POSTAL MAY INVADE IDAHO.

Orders of Western Union Telegraph Company Stirs Opposition.

Lewiston, Idaho, May 14.—Dissatisfaction among residents of the Camas prairie points served by the Nez Perce Co-operative Telephone company over the recent order of the Western Union Telegraph company officials compelling the local telegraph office to forward messages to prairie towns not served by the Western Union over the Pacific States telephone lines instead of over the Nez Perce, as was formerly done, may result in the coalition of the Nez Perce and the Postal Telegraph companies, and the extension of the latter's line from Moscow into Lewiston to connect with the telephone system.

At the time the order went into effect protest was lodged with the Western Union by the Nez Perce patrons, and a demand made for the rescinding of the order. When this was refused the movement to induce the Postal to invade this territory was begun.

Silence!

The instinct of modesty natural to every woman is often a great hindrance to the cure of womanly diseases. Women shrink from the personal questions of the local physician which seem indelicate. The thought of examination is abhorrent to them, and so they endure in silence a condition of disease which surely progresses from bad to worse.

It has been Dr. Pierce's privilege to cure a great many women who have found a refuge for modesty in the offer of FREE consultation by letter. All correspondence is held as sacredly confidential. Address Dr. E. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Favorite Prescription restores and regulates the womanly functions, abolishes pain and builds up and puts the finishing touch of health on every weak woman who gives it a fair trial.
