## UMATILLA LOSES STILL ANOTHER

STANFIELD WINS GAME BY SCORE OF 8 TO 2

Friday Night Dance Social Event of the Season—Many Out of Town Guests Present—Umatilla People See the Comet—Other News Items.

(Special Correspondence.)  
 Umatilla, May 8.—The Umatilla nine suffered another defeat today, the Stanfield team defeating them in a score of 8 to 2. The play was fair and the attendance was larger than usual. The Stanfield team arrived in a special train and a fair number of fans accompanied them.

The dance given by the young ladies of this city in Pound's hall Friday evening was voted by all to be the most enjoyable ever held. Thirty-five couples were present and the music, which was above the standard, was given by the United Orchestra of Pendleton. The hall was tastefully decorated and with the pretty costumes of the ladies the scene was as in Fairyland. The luncheon was served by Mine Host Chung and was in his usual good style. Many attended from Stanfield, Echo and Hermiston and among those were the Misses Catherman of Pendleton, Miss Douglass, Miss Ila Smith, Miss Webster, Miss Whitney and Messrs. Phay, Allen, Stover, Bamover, Reill, Oliver, Saxson of Hermiston; Frank Innis of Walla Walla; Mr. and Mrs. Olson of Little Falls, Wash., and Mrs. Wm. Humphreys, Wm. Godeck and R. W. Fletcher of Pendleton.

The comet was visible here on both Saturday and Sunday mornings and was a grand sight to see. It was visible between 2:56 and 3:15 a. m., and was seen by a large number of citizens.

The first grown native strawberries were put on the market Thursday and were grown on the McFarland ranch. They are much larger than the California berry and much firmer. Lettuce and other vegetables are coming in every day.

Rev. Father Lake held divine services here today in Pound's hall

and preached a fine sermon. The attendance was fairly large.

Among the visitors in town today are Frank Innis of Walla Walla, A. T. Warner of Portland, B. F. McCullough of Echo, G. B. Atkinson of Spokane and W. R. Ladd of Portland.

On an average of 500 freight cars handled in the yards daily, yet some days are in excess of this number. This is only a rough estimate, yet it gives an idea of the volume of freight business the O. R. & N. is doing.

Two heavy engines for the North Coast railway were shipped through here last week to Attalia, Wash.

J. W. McVey of Portland, arrived here today and has assumed charge of the roundhouse to succeed Mr. Bergh, who has resigned.

R. E. Stephenson, O. R. & N. wire inspector, has resigned and leaves Monday or Tuesday for Portland.

He was a hale fellow well met and was very popular in sporting circles, having played on the Umatilla nine for some time.

E. R. Hellig of Portland, was here today on his way to his ranch in Plymouth, Wash.

Peny Olson, a wealthy mill owner of Little Falls, Wash., was here visiting Mr. and Mrs. H. Griffin. He is accompanied by Mrs. Olson and expects to remain a few days.

J. H. Pound has gone to the Alberta country, Canada, on a visit.

Wm. Catherman, who has been in the employ of the O. R. & N. here for six or eight years, has resigned and will leave today for Calgary, Canada, where he expects to locate. Catherman has a host of friends in Umatilla who wish him all kinds of good luck in his new home.

The Misses Catherman of Pendleton are visiting in the city for a few days.

E. F. Rasmussen, the O. R. & N. operator, has gone on a short holiday to Portland.

Shake off the grip of your old enemy, nasal catarrh, by using Ely's Cream Balm. Then will all the swelling and soreness be driven out of the tender, inflamed membranes. The fits of sneezing will cease and the discharge, as offensive to others as to yourself, will be stopped when the causes that produce it are removed. Cleanliness, comfort and renewed health by the use of Cream Balm. Sold by all druggists for 50 cents, or mailed by Ely Bros., 55 Warren street, New York.

Save money by reading today's ads.

## WESTON TAKES GAME FROM ATHENA TEAM

(Special Correspondence.)

Weston, Ore., May 8.—Weston defeated Athena today in a fast and pretty game, and now leads the Blue Mountain league, with six games won and one lost. A three-base drive by Manager Nordean in the second inning clinched the game for the locals. It came at an opportune moment with two men out and three men on bases, and netted four runs. Nordean himself scoring on a wild throw from the field. Each team scored one run in the first. After the second inning both were blanked by as fine an exhibition of baseball as was ever seen on the local diamond. "Lefty" Smith pitched a splendid game for Athena, and had good support except in the second inning. While he struck out but two men, only two more were able to connect safely with his rapid slants. "Slats" Wheeler fanned eight of the visitors, and was hit safely five times. This is his sixth victory in the box for Weston and the joy of the fans over the town's baseball success is tempered by gloom over the fact that he is about to leave for Wallace, Idaho, to accept a position in the express office there. Weston earned one run and Athena one. Weston landed six men at first base on errors, and Athena one, but Athena's errors were not costly except in the one fatal inning.

## BURIED CITIES SOUGHT.

Archaeologist to Explore Holy Land on Enormous Scale.

London.—Acting for the Palestine Exploration Fund, Dr. Duncan Mackenzie, the expert archaeologist, is about to start excavating for buried cities in Palestine on a scale that is expected to startle the world later on. He is now preparing his expedition in Jerusalem.

Fifty natives are being collected for excavating and sifting the soil on the site of lost cities. By the side of Dr. Mackenzie all the time will be an officer of the Turkish government who will see to it that nothing found is taken abroad. Everything must go to the museum in Constantinople. "Anything from gold vessels to earthenware may turn up," said Dr.

Mackenzie, "but we are in the enterprise for scientific reasons only, so don't object to the Turkish museum storing the relics. No, I don't intend to say where the site is. But it is extensive and we can hardly fail to achieve success. To insure it, however, we must be left alone and to announce our location would be to bring about our cars a crowd of native dealers and thieves and no less troublesome tourists. So we will tell

where we are bound for after we've been there."

## EIGHT WELLESLEY GIRLS WOULD BECOME WIVES

Wellesley, Mass.—Only eight members of the graduating class of 221 girls at Wellesley college intend to become wives. According to the statistics collected by the class secretary one-third of the class will take up

teaching as a profession, while another third plan to stay at home. Two of the seniors intend to become farmers, asserting their belief that with the increase in the price of farm products there is a good livelihood to be gotten out of the soil.

Liquid Foot Ease. Relieves tired, aching and sweaty feet. Happiness for every one at 15¢ a bottle. First Class Drug Stores.

## When You BUILD, Build to STAY!

Re-enforced concrete and concrete blocks are cheaper in the end; are prettier, more substantial and far more comfortable in either cold or warm weather.

Concrete stands unsurpassed for Basements, Foundations, Walls, Fences and Curbing. It looks better and lasts longer than stone

See my many beautiful designs in concrete blocks before you build your home. I will furnish your estimates for any class of work on application.
