing the names of about half the users of telephones in Pendleton and calling upon the council to offer inducements to some other company to enter the local field were presented to that body last evening, no definite action was taken. The petitions were referred to the committee which had previously been appointed to investigate the situation and which had not yet completed its investigations. The chairman stated that in conjunction with the committee from the Commercial association they had met with Local Manager Moore and District Manager Van Houte and that they had promised some more definite information and figures from the latter. Until they had a chance to see these figures they did not care to make a recommendation.

Messrs. Moore and Van Houte were present at the meeting last evening and were given a chance to make any statement they desired, but they said they were not there to talk. A bill of \$143 in favor of Harry Hart, the dog catcher, was audited and ordered paid. The report of the librarian and the treasurer of the library association were also read and referred to the proper committee. The latter report showed that \$2,248.75 had been received from the ladies of the civic federation and that the balance on hand at the present time is \$354.68.

The monthly salary list, amounting to \$798, was also read and the recorder instructed to draw warrants for the several amounts.

The recorder reported the issuance of eight building permits, all of which were for improvements to dwellings or for construction of sidewalks. The value of the improvements was more than \$2000.

The street sprinkling contracts were let in accordance with the bids presented at the last meeting with the exception that in district No. 2 the bid of George M. Anderson at \$109 per month was rejected and that of Burr Johnson at \$119 per month was accepted. No reason was given for the acceptance of the higher bid.

START REMODELING OF ECHO CHURCH

OLD BUILDING DISMANTLED, ANNEX FOUNDATION BEGUN

Service Will be Conducted in Koozts Building While Work is in Progress —Former Umatilla Resident Dies in Vancouver—Newlyweds Return.

(Special Correspondence.) Echo, Ore., April 28.—Contractor Howard Frick, with a force of men began actual work yesterday on the Methodist church. The old building looks quite dismantled with the spire removed and the bell and belfry taken away. Mr. Frick has the cement blocks for the foundation on the ground.

While the church is being remodelled the Sunday school and other services of the Methodist church will be held in the J. H. Koozts building next to the George & Miller Co.'s store, where the seats have already been taken from the church and placed. This is a well lighted building and will be found very comfortable and convenient until the completion of the church.

News reached here yesterday of the death of Melvin L. Olmstead at Vancouver, Wash., on April 25. Mr. Olmstead had made Umatilla county his home the greater part of his life. He left here in October, 1910, for Vancouver, where he remained until his death, which was due to consumption. He left a wife and one child a girl of seven years to mourn their loss, besides his mother, a brother and a host of friends.

C. M. Boreland and bride returned home yesterday from Walla Walla, where they were married on Monday evening, April 25. Mr. Boreland has made Echo his home for three years and has filled the office of City Marshal for the past year. His bride, who was Mrs. Belle Watrus, has been with us but a few months, but in that time has made many warm friends. They have the best wishes of the community. They will make their home in the Branstetter building on the corner of Dupont and Kennedy streets. The L&L Co. are having their concrete building on Main and Dupont streets, treated to a coat of cement paint, which will improve its appearance. The work is being done by our local painter, Brundage.

There is no cough medicine so popular as Foley's Honey and Tar. It never fails to cure coughs and colds and is especially recommended for chronic and bronchial coughs. Koepfen Bros.

PERSONAL MENTION

Mr. and Mrs. M. L. Morrison came in this morning from their home at Helix.

Fred Weber has returned from Condon where he had been for several days to look after property interests.

Mrs. Earl Winans of Walla Walla will arrive in Pendleton this evening to be the week-end guest of Miss Bertha Anger.

J. F. McNaught and wife of Hermiton, were incoming passengers this morning on the motor car and are spending the day here.

William Switzer of Umatilla, came up this morning from his home in the west end of the county and is transacting business here today.

Mrs. Gus Bertholet, wife of the Northern Pacific passenger train conductor, came over this morning from Pasco to do some shopping in Pendleton.

C. W. Howell, who has been book-keeper for several months in the local office of the bureau of animal industry, has been transferred to Denver, Colorado, and will leave in a day or two for his new location.

PLAN TO CARVE OLD UMATILLA

(Continued from Page One.)

vising committee. D. C. Sanderson of the Freewater Times, Bruce Shangle of the Milton Eagle, W. F. Korts, a Freewater real estate man, J. F. Slover, a Milton merchant, Attorney S. D. Peterson of Milton and Attorney J. P. Neal of Freewater, comprise the committee on publicity.

The others who are working for the proposition are H. O. Mansfield, H. B. Van Slyke, William L. Lloyd, W. E. Jones, of Freewater; Nelson Mandela, Sam Miller, Martin Elam, Jim Frazier, J. E. Olinger and W. F. Putnam of Milton.

The bill creating the county has been prepared and if the 10,000 names necessary to get it on the ballot can be secured in the next two months the question will be decided by the people at the election on Nov. 8. The circulation of the petitions will be started Monday and realizing the futility of ever being able to secure that many names in eastern Oregon, two men will be sent to Portland and the Willamette valley where they will be kept at work for the next two months if necessary and it will probably be necessary.

A meeting is to be held at Milton tonight to decide upon the question of a name and to arouse enthusiasm in the proposition.

Fourth Attempt. This will be the fourth attempt made by residents of the east end of the county to cut themselves off as a separate division. The other three attempts resulted in failure though the proposed measure succeeded in passing the lower house of the legislature only to meet with snags in the senate. The last attempt was made in 1895. The present movement started last February.

LUCKY ACCIDENT REVEALS SECRET TREASURE DRAWER

New York.—After having given up all hope of locating the treasure for which they sought the heirs of the late Mrs. Actavia Adaire Moss, widow of Theodore Moss, one time owner of Wallack's theatre, have unearthed more than \$200,000 worth of treasure.

It was hidden in the Moss home at 543 Madison avenue. More than \$50,000 worth of antique jewelry was found in a secret drawer in the pedestal of a statue in the library. Stocks and bonds worth more than \$75,000 and \$10,000 in money were found in a secret drawer in the pantry. It is believed that still more treasure will be found in the house.

The finding of the treasure was entirely accidental. It was located by the grandson of Mrs. Moss, Beverly Kator, a 19-year-old student at Columbia university, who is one of Mrs. Moss' three heirs. Mrs. Moss died on January 15. While it was known that she possessed antique jewelry of great value, no trace of it could be found. It was known that after her husband died Mrs. Moss had refused to put her money in either banks or safety deposit vaults, but what she did do with it was a mystery to all.

A few days ago by chance Beverly Kator happened to stumble against a pedestal supporting a statue in the library and by luck touched a secret spring. This opened a jewel chest in which the gems and antique jewelry were found.

UNITED STATES BEGINS A CRUSADE AGAINST SMUGGLERS

San Francisco, April 28.—Satisfied that smuggling of Chinese and opium is being carried on between this country and Mexico, the United States government has decided to have the coast from Escondido to Point Barrow patrolled by the revenue cutter McCullough, which is now being repaired here. To search for smugglers along the north Pacific coast, the revenue cutters Snohomish and Rush have been ordered into service and will cover the coast from the Columbia river to southeastern Alaska.

Parliament Adjourns

London, April 28.—An adjournment of parliament was taken today for three weeks. When it reassembles the lords will have to show their hand. Then it is expected will come dissolution, though none of the leaders seem anxious for it.

May Wed Vanderbilt

New York, April 28.—According to well-defined rumors in New York society Mrs. Smith McKim, daughter of the "brown-seltzer king," will file her suit for divorce from her husband in the Reno courts today and upon securing her freedom, will wed Alfred Vanderbilt.

If the census man doesn't find you find him—or her.

Newsy Notes of Pendleton

Will Farm With His Father.

Ernest Knight has gone into partnership with his father, G. W. Knight, in the ranching business and hereafter will superintend the management of the big farm northeast of this city.

New Dentist in Pendleton.

Dr. C. R. Bennett, who arrived yesterday from Marshfield, has purchased a one-half interest in the Dr. M. S. Kern dental office. The firm of Kern & Bennett has already been formed and the new man installed.

Daughter Is Born.

A 10-pound daughter was born to Mr. and Mrs. R. W. Fletcher this morning at 2:30 at the family home on Jackson street. Mother and child are doing well and "Bob" is looking for the census man, who called a few days too early.

Timely Rain Welcomed.

A rain of short duration but highly valued by the farmers and gardeners occurred last night. The total precipitation was .21 of an inch. With the ground warmed as the result of last week's hot weather the added moisture will stimulate the growth of everything that is now in the ground in the growing stage.

Company L Election.

The formal election for the selection of a captain to take command of Company L will be held in the armory hall Tuesday evening. Attorney C. J. Ferguson has already been selected for the position and the election Tuesday night will be a mere matter of form. Captain M. S. Kern has been named as inspector of the election. There has already been a reawakening of interest in the company and many recruits having been signed up.

Two Mail Boxes at Depot.

After having endured for many years the inconvenience of but one mail box at the O. R. & N. depot the railway mail clerks have at last succeeded in securing the erection of a second box at the station. One is for eastbound mail and one is for mail going west. Both are labeled so that no mistake can be made. Heretofore the mail clerks have been compelled to sort the mail at the box or else take east, west and northbound mail onto their train and carry much of it in the opposite direction to that in which it was intended to go.

"Zuluna—The Sultan's Daughter."

Tomorrow evening, at the Oregon theatre, "Zuluna, the Sultan's Daughter," will be presented by a carefully selected and well trained company of home talent dramatic artists, surpassing in general make-up any organization heretofore selected for a similar production among Pendleton's histrionic aspirants.

The production "Zuluna, the Sultan's Daughter," is a rattling, rapid fire, ginger-sizzling musical comedy—one of the liveliest, most interesting and laugh-producing, mirth-provokers ever penned by a writer of musical melange, and requires a company of thirty—chorus and principals—for its presentation, and the rendering of the many singing and dancing musical numbers interspersed throughout the play.

A Belasco Manager Here.

Ernest Shipman, business manager for Frederick Belasco's touring companies, is in the city today and in company with C. J. Mitchell is listing the town to see if it will be possible to bring Et. Elmo to Pendleton. The play has been listed for the Oregon theatre, but Mr. Shipman says that owing to the bad reputation which the city has received as a "show town" that it will be necessary to secure a guarantee before the production will be permitted to stop. He says further that if St. Elmo is greeted with a crowded house that the other Belasco productions, including "The Girl of the Golden West," "The Music Master," "The Heart of Maryland" and other big attractions will be brought to Pendleton next year. As a stimulus for the erection of a new theatre, Shipman has promised on behalf of Mr. Belasco to book one of the biggest of the Belasco attractions for a free benefit in Pendleton the minute that a movement is started for the construction of a new play-house. Shipman and Mitchell met with very good success today but not enough names have been secured. However, the list is to be left open another 24 hours and will be at the Pendleton drug store.

ASTOR, BY NEW GIFTS, COURTS KNIGHTHOOD

London.—William Waldorf Astor is to contribute heavily to another of King Edward's pet charities. He has offered, through his son, a practically unlimited sum to the King's hospital fund for the plan of dealing with tuberculosis, and as this is a project in which His Majesty is deeply interested, the gift undoubtedly will aid in creating a kindly feeling towards Mr. Astor.

Mr. Astor has given many hundreds of thousands of dollars to create and foster this kindly feeling. He has contributed generously to many charities in which the King has been interested, but as yet his reward, if he expects a reward, is to come. There have been many persons who, by gifts of this kind, have attained knighthood, and it has been said many times that this is Mr. Astor's objective. So far, however, the giving has all been from Mr. Astor's side.

Besides money donations, Mr. Astor bought the Balaclava bugle and gave it to the British museum. He also purchased the flag of the Chesapeake, which was captured by the Shannon in 1813, and presented it to the Royal United Service Museum. At the time Princess Maud was betrothed he sent her a magnificent uncut diamond.

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

LIST OF UNCALLED-FOR LETTERS AT LOCAL P. O.

The following is the list of letters remaining uncalled for in the Pendleton, Oregon, postoffice for the week ending April 28, 1910:

Agents for Stetson Hats and Packard Shoes

Our Watch Repair Department

is a most carefully conducted institution, therefore the busiest corner in our store. When a watch is left in our care we spare no effort, nor time in perfecting each detail, so as to make the best possible time keeper out of it.

It might be said that we are "Strong on Watchwork" because we are interested and take pride in our work. We are eager to have each customer say that "my watch has kept better time since I left it at Sawtelle's than it ever has before"

This is indeed a boast but let us prove it to you.
