

AFTER FOUR YEARS OF MISERY

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gone feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me, and I am recommending it to all my friends."—Mrs. W. S. Ford, 2207 W. Franklin St., Baltimore, Md.

New Building at La Grande.
La Grande, Ore.—Plans and specifications are being submitted by architects to Julius Roesch for the construction of a three-story building on the corner of Adams and Fair streets, to include all of the vacant space now embraced in the basement used by John L. Mars for the manufacture of cement blocks.

The construction of the building will make the second three-story structure in the city, and the investment will be a large one.

Mine by Electricity.
Marshfield, Ore.—William H. Adams, a mining engineer from New York, will operate extensively in Curry county in an endeavor to extract the gold and platinum from the black sands. The machinery which he will use weighs over 30 tons and has been shipped to Curry county by boat. The gold saving device is an electrical appliance and the process of saving the valuable miners in the black sands does not require the use of water. Many attempts have been made to save the gold in the black sand and if this effort is successful it will mean much to the locality, as there are large deposits of black sands in both Coos and Curry county. The first experiments Mr. Adams will make are to be at what is known as Gauntlett's beach, along the Curry county coast.

To Lecture on Fruit Pests.
La Grande, Ore.—Receiving a positive promise from A. B. Cordley, dean of the Oregon Agricultural college, to the effect that he will be present during the chautauqua meeting in La Grande, the committee feels very good today and announced that special advertising would be done in order to inform every fruitgrower of eastern Oregon what may be learned by attending the meeting.

Dean Cordley will lecture on "How to Fight the Fruit Pests." Special attention will be given to pear blight and he will while here investigate conditions in the valley giving the people full benefit of his knowledge along the lines of growing better fruit. This is looked upon by the committee as a very strong point for the chautauqua, for the dean seldom leaves the college and it was with no small amount of work that his presence in La Grande was guaranteed.

COAST LEAGUE.
Sacramento 5, Portland 1.
Portland, Ore., May 27.—It was a one-man game between Portland and Sacramento yesterday and Baum of Sacramento was the man. Portland found him completely unsolvable except in the seventh, when the local boys hit him four times and netted one run. To make it all the worse, Whalen who had been sent in to pitch, got into a wordy wrangle with Umpire Van Halren in the first inning, and was sent out of the game. Score: R. H. E. Sacramento 5 7 0. Portland 1 9 0. Batteries—Baum, Whalen and Spiesman; Krapp, Seaton and Fisher.

Vernon 6, Oakland 1.
Los Angeles, May 27.—With two home runs and playing an errorless game, the Vernontes defeated Oakland yesterday 6 to 1 and broke the winning streak of the Commuters. Carlisle, the first man to bat, connected with one of Christian's curves and sent the ball over the right fence. The other homer was made by Coy, who smashed one over center field fence. Wares of Oakland made up for a costly blunder by getting two two-baggers, one of which netted the visiting team their lonely tally. Score: R. H. E. Vernon 6 10 0. Oakland 1 7 4. Batteries—Hitt and Hogan; Christian and Miltz.

Los Angeles 8, San Francisco 2.
Oakland, Cal., May 27.—San Francisco had a 2 to 0 lead until the seventh yesterday, but lost to Los Angeles 8 to 2. Score: R. H. E. Los Angeles 8 10 5. San Francisco 2 8 4. Criger and Orendorff; Stewart and Williams.

COST OF BEAUTY.
How New York Dames Keep Young. Recently a young New York society woman received her monthly bill from a downtown beauty parlor. This particular bill amounted to fifty-two dollars for the month, which was, perhaps a little lower than the average monthly accounts rendered by this shop. It contained such items as Turkish Baths, \$2; Violet Water Rub, \$1.75; Facial Massage, \$.75. The attendants at these exclusive "beauty parlors frequently make as much as ten dollars a day on tips. Occasionally some "grand-dame" in sables extracts a perfumed ten-dollar piece from her gold bag and tosses it to Nancy with an air of lofty grace. One of these attendants confided to a friend in an unguarded moment that among the many lotions and beauty restorers used in such establishments, a preparation for restoring gray hair was most in demand. It is usually charged on the bill at five dollars a bottle, under a fancy name, but in reality is the same formula as HAY'S HAIR HEALTH, which retails at all druggists for 50 cents and a dollar per bottle, and is manufactured by PHILLO HAY SPECIALTIES CO., Newark N. J., U. S. A. HAY'S HAIR HEALTH has many imitators, but those who have used different preparations agree that HAY'S HAIR HEALTH is the most effective and safest. Pendleton Drug Co.
