PRAIRIE SCHOONERS ARRIVE IN ATHENA
RELICS OF PIONEER DAYS STILL IN COMMISSION
 Old Settlers Pass Through for Interior State the Last Frontier—East Umatilla Unanimously Against County Division—Other News Notes.

(Special Correspondence.)
 Athena, May 8.—A reminder of pioneer days passed through the streets of this city on Saturday, two "schooners," loaded with household articles and a dozen or so of kids, with grand "dad" bringing up the rear with an antiquated Cayuse, hitched to an antiquated buggy loaded to the "water line." They were on their way to Harney county, where they intend to locate.

If a viva voce vote were taken on county division the roar of "No" that would roll from valley hill, gulch and dell of east Umatilla would level the Blue mountains.

W. W. Harrah of Pendleton was a business visitor in this city on Saturday last.

Messrs Hawks & Koontz equipped themselves with two bottles of the latest improved bait, two good bamboo poles, silken lines and a cork screw, on Saturday last. They came back after following the river from Cayuse to Meacham. They think that another fish could have been allured from the water if they had had another bottle of bait!

Ed Kidder of Cayuse Station was a business visitor in Athena on Saturday.

Memorial services will be observed on Sunday the 29th, at the Christian church. Rev. Meldrum officiating, at 3 o'clock p. m.

A well is being dug near the lumber company's yard on Main street, to supply the street sprinkler.

To the ill and ailing public let it be known that Dr. Newsum has removed his residence from Main street to 3rd directly opposite the M. E. church. With profuse apologies to "John-

EYE-GLASSES

Clear as Day
 will be your comment when first you look through a pair of properly fitted glasses.
GLASSES
 Perhaps it has never occurred to you that a defect of sight is not as a rule a disease of the eye. Often it is a condition which properly fitted lenses will entirely relieve. Headaches disappear, the nerve strain is relieved, and the eyes are perhaps saved from total blindness. If you suspect that your eyes are failing we would like to advise what is best. Glasses fitted, satisfaction guaranteed.

Newsy Notes of Pendleton
Official Weather Report.
 Minimum temperature, 47.
 Maximum temperature, 80.
 The maximum temperature, Sunday was 85.
Willaby Estate Appraised.
 The estate of William Willaby, the Athena wheat grower, who died a few months ago, has been appraised at \$79,000.
Quick Train Service.
 On the Northern Pacific the train schedule is now such that Pendleton parties desiring to go to Spokane may leave here at 3 o'clock and arrive in Spokane at 11:30 the same day.
Marriage License Issued.
 A marriage license was issued today to Dr. Ray E. Farnsworth of Spokane and Miss Laura Wyrick of this city. Dr. Farnsworth was formerly in the office of Dr. M. S. Kern, the Pendleton dentist.

Sues for an Accounting.
 A suit for an accounting was filed today by Ralph Crowe against John Jones. The parties to this complaint were formerly engaged in the meat market business in Hermiston. Crowe claims there is \$1500 due him.
Storie for Lieutenant.
 Elmer Storie, the former University of Oregon student and athlete, has been selected as second lieutenant for Co. L. Storie is popular among the members of the company and is expected to make a good officer. A few more recruits for the company are still needed.

Many Went Fishing.
 Hundreds of Pendleton people spent Sunday along the different streams of the county. It is believed that every foot of the Umatilla river and Meacham creek from the mouth of the river to Wenaha on the main stream and to Huron on Meacham creek was fished over by from one to 15 persons. While some of them had good success the most of the catches made were small.

Will Attend General Assembly.
 A. C. Funk leaves this evening for Atlantic City, New Jersey, to attend the general assembly of the Presbyterian church. Mr. Funk is a lay delegate from the Pendleton presbytery and with Rev. Levi Johnson will constitute the delegation from this presbytery. While in the east Mr. Funk will visit at his old home in Pennsylvania. He will also visit in Kansas City en route.

AT THE THEATER.
St. Elmo.
 The long heralded Belasco production, "St. Elmo," has come and gone, and the majority of Pendletonian regulars have seen the famous trail blazer. "St. Elmo" is a heavy melodrama and had not the cast been above the average, there would not have been much to recommend the piece to the critically inclined.
 The best element of the play last night was the character revelation for which the part of St. Elmo Murray affords a splendid vehicle. Charles Gunn, who essayed the role, appeared to splendid advantage in portraying the man whose faith in humanity had been blighted by the treachery of his dearest friend and betrothed wife. As the cynical half-devil sneering at all virtues, he rivaled the famous "Drunk Charlie" Steel in "The Right of Way."
 Some were disappointed in Gerda Nelson who appeared in the role of Edna Earl in whom was the redemption of St. Elmo, but those who have read the novel will agree that her conception and portrayal was in accord with the heroine of the book. The other parts were in capable hands and all of the cast will be welcome back again.

SOOTHISAYER GETS BLAME.
Disappointed Brides and Bridegrooms Would Sue Him.
 Paris.—Is a jilted bride or a disappointed bridegroom justified in lodging a complaint against a fortune-teller, if the "fortune" has not turned out as it was predicted? Such, it seems, is now the case submitted to a Paris magistrate concerning a man described as an astrologer, inhabiting one of the picturesque heights on the outskirts of the city, and who has had customers enough to populate a large town. Young and old have gone to him to have their fortunes revealed. Girls wanted to know if they were going to marry soldiers and be happy and young men wanted to know how to find the brunette or the blonde that would suit them, with a handsome dowry, while widows looked for a second husband and disappointed lovers wanted to know how fate would revenge them.
 The so-called astrologer has, it seems been giving satisfaction to all until recently. Some of his customers, finding that the predictions did not exactly come out as they had expected, vented their discontent in a formal complaint, which they lodged with a magistrate. A police officer was appointed to inquire into the case, and the first discovery which he made was that the fortune teller had a vast "practice," which the most successful practitioner might envy. He had as many as 15,000 customers in all ranks of society.
 When applied to, he would readily, and without exacting a fee, cast the horoscope of the applicant. If more was wanted, the price was \$10 for a complete "fortune," \$5 for one less complete, \$2 for a period of 15 years, \$2 for ten years, \$1 for five years, etc. Those who encouraged the alleged astrologer actually proposed a sort of association of his followers, to be called the "Universal Fraternal and Spiritualist Union," with the object of buying him a house, to cost about \$6000, to be built somewhere in the country, preferably on a high

spot, with a nice garden around it. Much of the money, it seems, had already been subscribed, when this complaint came along to interfere with the scheme. The trade of an astrologer or fortune teller is not one of the legally recognized professions in France but the culprit referred to is still at liberty.

GOOD ROADS MEETING WILL BE HELD HERE

WILL BE ONE OF BIGGEST EVER HELD IN THIS SECTION
 Dr. Maurice W. Eldridge, Famed As Good Roads Enthusiast, Will Be Principal Speaker—Series of Meetings Planned Over State.

Chairman Brock of the good roads committee of the Commercial association and officers of the county good roads association are planning to hold one of the biggest good roads meetings eastern Oregon has ever seen. The meetings is to be held here the evening of May 21 and the principal speaker will be Dr. Maurice W. Eldridge of the good roads branch of the department of agriculture at Washington, than whom there is no better known or competent authority in the country.
 The number of good roads enthusiasts in Umatilla county is daily growing larger, much interest is being manifested in the movement and it is believed that the attendance at the coming meeting will far exceed that of any similar meeting ever held in this part of the state. It is also hoped that the meeting will result in furthering the movement for better roads throughout the state.
 The meeting to be held in this city is one of a series of 23 to be held in various parts of Oregon on Ontario on the east, Portland on the west, to Pendleton on the north and Ashland on the south.
 Through Senator Bourne the government originally offered a series of 19 lectures for the state of Oregon, but the good roads enthusiasts asked for more with the result that the following cities will be visited by the lecturing party and will have the opportunity of getting the latest information on good roads construction:
 Ontario, May 16; Baker City, May 17; Enterprise, May 18; La Grande, May 19; Heppner, May 20; Pendleton, May 21; Condon, May 23; Moro, May 24; The Dalles, May 25; Hood River, May 26; Dallas, May 27; Portland, May 28; McMinnville May 30; Forest Grove, May 31; Oregon City, June 1; Salem, June 2; Albany, June 3; Roseburg, June 7; Grants Pass, June 8; Medford, June 9; Ashland, June 10.

Back of the campaign of lectures in Oregon are several strong organizations whose influence penetrates all sections of the state, and through these organizations endeavor will be made to get throngs of city, town and country people out to the lecture at every point visited.
 Secretary Bates, working through his 12000 threshers, will arouse individual interest and urge each of the 1200 to attend the meetings and take along all the farmers in his neighborhood.
 Secretary L. Therelsen, jr., of the Oregon State Automobile association, will work through all the city and county automobile organizations, and the Portland Automobile club will also take active part in rousing general interest. Judge Lionel Webster, chairman of the State Good Roads association, who will accompany the lecturer on the tour of the state, will also use his personal influence to arouse widespread interest in the educational lectures.
 Hundreds of letters of inquiry and many telegrams from various points throughout Oregon give evidence of the universal interest in good roads construction and the government's educational undertaking along these lines.
 The big good roads convention at Albany this summer is expected to be a vigorous and rousing one, such as never has been held in the northwest before.
