FORTUNE AWAITS JANITOR.

Scrubs Floors Unconscious That Thousands Are at His Command Through Relative's Death.

Fort Wayne, Ind.—Franklin A. Smith of Fort Wayne, sought by authorities at Pittsburg, Mass., for many years as the legal heir to approximately \$30,000 left on deposit in a bank in that city by his father at his death, is an assistant janitor at the city hall in Fort Wayne.

For several months he has been contentedly scrubbing floors and washing windows, unaware that he was heir to an estate. He had not communicated with relatives at his old home for 18 years. They had lost track of him and thought him dead.

Sultan Celebrates Anniversary. Constantinople.—The new sultan of Turkey has celebrated the first anniversary of his ascent to the throne by pardoning a large number of prisoners.

Some of Uncle Joe Cannon's epigrams are entertaining. Here is one: "To a bright young man who has anything in him, a college course is not necessarily fatal to success."

AT THE THEATER.

"In Idaho." "A good show for the money," is the verdict of those who witnessed the production of "In Idaho," at the Oregon theater last evening.

The play was presented by the Lowe Madison Square Theater company, which is holding down the boards at the Oregon this week and which is apparently growing in popularity.

"In Idaho" will be the attraction again tonight and despite the counter attraction of High school commencement the play will no doubt be witnessed by even a larger crowd tonight by reason of the favorable impression created the last two evenings.

FIGHT BROWN-TAIL MOTH.

Invasion of Destructive Insect From France Had Threatened America for Awhile.

Chicago.—The department of agriculture and its agents have nipped in the bud another invasion of the United States by the brown-tailed moth. Recently a lot of seedlings from Angiers, France, and infected with the brown-tailed moth, got past the customs inspectors at New York.

The state inspector of the agricultural department in New York, however, caught up with them and he notified the department here in Washington.

The department at once notified the treasury department. The destination of all the shipments were traced. About 800 notices, covering 33 states, were sent out. Almost every lot of seedlings traced were destroyed and it is believed by the department that the invasion has been repulsed.

NEWS OF THE NORTHWEST

Freewater Strawberry Shipments. Freewater, Ore.—The strawberry crop is being rapidly marketed, from three to four carloads leaving here every day over the Northern Pacific.

The crop this year will be at least four times heavier than any previous season, and prices have been considerably above the average.

Fished: Pays \$25. Salem, Ore.—C. H. Given was fined \$25 by Justice Daniel Webster Tuesday for fishing without a license.

Lloyd Morley, Theodore Fisher and H. E. Hubbard were each fined \$25 for catching trout less than six inches long. The arrests were made by Deputy Game Warden Rozell.

Hoo Hoos to Medford. Cottage Grove, Ore.—Vice Snark for the southern Oregon district, F. H. Rosenberg, accompanied by about 50 Hoo Hoos from the Willamette valley, will go to Medford, Friday night, for the purpose of holding concatenation there on Saturday when 25 kittens will be initiated into the order of Black Cats.

O'Brien Assumes Blame. Baker City, Ore.—General Manager J. P. O'Brien assumes the blame for failure to deliver more promptly a car of wheat loaded at Yoncalla for Oakland, Oregon, May 18.

In a letter to the railroad commission Mr. O'Brien says that delay was due to carelessness of the trainmen and that they will be duly disciplined.

Model Farm Water Plant. Baker City, Ore.—J. H. Beisley, a farmer living west of the city, who has one of the most modern homes in Powder valley, has just completed a water system that is first class in every respect.

The water is piped about 6000 feet from mountain springs, which not only guarantees a flow of pure mountain water, but furnishes ample fire protection as the pressure is 100 pounds.

Old Hay Sold. Freewater, Ore.—The old hay crop has been practically sold out. The last delivery being made Tuesday by C. W. Record of two carloads delivered at the state line at \$13.50 per ton.

The first crop of alfalfa is now being cut. The quantity and quality being better than for many years.

There will be an increased acreage of about 500 acres in this vicinity, as compared with last year.

To Irrigate, 1000 Acres. Cottage Grove, Ore.—John F. Spray who owns a large tract of land two miles east of this city, is digging an irrigation ditch two and a half miles in length from Mendall Falls, and within two weeks will have an abundance of water on a thousand acres of the best land in this section.

The law allows but one second foot for every 80 acres, and 13 second feet will be taken out from the Row river for irrigation purposes on this tract.

The cost of the work will be about \$5000 and the promoter of the project figures that irrigation will be worth the expenditure the first year.

Columbia College Commencement. Milton, Ore.—The graduating exercises of Columbia, Jr. college will begin next Saturday night, when the Rev. Dr. Raymond C. Brooks of Waila Walla will give an address under the auspices of the college.

Y. M. C. A. The baccalaureate sermon will be preached on Sunday morning in the Methodist Episcopal church, south, by Rev. Edward Barber of Albany, Ore.

The annual musical and elocutionary exhibition will be held on Monday night, when President Martin will outline the plans for the coming year.

The new college buildings are under way and are expected to be completed for the opening of the fall session. These buildings will cost about \$30,000.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every use of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY, Notary Public. Sworn to before me and subscribed in my presence, this 8th day of December, A. D. 1916.

A. W. GLEASON, Notary Public. Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonial free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 7c. Take Hall's Family Pills for constipation.

SUN SPOTS ARE PUZZLE. Astronomers Declare Halley's Comet Is Not Cause of Peculiar Phenomena.

Seattle.—"Considering the fact that this is a year of sun-spot minimum," said Professor James E. Gould of the University of Washington this morning, "there have been a great many spots visible, especially during the last week. Halley's comet could not possibly have had anything to do with this. These spots will undoubtedly result in an effect on electrical instruments."

"The spots are in all probability due to internal eruptive forces of the sun. All our data and evidence go to show that whenever spots appear on the sun electrical instruments are affected. The delicate ones may be pit out of commission, but it is not probable that such instruments as the telephone and telegraph will be very much affected."

Chamberlain's Stomach and Liver Tablets will clear the sour stomach, sweeten the breath and create a healthy appetite. They promote the flow of gastric juice, thereby inducing good digestion. Sold by all dealers.

We Give Away Absolutely Free of Cost

THE ONE REMEDY for women which contains no alcohol and no habit-forming drugs. Made from native medicinal forest roots of well established curative value.

ECHO SCHOOLS HOLD CLOSING EXERCISES

GRADUATION PROGRAM HEARD BY MANY

Echo Has Distinction of Having Only Eighth Grade Class in County to Pass Examinations in Entirety—Dan Smythe Ships Sheep—Short News Items.

(Special Correspondence.) Echo, Ore., May 26.—Last night, as a culmination to the Echo school year's work, the eighth grade graduating exercises were held here at the I. O. O. F. hall. The program which was published last week was carried out with much credit to both pupils and teachers.

The entire grade composed of Eugenie Clarmont Jones, Ellen Ruth Allen, Lee Ackley, Mary Eula Houser, Charles Nelson Manola, Bessie Mae Andrews, Kyle Perry Moore, Elita Myrtle Gillette, Frank Cunha, Mary Ann Balcom, Mabelle, Lucille Lambrith and Agnes Ambrosia. Donahue successfully passed the examination, all averaging above 90 per cent.

County Superintendent Welles, who was here, said that Echo has the distinction of having the only entire class in the county which passed this year. Miss Bessie Andrews has the highest average made this year and Miss Ellen Allen the third highest. It is not claimed that the reason for this is that Echo has the brightest scholars, although they are just as bright as any, but the success is attributed to the splendid school system and the efficiency of the instructors, L. W. Keeler and O. A. Cannon.

The parents and friends which compose all of Echo and vicinity were in attendance and the graduates were the recipients of many beautiful flowers.

Another point showing the superiority of Echo as a shipping station was demonstrated yesterday when Dan P. Smythe loaded his sheep here, eleven cars in all, and sent them to the summer range in the Blue mountains. Mr. Smythe wintered his sheep at Arlington, but drove them overland to this place to ship them as he could get a better rate and more convenient loading facilities.

Judge Stephen A. Lowell and County School Superintendent Frank K. Welles, returned to Pendleton this morning after participating in the graduating exercises here last evening.

Mrs. Ida Tefft went to Pendleton on business this morning. Miss Bertie Baker returned to Pendleton this morning after a week's visit here.

Mrs. Malissa Briggs went to Hermiston yesterday and made final proof on her homestead before A. C. Crawford, land commissioner. She was accompanied by Mrs. Mary Ackley and Mr. Walter Knight, who appeared as her witnesses. Miss Biggs has a fine quarter section of wheat land just east of Echo. The entire place is in wheat this year and promises an exceptional good yield.

Merrel Doble has accepted the position of assistant postmaster. He will fill the place so long and creditably held by Miss Florence Shaw who finds the place too confining. Miss Shaw will return to her home on the Meadows.

Mr. and Mrs. C. P. Bowman returned last evening from Pendleton where they attended the sad funeral of Mrs. Ralph Howland.

Mrs. Flora I. Foreman of Hermiston was here last night to attend the commencement exercises. Mrs. Foreman was a teacher here at one time and she takes special interest in Echo's young folk.

Yesterday was wool sales day in Echo. There was about fifty buyers here from all over the country, but no sales were made. June 18 is set for the next sales day here.

The Misses Agnes Donahue and Mabelle Lambrith spent today in Pendleton.

Baxter Lowhead, an old timer of Echo, is here after an absence of four years in Alberta. Mr. Lamhead says Alberta is a fine country but he has returned to live in Umatilla county, which act speaks for itself.

Wild Cats Thick in Scotland. Glasgow.—Wild cats are either

AMERICAN BUYS CHAMPION WOLFDOUND OF IRELAND

Dublin.—Ireland's champion wolfhound, "Wargrave," is to travel to the United States, Aston J. Loomis, of New York, having bought it for \$7500. The species is almost extinct in Ireland, but "Wargrave" is a magnificent specimen and strong efforts were made to prevent the dog crossing the Atlantic.

But Loomis had taken a fancy to the animal while hunting in Ireland, and ran the price up to the fancy figure named—too high for local competitors to match.

The dog was bred in Ireland by Michael Fitzgerald, whose name has been closely associated with Richard Croker in racing and other sporting enterprises.

The splendid work of Chamberlain's Stomach and Liver Tablets is daily coming to light. No such grand remedy for liver and bowel troubles was ever known before. Thousands bless them for curing constipation, sick headache, biliousness, jaundice and indigestion. Sold by all dealers.

Merge Rubber Companies. Colombo.—A huge combine is in formation of Ceylon tea and rubber estates. The combine will include plantations to the extent of 26,000 acres, 17,000 of which are rubber plantations and about 9,000 acres of which are tea plantations, the rest being unutilized.

The total converted capital to be subscribed is \$7,000,000.

A touch of rheumatism, or a twinge of neuralgia, whatever the trouble is, Chamberlain's Liniment drives away the pain at once and cures the complaint quickly. First application gives relief. Sold by all dealers.

Agricultural School in Africa. Cape Town, South Africa.—A national college of agriculture is soon to be established in Pretoria. General Botha has promised to set aside \$500,000 as a first installment for the execution of the project.
