BASE BALL BOYS OF ECHO ENJOY SMOKER

LADIES ENTERTAIN THE TOWN'S DEFENDERS

Elegant Luncheon Served—Deciples of Isaac Walton Unlimber Rods—Ladies of Needlecraft Meet—Other News Items.

(Special Correspondence.) Echo, Ore., May 6.—The members of the Echo baseball club were entertained last evening at a smoker by Mrs. R. B. Stanfield and Mrs. C. A. Gilbert. After an hour spent in social chat, the boys retired to the spacious dining room of the Gilbert home which was daintily decorated with the club's colors; plates were laid for fourteen and with little ceremony they sat down to one of the most pleasing lunches that it is possible for a hostess to prepare.

One of the most pleasing novelties of the evening was an image of one of the players "up in the air." Suspended from a long string the ladies had dressed a small doll in an Echo uniform representing a former player. After the supper cigars were produced and baseball was discussed until the midnight hour.

Fishing in this locality is fine. Every one from the school boy to the business man is out after trout. The largest catch reported was that of Percy Ripper and Earl Morrison who brought in one hundred and forty fine trout, some measuring twenty-two inches.

Yesterday afternoon the Ladies of Needlecraft were entertained by Mrs. C. R. Bonney and Miss Laura Bonney at their home on Garden street. On account of the absence of their president, a regular business meeting was not held, but a pleasant time was had by all present.

B. F. McCullough spent the day in

EYE GLASSES

Clear as Day

will be your comment when first you look through a pair of properly fitted glasses.

GLASSES

Perhaps it has never occurred to you that a defect of sight is not as a rule a disease of the eye. Often it is a condition which properly fitted lenses will entirely relieve. Headaches disappear, the nerve strain is relieved, and the eyes are perhaps saved from total blindness. If you suspect that your eyes are failing we would like to advise what is best. Glasses fitted, satisfaction guaranteed.

W. Wegner of Pilot Rock, came in from that place yesterday afternoon and returned home this morning after having transacted business here.

Lawrence Liewallen, a prominent young wheatgrower of Adams who had the misfortune to be kicked in the face recently by a horse, was in the city yesterday.

Attorney J. T. Hinkle, who has been residing on his homestead near Hermiston for the past several months, came up from that place last evening for the transaction of business.

Rev. Nathan Evans returned this morning from Athena, where he had been since Monday attending the ministerial conference of the Walla Walla district of the Methodist church.

L. R. Compton, who has been employed in Pendleton in different capacities for the past two years, left this morning for Stanfield, where he will visit for a few days before going on to his former home at Albany.

Mrs. James Cooper returned this morning on the early train from Portland, where she had been the guest of friends for a few days and left on the local for Stanfield where she will join her husband on the farm.

Rev. B. F. Harper, Presbyterian Sunday school missionary for eastern Oregon, came down this morning from his home at Milton to attend the sessions of the Christian Nurture convention which was convened in this city last evening. He is one of the speakers on today's program.

Fire Destroys Whole Family. Coulterville, Ills., May 6.—A family of five was burned to death today in a fire that destroyed the residence of George Douglas. The fire started from an incubator in the basement. The dead are: Douglas, his wife and three children.

Most of the year through Oregon can congratulate herself on her weather.

Pendleton yesterday, returning home in the evening.

R. E. Thoms of Hermiston was in town yesterday transacting business. Sherman Crayne is visiting in Pendleton, having gone down last Sunday.

CAN PENDLETON CLAIM THIS OUTCAST WOMAN?

Though she still claims Pendleton as her home it is not believed that Miss Belle Morris, who attempted to commit suicide in a dramatic manner in Spokane, Friday night, ever lived in this city. No one can be found who ever knew her here.

The following is from the Inland Herald:

Through the instrumentality of Judge Mann, Belle Morris, the young woman who was arrested Friday evening when preparing to swallow the contents of a bottle of carbolic acid, will return to her home in Pendleton, Ore. Since the case was continued Judge Mann made an investigation and advised the young woman to return home and start anew.

Despondency was the cause of the attempted suicide. After fully recovering from the effect of the whisky she had drunk, Miss Morris expressed a strong desire to live.

Judge Mann took her into his private office and she told him her past and agreed to be guided by his counsel. After Miss Morris had emerged from the conference she was loud in her praise of the methods adopted by the police judge.

NATIVE OF FINLAND DIES IN HOSPITAL

A. Ranquist, aged 58 years and a native of Finland, died at St. Anthony's hospital in this city yesterday afternoon about 1 o'clock. Death was due to an extended illness. Interment will be had in Olney cemetery tomorrow afternoon at 2 o'clock.

The deceased came to America 32 years ago and for 17 years has been a resident of Oregon. During the last five years he has resided on a farm, nine miles west of Pendleton. In addition to his wife he is survived by six children, two boys and four girls and ranging in age from five to 19 years.

SEE WHITE INDIANS WITH HAIR OF RED

London.—The story of a race of white Indians with red hair in the interior of South America, was told by Major P. H. Fawcett at a recent meeting of the Royal Geographical society.

"I have met half a dozen men who declare positively they have caught a glimpse of such people," said Major Fawcett.

"Other statements have been made as to the existence of a similar race with blue eyes. They have a name, 'Morphogon,' or 'Bats,' meaning the people who travel to hunt by night, and hide during the day.

"I am told that in Paraguay there is a tribe so shy as to be quite beyond communication, while in another race the men and the women race the men and the women talked separate languages."

Axioms for Aviators.

London.—The recent series of disasters to aviators—the fatal accident to M. Le Blon at San Sebastian is the sixth in a little over eighteen months—provides object lessons to men engaged in the conquest of the air.

According to Mr. S. F. Cody, the most prominent aviator in this country, two grave warnings stand out before all others. They are: Never build an aeroplane too small or light.

"Every aviator should be a constructor, and not merely a chauffeur, who partly understands his machine. A man who ventures into the air should be familiar with every bolt, wire, nut, and joint of his aeroplane."

Next month, also, T. R. Will return.

Newsy Notes of Pendleton

Civic Association to Meet. A meeting of the Pendleton Civic Association has been called for tomorrow afternoon at 3 o'clock at the city hall.

Building Construction Tracks. Two carloads of small steel rails to be used in the construction work west of town arrived in Pendleton last night and were taken to the Pilot Rock Junction this morning.

Will Play at Umatilla. Members of the United Orchestra go to Umatilla this afternoon on the motor car to furnish music for a dance at that place tonight. They will return tomorrow morning on the motor.

Dickson Purchased Auto. J. R. Dickson has purchased a Chalmers-Detroit touring car and is now a member of the Pendleton auto brigade. The machine was purchased of H. W. Lyons, local agent for that auto.

New Stenographer. Miss Nona Johnson is now stenographer in the office of County School Superintendent Frank K. Welles. She takes the place made vacant by the removal of Miss Edna Florence to Portland.

W. P. Temple Resting Easier. W. P. Temple, the well known farmer and capitalist, is now very low at his home on Lewis street. However he is reported as resting easier this afternoon and hopes are entertained for his recovery.

A New Stenographer. Miss Irene Shea is now employed as stenographer in the business office of the East Oregonian. Miss Shea began her duties yesterday and takes the place formerly held by Miss Ora Douglas, who has returned to her home at Hermiston.

Lowell for Editor. In the student body nominations at the University of Oregon Wednesday, William Lowell, son of Judge and Mrs. S. A. Lowell of this city, was nominated for the office of editor of the Oregon Emerald for next year. There is one rival candidate in the field, Ralph Moores of Salem. Young Lowell has had much experience in journalism and could ably fill the office.

Conference Closes Tonight. The Christian Nurture Conference which has been in session at the Presbyterian church since last evening will close tonight. The speaker of the evening will be J. R. Knowdell, secretary of the state anti-saloon league and he will discuss a temperance subject. The sessions of the conference have not been so largely attended as had been anticipated. The largest crowd is expected this evening.

RUBBER STAMPS WILL MARK FRESHWATER FRUIT

(Special Correspondence.) Freshwater, May 6.—Over three hundred rubber stamps have been ordered by the fruit growers of the Freshwater-Milton district for the purpose of stamping each box and crate of fruit with the owner's name. It is expected that the fruit crop in this district will be a bumper one and great preparations are being made to care for it.

Mrs. Richard Sheets and little son Guy, have gone to Spokane for a two months visit with her sister.

Mr. J. A. Schmidt left this morning for Portland where he will transact business.

Mrs. J. C. Crimmens will leave on Sunday for Portland to attend the grand rally of the Lady Macabees, which convenes in that city next week. Mrs. Crimmens is a delegate from the local lodge.

MOUSE FOR EMERGENCY.

Little Rodent Aids in the Placing of an Electric Wire. Norfolk, Va.—What experts and modern methods failed to accomplish was done by a mouse. An electric wire had to be run through a pipe 197 feet in the Vinery building in this city, and on account of several bends in it, blowing machines and other things failed to do the work. Then a mouse was caught, a thread tied to its leg and it was started through the pipe. The plan worked and the wire was pulled through by the cord. The mouse was given its freedom.

Whatever the figures, we're bigger, and know it.

COMPANY L NEEDS MANY MORE RECRUITS

MUST JOIN NOW OR CANNOT ATTEND CAMP

Students Respond to Call for Recruits But Command Still Needs Many Men—Armory to be Open Sunday to Accept New Men.

Unless the young men of the city respond quickly to the call for recruits for company L there is grave danger the company will not be able to go to encampment this year with the requisite quota of men. Under the new rules all men who go to camp must be mustered prior to May 8 and at least 42 men must be taken to camp. At this time company L has in the neighborhood of 50 men, but as some of these men will be lost or will not be able to go to camp the officers face a serious situation. They assert that 30 or 40 new men should be secured to make the company safe.

At the meeting at the Commercial association rooms last night many students were present and they were addressed by George Hartman, Jr., President Thompson of the Commercial club, G. M. Rice, J. R. Raley, Captain M. S. Kern, Captain C. J. Ferguson, C. P. Bishop and E. B. Aldrich, all of whom were in attendance at the gathering. At the conclusion a number of the students

signed enlistment papers and others promised to do so later.

However there are still many vacancies in the ranks of the company and all young men who are qualified to join are asked to apply between this time and Sunday evening. The armory will be kept open Sunday for the purpose of accommodating those who wish to join on that day.

CONFESSED MURDERER IS ON STAND AGAINST GOHL

Montesano, Wash., May 4.—Klingenberg, the confessed murderer of Hadberg, whom Klingenberg alleged he shot at Gohl's command took the stand this afternoon. This forenoon the jury was excused while attorneys argued regarding whether the prosecution will be allowed to mention the murder of Hoffman, whom it is alleged Gohl also killed. Many witnesses identified the tattoo marks as those of Hadberg.

Comet in Sight.

San Jose, Cal., May 6.—Halley's comet was a magnificent object at Lick Observatory this morning. Dr. Curtis photographed 18 degrees of the tail. At the present distance of the comet from the earth this corresponds to a length of 20,000,000 miles. A considerably greater length could no doubt have been photographed, but 18 degrees was the full capacity of the instrument. The best time to see the comet is between 3:30 a. m. and 3:00 a. m. The head of the comet at that time is almost directly away from the sun. Those who live in the glare of electric lights must expect to see the comet very imperfectly.

Halley's Comet

Does not create near the commotion and admiration that the clothes pressed and dyed at Sullivan's receive.

Not for a day or a week, but the year 'round, our work stands out from the clothes not cleaned and dyed here. Experienced help and modern appliances and methods enables us to please all.
