FARMERS WILL AID IN SUCCESS OF FAIR

UNIONS PROMISE HEARTY CO-OPERATION TO DIRECTORS

Problem of Collection and Preservation of Exhibits Will Be Solved—Wednesday of Fair Week Farmers' Union Day—Competent Judge to Be Secured.

Secretary Fitz Gerald and the other officials of the district fair board are rejoicing today in the promised hearty co-operation of the farmers unions of the counties of Umatilla and Morrow and the great burden which has thereby been lifted from their shoulders.

The meeting held yesterday afternoon in which the state president of the farmers' union, the county president and delegates from each of the 14 unions in the county met with the fair board, turned out to be a most enthusiastic one. The farmers present seemed to realize that they are the ones to profit most by the success of the fair and for that reason they seemed anxious and willing to do all in their power to make each succeeding fair bigger and better than the preceding one.

The great difficulty in the past has been the collection and preservation of suitable exhibits, not in producing them. This difficulty is to be obviated as a result of yesterday's meeting for the representatives from the farmers' unions present assured the board that a committee would be appointed from each union in each county and that this committee would make it a point to see that exhibits of all kinds of produce are collected. The work is to be started at once and early fruits which can be preserved by cold storage will be shipped to Pendleton and preserved in this manner without expense to the grower.

Wednesday of fair week is to be Farmers' Union day and the farmers' union is to have exclusive control of the program for that day. The union will procure the speakers and make

all arrangements for the program of entertainment. From the enthusiastic manner in which this proposition was accepted it is evident that farmers' union day will be one of the biggest if not the biggest of the entire week.

Another burden of great dimensions was lifted from the shoulders of the fair board when the farmers offered to secure a competent judge for the livestock. Some man from the outside who is not known to or connected in any way with the exhibitors will be chosen and will be brought here especially for the event.

The farmers also agreed to cooperate with the fair management in seeing that all entries are closed at the appointed time so that the judging of exhibits can be started earlier than has been possible in the past.

Both grain growers and fruit men were represented at yesterday's meeting and as they were all very much in earnest it was apparent that the coming fair is to be given better support than it ever has been given before. Its success is therefore assured.

The proposition of securing grounds and providing for a larger and more representative fair was discussed yesterday and all present were in favor of the proposition. It is therefore probable that just as soon as the matter can be financed that it will be undertaken. When that is done permanent buildings will be erected to take the place of the present temporary structure and the fair will be placed on a permanent basis.

LEE TEUTSCH WAS AT BIG GARDENA PICNIC

Lee Teutsch has just returned from Walla Walla where he attended the big excursion and picnic at Gardena Tuesday. On that day a thousand people or more from Walla Walla and surrounding country visited Gardena and were entertained by Mayor Burlingame, owner of the Gardena project. Entertainment in the form of speaking, a broncho riding tournament and a boxing match were provided for the people and a fine lunch was served.

According to Mr. Teutsch the Gardena project is in splendid shape and is so successful that great praise is being bestowed upon Mr. Burlingame, the founder and builder of the project. It has been Mr. Burlingame's plan to first water and cultivate the land and sell it after it became productive. The big tract is now planted out to orchards and devoted to alfalfa raising. Last year something like \$80,000 worth of hay was sold from the place.

Anglers Meet Tonight.
For the purpose of deciding upon some action relative to getting the trout out of the government reservoir and back into the Umatilla river, the anglers of the county will meet at the city hall at 7:30 tonight.

Lovell to Speak.
Judge S. A. Lovell goes to Athena this evening where tonight he will deliver the graduating address to the class of the Athena high school. The subject of the oration will be "The Purple Harness."

Ballinger will doubtless declare that Kerby has another "snake".

Elks Furniture Here.

The long delayed car load of furniture for use in the new Elks club has at last arrived. It reached here this forenoon and will soon be installed in the Elks' building at the corner of Court and Cottonwood streets. The furniture is mostly finished in red plush.

Farmers Change Date.

At a special meeting of the county organization of the farmers union held in this city yesterday it was decided to change the date of the annual picnic from June 4 to June 3. It is to be held in Milton and the change of date will bring the picnic, the strawberry festival and the big Milton horsemeshow, all on the same date.

Provisional Charter Arrived.

A provisional charter for the local organization of the American Woman's union has been received from the league headquarters. The Pendleton chapter will get its regular charter after the membership list has been completed. The officers of the chapter are Mrs. Margaret Coleworthy, president; Miss Hazel Hamblin, secretary, and Miss Ida Boyd, treasurer.

Stanfield Opening Postponed.

Mrs. Sarah Neal telephoned up from Stanfield last evening that owing to the delay in completing the building it will be impossible to have the big opening ball at that place Friday evening. She had planned the big event in honor of the opening of the Neal Restaurant and many Pendleton people were counting on going down. The date for the opening will be announced later.

Ingebreton Funeral Tomorrow.

Funeral services for John Ingebreton, who died yesterday morning in Portland, will be conducted at the Folsom undertaking parlors tomorrow morning at 11 o'clock. The sermon will be preached by Rev. Nathan Evans, pastor of the First Methodist church. Mr. Ingebreton had been a resident of this vicinity for the past ten years and has a large circle of friends who will mourn his wife and baby.

Mrs. George Ginn Dead.

Mrs. Thomas Thompson today received news of the death of her brother's wife, Mrs. George Ginn, at Walla Walla, at 3 o'clock this morning. Death came following a brief illness. Mrs. Ginn was 39 years of age and was a native of Walla Walla, her maiden name being Miss Rowena Evans. She had many friends and acquaintances in this city as well as in Walla Walla. The funeral has been set for Saturday and the members of the Thompson family will go to Walla Walla to attend the service.

Visits Indian Mission.

Mrs. William Ramsey of La Grande and her brother-in-law, F. J. Martin of Seattle, have been visiting friends in Pendleton. Among those visited were Mrs. James Connors, C. P. Bishop of the Pendleton woolen mills, and Rev. Ralph E. Storey. Mrs. Ramsey went out to the Tutulla mission Tuesday evening to spend the night with the missionaries and to view the mission property, since she has always been an interested friend of the Indians and particularly those of the Tutulla mission. Yesterday morning she was taken to the government school at the agency and saw the children in their class rooms and at work. She left for home on the evening train.

County Division Meeting.

At the Commercial club rooms this evening a meeting will be held for the purpose of discussing the subject of county division. All business men, professional men and property owners of the city are requested to be present. Last evening a short conference was held in the club rooms and President Thompson was authorized to appoint a committee of nine to take charge of the campaign in behalf of the "Hudson" county move. He has selected that committee, and the membership will probably be announced this evening. John Vert, who visited Athena and Weston yesterday, accompanied by Will M. Peterson also made a brief report showing the people of those towns to be strongly in favor of the move. It is understood a more detailed report will be rendered this evening. The session tonight is to begin at 8 o'clock.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed, the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs and Elixir of Senna—and for the same reason it is the only laxative which should be used by the fathers and mothers.

If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines when medicines are not needed, and when nature requires assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs and Elixir of Senna. As you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. Please to remember, the full name of the Company—California Fig Syrup Co.—is printed on the front of every package. To get its beneficial effects it is necessary to purchase the genuine only. Buy a bottle today to have in the house when needed. Put up in one size only. Regular price 50c a bottle and for sale by all leading druggists.

BRIEF MEETING OF THE CITY FATHERS

Last evening's meeting of the city council was exceedingly brief. Following the reading of the minutes, Recorder Fitz Gerald presented his report for the month of April. The petition of Fred Walters for the vacation of the unused portion of Arc street between Raley street and the steep bank of the river was presented. This was passed without any action being taken because of the strenuous objection raised by Mayor Murphy, who insisted that the city should receive some consideration in exchange for the street.

Antone Kraft was granted a near beer license to sell near beer and other "non-intoxicating" beverages in the theater corner at 201 Court street. The license was granted until July 1, at which time it is understood the council contemplates increasing the license fee demanded from these places.

A bill of \$1047 in favor of the Good-year Rubber company for hose and nozzles was ordered paid, while the petition of Mrs. Hunter to remove privately owned steps from the Judge Bean property to Aura street, was referred to the city attorney. The steps, if moved, would extend up the bluff at the south end of Aura street and would be a great convenience to renters of the Hunter property. The council feared, however, that they would not be safe and that if placed at the end of the street that the city would be liable for any injuries which might be sustained.

Cook in Comfort

You no longer need wear yourself out with the weakening heat of an intensely hot kitchen. You can cook in comfort. Here is a stove that gives no outside heat. All its heat is concentrated at the burners. An intense blue flame (hotter than either white or red) is thrown upwards but not around. All the heat is utilized in cooking—none in outside heating.

New Perfection Oil Cook-stove

entirely removes the discomfort of cooking. Apply a match and immediately the stove is ready. Instantly an intense heat is projected upwards against the pot, pan, kettle or boiler, and yet there is no surrounding heat—no smell—no smoke.

Why? Because The New Perfection Oil Cook-Stove is scientifically and practically perfect. You cannot use too much wick—it is automatically controlled. You get the maximum heat—no smoke. The burner is simple. One wipe with a cloth cleans it—consequently there is no smell.

The New Perfection Oil Cook-Stove is wonderful for year-round use, but especially in summer. Its heat operates upward to pan, pot, or kettle, but not beyond or around. It is useless for heating a room.

It has a Cabinet Top with shelf for keeping plates and food hot. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.
