dread having to prepare an elaborate dinner because they are not sufficiently strong to stand over an intensely hot coal range. This is especially true in summer. Every woman takes pride in the table she sets, but often it is done at tremendous cost to her own vitality through the weakening effect of cooking on a coal range in a hot kitchen.

It is no longer necessary to wear yourself out preparing a fine dinner. Even in the heat of summer you can cook a large dinner without being

JUDGE RULES WATCH IS ARTICLE OF APPAREL

Spokane, Wash - Deciding a question arising from an attempt by the county sheriff to levy on a timepiece owned by J. C. Eddy, to satisfy a judgment in favor of Leroy C. Waller, formerly chief of police of Spokane, Judge E. H. Sullivan in the Spokane county superior court ruled that a watch is an article of wearing apparel and is exempt. Eddy said he received the watch as a gift from his father and claimed exemption. This is the first time the question has been decided in a court in the state of Washington. Judge Sullivan declined to commit himself when asked to go into details on the question of other jewelery, but cited a statute, which ington Marble company will expend \$500,000 in developing the field, provides against anyone putting an amount of money into clothing or jewelry to be worn when not commensurate with his condition in life. It is well known to be a simple combination of the laxative and carminative principles of plants with pleasant aromatic liquids, which are agreeable and refreshing to the taste and acceptable to the system when its gentle cleansing is desired.

Only those who buy the genuine Syrup of Figs and Elixir of Senna can hope to get its beneficial effects, and as a guarantee of the excellence of the remedy, the full name of the company-California Fig Syrup Co.-is printed on the front of every package, and without it any preparation offered as Syrup of Figs and Elixir of Senna is fraudulent and should be declined.
