

# NORTHWEST NOTES

**Heppner Hibernians Organize.**  
Heppner, Ore.—The Ancient Order of Hibernians organized in this city Tuesday evening with a charter membership of 50.

**Build School at Dallas.**  
Dallas, Ore.—Plans for the new school building have been delivered to the board of education and work is expected to be taken up soon. The site has been bought for \$4500.

**High School Graduation.**  
Pasco, Wash.—Saturday evening will be held the first commencement exercises ever held for graduates of the Pasco high school, at which time Miss Nevene Pelham will graduate.

**Burglar Gets 5 Years.**  
Roseburg, Ore.—After pleading guilty to two indictments, one charging burglary and the other larceny from a building, Frank Murphy was sentenced to serve five years in the penitentiary.

**Rebuild Pipe Line.**  
Astoria, Ore.—The water commission has decided to renew the supply pipe from the head works to the city reservoir. This work is to be done immediately to insure a plentiful supply of water during the summer season.

**\$40,000 Children's Home.**  
Boise, Idaho.—Work has begun on the \$40,000 home for the Children's Home Finding society. The last legislature granted an appropriation of \$20,000 for the building, and the citizens of the state supplied the other \$20,000.

**Benson to Name Delegates.**  
Salem, Ore.—Governor Benson is asked by the officials of the Fourth International Tax association to name three delegates and three alternates to attend the fourth annual conference on the state and local taxation, which will be held at Milwaukee from August 30 to September 2.

**15 Acre Orchard Pays \$7200.**  
Prineville, Ore.—William Boegli of the Cove orchard has taken up a desert claim adjoining his orchard and has set out 1020 peach trees on a six acre patch. He says the fruit outlook is good, especially for peaches and apricots. He is also setting out his tomatoes that have become too large for the cold frames.

**Readvertise Hood Bonds.**  
Hood River, Ore.—At a meeting of the city council the recorder was ordered to readvertise for the sale of \$90,000 worth of city bonds to be used in the construction of a municipal water plant. The life of the bonds will differ from the former issue in that it will be extended from 20 to 25 years.

**Burial at Albany.**  
Albany, Ore.—The body of Joseph Dubois, who died at Foley Springs, was brought to Albany on Sunday and buried in the Masonic cemetery beside the graves of his wife and daughter. He was a prominent Oregon pioneer, and about 30 years ago was the proprietor of the St. Charles hotel of this city.

**Boy Crushed by Load of Logs.**  
Bellingham, Wash.—Grant Otis, 3 years old, is dead and his 9-year-old brother Roscoe, is in a hospital with a broken thigh as the result of a sled, laden with logs, overturning on a skid road at Wahl, nine miles east of here late Tuesday afternoon. The injured boy will recover. The children were riding on the sled with their father, J. F. Otis, a rancher, who escaped without injury.

**10 Graduates at Kennewick.**  
Kennewick, Wash.—Ten graduates received their diplomas at the annual commencement exercises of the Kennewick high school, held in the First M. E. church here Friday night.  
The class roll follows:  
John Folsom, Margaret Williams, Mary Godfrey, Jessie Perry, Helen Williams, George Mertes, Mabel Smith, Effie Oliver, Edna Cresswell and Lulu Holland.

**Mill Burned at Tenino.**  
Tenino, Wash.—The Blumaer mill is in ruins as a result of a fire which started in the engine room. The loss is estimated at \$100,000. The electric light plant was saved by hard work by employees and a volunteer fire department. The loss is partially covered by insurance. The company will rebuild. The cause of the fire is unknown.

**Woodburn Jail Is Broken.**  
Woodburn, Or.—A man answering the description of James O'Brien, who was indicted by a Douglas county grand jury for alleged forgery, Tuesday night kicked a hole through the side wall of the jail and escaped. A Portland secret service man was also jailed in the early part of the evening.

### ECZEMA CURABLE PROOF NOW AT 25 CENTS

It is usually very costly to consult a specialist in any disease, but for 25 cents, on a special offer, we can now give to those suffering from eczema or any form of skin disease absolutely instant relief, with prospect of an early cure.  
A special trial size bottle of oil of wintergreen, thymol and glycerine, etc., as compounded in the Chicago Laboratories of the D. D. D. Company, may be had in our store on this special 25 cent offer. This one bottle will convince you—we know it—we vouch for it.  
Ten years of success with this mild, soothing wash, D. D. D. Prescription, has convinced us, and we hope you will accept the special 25 cent offer on D. D. D. Prescription so that you also will be convinced.  
Tallman Drug Co.

for the purpose of getting information from the supposed forger.

**Junction Buys Steam Roller.**  
Junction City, Ore.—The city council has purchased a ten-ton Niagara steam road roller for use on the streets of Junction City. One of the conditions of the contract for improvement of the streets provides that the city shall do the rolling, and being unable to hire a road roller, she purchased one. The roller is to be delivered here by May 21. The contractors are assembling their working forces and expect to be at work by the first of next week.

**Big Shipment of Cattle.**  
Heppner, Ore.—One of the largest shipments of cattle ever made from this place was made Wednesday. The shipment comprised three train loads, aggregating 2700 head of cows and steers. The stock was purchased principally in Grant county and was driven here to be loaded on the cars.

E. H. Parkin of Mandan, N. D., is shipping the cattle to Walker, S. D., and they will be turned on the range to be fattened for the Chicago market this fall.

**Corpse Found on S. P. Tracks.**  
Eugene, Ore.—The badly mangled body of a young man was found on the Southern Pacific track at Irving, six miles north of Eugene Wednesday morning by a section foreman. The man had evidently been riding on the brakes of the night train and had fallen under the wheels. The head was severed from the body and the body was mangled.

Coroner Gordon found a bundle of post cards addressed to Ed Beerman, at San Francisco and other California points. Most of them were signed "Leta," and were from Beardstown, Ill., while several others were from Jessie Parry at Astoria, Ill. The dead man was fairly well dressed. He was about 20 years old.

### ENGLISH PRICES HIGHER.

**Beef and Bacon and Staple Meats Advance in Price.**

London.—England is feeling the pinch of the high prices of food as well as America. Bacon and beef, the great English food staples, have jumped from 4 to 6 cents a pound; mutton, cheese and butter are going up, too. In fact the British housewife finds everything on her bill of fare kiting skyward and a wave of protest is being raised from Lands End to John o' Groats.

In the minds of many the idea prevails that the bad Americans are responsible in large part if not altogether for this condition, although the more sensible recognize the fact that England is simply feeling a world-wide movement toward higher prices. One authority said:

"The introduction of cold storage, which has enabled the great trusts to store thousands of tons of perishable commodities for practically indefinite periods, and to hold them over so as to 'stiffen' prices has been advanced as one reason. And it may have something to do with it.

"But the main cause is that the world is fast filling up. America, for instance, sends us less and less beef, butter and cheese every year. Her constantly increasing population needs all it can grow and make for its own use. Twenty years ago the prairies of the middle west were merely gigantic grazing farms for cattle. Now they are covered with small homesteads, with the result that while local production has been lessened, local demand has been increased.

"And we, here in Great Britain, are feeling the pinch, and are likely to feel it."

Foley Kidney Pills are antiseptic, tonic and restorative and a prompt corrective of all urinary irregularities. Refuse substitutes. Koepfen Bros.

### THE COST OF MODERN WARFARE IS VERY HIGH

Vienna, Austria.—Nations must count the cost when they go to war these days. In the debate on a new war loan to cover the cost of the preparations for trouble following the annexation of Bosnia and Herzegovina, Field Marshal von Georga declared the amount asked for \$40,000,000 was trifling as compared with the cost of actual warfare.

He then proceeded to give an interesting calculation as to what the cost of a future campaign would mean for Austria-Hungary. The daily expense of each soldier, judging from previous experience, and allowing for the natural rise in prices might be calculated at about 10s, not including pensions for disabled men and widows and orphans, the outlay for replacing weapons, uniforms and war material, and compensation for other losses sustained. Reckoning upon a basis of 2,000,000 armed men, the daily expenses would reach \$5,000,000 and a campaign lasting six months would mean about \$900,000,000.

### SOCIETY TAKES UP AVIATION AS A FAD

London.—There seems to be small doubt that the next "craze" of society will be aviation, and already several well-known people have ordered flying machines of one description or another. Among these is the duke of Westminster, who was one of the first in this country to purchase a Wright biplane. The duke is taking up the science of aviation seriously, and hopes to accomplish some notable flights before long. Despite the efforts that have been made at the Brooklands track and elsewhere to become the center of British aviation, it is probable that society will select the Royal Aero club track at Shellbeach as the home of its new sport.

Flying is likewise attracting the attention of a good many society ladies

# THIS WEEK ENDS THE BIG REMOVAL SALE

On Monday morning, May 23 we will move to our elegant and up-to-date store room in the Betz building

This is the last week! This is your last chance to secure spring and summer clothing and gents' desirable furnishings at Removal Sale Slaughtered Prices.

THINK OF IT Your Choice of Any Suit on our Tables for **\$10** Representing regular \$15 to \$25 Values--- This Season's Styles.

Think over your needs for the coming summer, gentlemen, and then pay us a visit--the savings we can afford you are actually cheering. You'll find many suggestions and examples listed below

Read a little and Save a lot for after this week the Big Removal Sale will be History

\$1.50 Union Suits, Removal Sale price ..... \$1.15

at the moment, and more than one of them have lately placed orders for machines.

### CHINA FEARS DISMEMBERMENT

**Natives Believe Powers Plan to Do Carving This Spring.**  
Hongkong.—The situation in China is in some respect not unlike that in the Indian empire shortly before the great mutiny.  
In all sections of the empire circulars are seen, stating in varying ways that China is to be carved up this spring like a melon and divided among the foreign powers. To avert this calamity all students and other loyal Chinese are called upon to enroll themselves as volunteer soldiers, to learn the use of arms, and prepare to fight the foreigner, and drive him bag and baggage from the coast of China.  
It is feared serious trouble is ahead which may call for foreign intervention.

### DOG DEAD, DATES ARE OFF.

**Missouri Woman, Mourning Death of Pet, Quits Social Whirl.**  
St. Louis, Mo.—All social engagements of Mrs. R. B. Wright, of Richmond Heights, have been cancelled covering the period of mourning which she has entered upon in memory of her pet dog, Chita. The pet died in its owner's arms a few days ago.  
Incidentally, the refreshment committee of a woman's club had no pre-

siding officer when an open meeting for the entertainment of their husbands was given by the organization.  
A telephone call sent post-haste to the arrangement committee by Mrs. Wright announced a death had occurred in the family, and she could not be present.

### LET AN ELECTRIC MOTOR DO YOUR WORK

Steadiest, cheapest and most reliable power for small or heavy work. Less danger and easier to operate—you turn a lever and it does the work.

The Housewife's work will be lessened when Electricity and Gas come into the home

### COOK WITH GAS

Make the work easier for her and save on your fuel as well. No dirt, dust and excessive heat. No fuel to handle and fires to kindle—and it costs less.  
For Her sake, put gas in your home before the hot weather arrives

**Northwestern Gas & Electric Co.**  
Phone Main 66. Main Building.

### Good Spring Tonic

"We have taken Hood's Sarsaparilla for a spring tonic and as a blood purifier. Last spring I was not well at all. When I went to bed I was tired and nervous and could not sleep well. In the morning I would feel twice as tired; my mother got a bottle of Hood's Sarsaparilla, which I took. I felt like a new person when I had finished that bottle. We always have some of Hood's medicines in the house." Hilvey Roselle, Marinette, Wis.  
There is no "just as good" medicine. Insist on having Hood's.  
Get it today in usual liquid form or chocolate tablets called Sarsats.
