## AT THE THEATER.

**"His Last Dollar."**  
 Pendleton theatergoers who stayed at home last evening for the reason that they believed "His Last Dollar" was to be a cheap, poorly staged and poorly acted melodrama, missed a rare treat. It was a melodrama all right, but there was nothing cheap about it, and it was presented by one of the largest and best casts seen in Pendleton this season. The fact that it was greeted with one of the poorest audiences that ever filled into the Oregon theater was not the fault of Pendleton so much as it was of the show management. There was nothing in the reading notices furnished the papers to indicate that Dave Higgins was capable of traveling in as brilliant a company as the city has seen this year or last, nothing to indicate that he was to be supported by a large cast in which everyone took his or her part most creditably, nothing to indicate that the play was brimming full of humor as well as heart interest and dramatic situations. The advertising "paper" was also of the poorest, being such as is used by the ordinary "ten, twenty, thirty" show.  
 But if the audience was small last night it was appreciative and if it was skeptical of what it was about to receive before the curtain went up, it was satisfied before it fell on the last act and there were no demands at the box office for "money back."  
 If Dave Higgins and his present company should ever come to Pendleton again he will find some warm friends who will see to it that he is given a better hearing than was afforded last night.

## CHERRIES RIPENING AROUND STANFIELD

**FIRST FRUIT READY TO PICK IN FORTNIGHT**  
**Full Grown Cherries Testify to Early Season in Umatilla County—Ladies' Civic Club Banquets Commercial Men—Other Items.**

(Special Correspondence.)

Stanfield, Or., May 4.—Ripe strawberries about Stanfield, Hermiston and Umatilla attest the earliness of Umatilla and Morrow counties in fruit production. Cherries are nearly full grown and will be ripe within a fortnight. Last year at Stanfield the first ripe cherries were picked May 12. This puts the lower lying portions of northeastern Oregon on a par with California in the matter of placing fruits on the early market. The early season applies as well to peaches and apricots as to the varieties named. This extreme earliness is one of the best possible features of a fruit producing district and may explain in part a recent sale of northern Umatilla county unimproved land at \$1000 per acre.

The Ladies' Civic league entertained the Commercial club with a big banquet after the election Monday were over. Several short talks were offered on the betterment of the town. Frank Sloan gave a short talk on the town from its beginning to its present state. Mr. Sloan told of the good things that has happened and he says the best is yet to come. Judge

ing from the progression Stanfield has made in the past few months, Mr. Sloan is surely correct in his statements.

Guess that Civic league lunch was poor, eh? Say, "Ma" Neal had better get the "gals" together and start something again. The commercial men are game.

Will Moore of Pendleton was a Stanfield visitor today. Mrs. R. N. Stanfield left on the motor car this morning for Pendleton to visit with friends for a few days.

Dave Nelson, a prominent Pendleton rancher, drove his family down to Stanfield in his big automobile in just 1 hour and 30 minutes. Mr. Nelson is very favorably impressed with Stanfield and vicinity.

"I see you're staying at a strictly first class hotel. How do you find the accommodations?"

"Accommodations? There aren't any. Everything I get is a concession."—Chicago Tribune.

"Tipples tells me he stopped drinking yesterday. I wonder what caused him to do that?"

"Somebody probably spoke to him and he had to answer."—Birmingham Age-Herald.
