Official Weather Report. Minimum temperature, 46. Maximum temperature, 66. Rainfall, .13.

Civic Club to Meet. The ladies civic club is to meet at 3:30 tomorrow afternoon in the city hall.

Berry Pickers in Demand. According to John Vinson, one of the prominent Freewater residents, the berry harvest in that section of the county is great and the harvesters are few. He says that unless more berry pickers are secured immediately that a large part of the crop will be lost.

Will Address Graduates. City Superintendent J. S. Landers left this morning on the Portland local for The Dalles where he will deliver an address tonight to the graduating class of The Dalles high school. He was accompanied by Mrs. Landers and they will remain in their former home city until Monday. Prof. Landers was formerly city superintendent of The Dalles schools and for that reason the commencement exercises tonight have a peculiar interest to him.

McComas Is Chairman. At a meeting of the republican county central committee held at the court house, yesterday afternoon, the resignation of Asa B. Thomson, as chairman of the committee was accepted and E. W. McComas of this city was selected to fill the vacancy. Practically every member of the committee was present in person or by proxy. June 14 was set as the date for the next meeting and at that time plans will be perfected for selecting the Umatilla county delegates to the proposed state assembly.

Will Build Fish Ladders. Two delegations of local anglers and carpenters will leave Pendleton Sunday morning by auto for the government dam and for the point in the big feed canal where it will be necessary to put in a fish ladder. One delegation will be sent to each place and as the materials for building the ladders will be on the ground it is expected that they can be completed in the one day. It will therefore soon be ascertained whether or not it will be possible to get the trout from the reservoir back into the river where it will be possible for them to get food.

Interested in New Theatre. H. A. Blatz, representing the Edwin H. Flagg Scenic company of Los Angeles, is here today in the interest of his company which furnishes theatrical scenery, hardware, and stage supplies as well as theatre drop curtains. He is naturally very much interested in the proposed new theatre and he thinks that Pendleton can well afford to put up a new house. He says that with a good playhouse Pendleton, because of her geographical location, would be in a position to secure the best attractions that come to the coast. He was delighted to find Pendleton such a prosperous looking little city and expects to return at an early date. Mr. Blatz was accompanied by his wife.
