E. O. S. N. S. ALUMNI HOLD BIG REUNION

ANNUAL BANQUET AT WESTON ON SATURDAY

Large Number of Former Students in Attendance—Excellent Program and Menu—Weston Couple Married—Decoration Day Observed Fittingly.

(Special Correspondence.) Weston, Ore., May 30.—On Saturday evening, May 28, in the dining hall of the ladies dormitory, the Alumni Association of the Eastern Oregon Normal School held its annual banquet. The dining room was tastefully decorated with clematis and school pennants. The school colors were carried out in red and white roses, red candles also ornamented the tables. Mr. Joseph Scott, president of the association, acted as toastmaster. A very pleasing program, consisting of the following numbers, was rendered: Vocal Solo.....J. E. Keefe, jr. Vocal Solo.....Clark Wood Address.....Dr. C. J. Smith Toast—"Ten Years Hence"..... Mary Zurcher Address.....Alvah Shumway Toast—"The Chicken"..... Supt. Frank K. Welles Vocal Solo.....Mrs. J. D. Plamondon Toast—"The Last Leaf"..... Lillian Holman Address.....Joseph N. Scott An excellent menu was served by the Epworth League, consisting of pineapples, chicken, mashed potatoes, pickles, olives, fruit salad, tea biscuits coffee cake and ice cream. About fifty guests were present. Class of '04 was represented by Miss Alice Barnes and Miss Alma Barnett. Class of '07 by Miss Stella O'Hara and Miss Anita Kirkpatrick. Class of '08 Mary Zurcher Alvina Riedan, Etta Woodell, Bertha Booth, and class of '09 Z. May Meighen, Claudie Kelly, Lillian Holman, Bessie Winn and Doris Barnes. Other members of the alumni were present and taken altogether a most enjoyable evening was had. A short business session followed the banquet during which Clark Wood presented plans for future campaign work and also gave out blanks to be filled for the initiative petition. Miss May Ashworth and Clyde Stags, both of this city, were married in Pendleton Saturday evening, May 28. Mr. Stags is a well known young man of Weston, having been a resident for a number of years. The bride is a daughter of James Ashworth and was born and raised in the vicinity. Memorial day not generally observed here save the closing of the bank and postoffice. Many were at the cemeteries and decorated the graves of

friends and relatives, and early in the morning kind and thoughtful hands placed the national emblem at the head of the graves of the old soldiers who lay beneath the green sod. The work of removing all traces of the evidence of the two days of jollification began early and by night the big tent, booths decorations and all will be removed and the fifteenth reunion will be of the past.

MAIL DRIVER RUN OVER, LOSES WOODEN FOOT

New York.—John Rothgang, 50 years old, of No. 451 West Thirty-eighth street, a postoffice driver, suffered a compound fracture of his right leg—a wooden one—in front of the postoffice substation at No. 3 West Seventeenth street when he was run over by a delivery wagon. Rothgang had just jumped from a wagon when a wagon owned by the Empire Shipping Co. bowled him over throwing him to the center of the street. Before the driver of the wagon could stop his horse, two wheels passed over Rothgang's right leg. "Gee! he's gritty," said Policeman Unger, of the new West Twentieth street station as he saw Rothgang under the wheels without a sign of pain on his face. As Unger ran to Rothgang's assistance and carried him to the sidewalk, he noticed the man's right foot hung as though it had no connection with the leg. "Look at your foot," he said to Rothgang. "Oh! That'll be all right," said Rothgang. "My whole leg's wooden." "Well, I wouldn't stand for losing it," said Unger, and he offered to call an ambulance. "Nothing doing," said Rothgang. "An ambulance doctor can't fix this leg. I need a carpenter." Despite Rothgang's objections Unger called Dr. Donnell from Bellevue, who found that he could do nothing for Rothgang. Unger arrested the driver of the wagon, Arthur Daly, of No. 37 St. Marks place, Brooklyn, on a charge of assault, and Rothgang, in the care of his friends, went home carrying his right foot with him.

Mr. Isaac Cook, commander of above Post, Kewanee, Ill., writes: "For a long time I was bothered with backache and pains across my kidneys. About two months ago I started taking Foley Kidney Pills and soon saw they were doing just as claimed. I kept on taking them and now I am free from backache, and the painful bladder misery is all gone. I like Foley Kidney Pills so well that I have told many of my friends and comrades about them and shall recommend them at every opportunity. Koeppen Bros.

SOLDIER WANTS TO BE LEGALLY RESURRECTED

Washington.—Andrew G. Staley of Salt Lake City has denied to the war department the official record that he is dead. Being very much alive, Staley is seeking legislation which will correct the war department. Senator Sutherland of Utah has prepared a bill designed to correct the record, which sets forth that Staley died on December 31, 1862, in a hospital at Memphis. Staley was a member of Company H, One Hundred and Eighteenth Illinois. For many years since the war he has made Salt Lake his home, but only recently learned that the war department had listed him among the dead of the civil war.

KING'S DEATH NOT TO STOP AVIATION MEET

London.—The death of King Edward will in no way interfere with the various aviation meetings which have been arranged to take place in July and August, and several fashionable seaside resorts hope to make handsome profits. The flying craze has received a tremendous impetus through the example set by Mr. Graham White, and at Oxford and Cambridge several young undergraduates are experimenting with aeroplanes. The Duke of Westminster, who owns three machines, has not yet attempted a flight. Lord Howard de Walden is another flying enthusiast and the young Marquis of Anglesey has got as far as "gliding."

AN UP-TO-DATE STOVE

Do you realize there is no longer any reason why you should use a coal range? Oil is cheaper than coal; it is lighter and easier to handle, and gives an intense heat. Provided you have the right stove, oil is more economical, cleaner and less trouble. Have you seen the

New Perfection WICK BLUE FLAME Oil Cook-stove

The accompanying illustration gives you only a rough idea of its appearance. You really can't appreciate it until you either use it yourself, or talk to someone who has used it. It does everything that a coal range will do—except heat the room. The New Perfection Oil Cook-

Cautionary Note: Be sure you get this stove—see that the name-plate reads "N-P Perfection."

Stove will do anything, from heating a kettle of water to cooking a course dinner, but it won't heat a room. It doesn't "smell," it doesn't smoke. It can't get out of order. Light it and it is ready. Turn it down and it is out. Only a woman who knows the trouble of carrying coal and cooking in a hot kitchen can appreciate what it means to have a clean, perfect stove that will cook anything, boil, bake or roast, and yet won't heat the kitchen. How is it done? The flame is controlled in turquoise-blue enamel chimneys, and directed against the bottom of pot, pan, kettle or oven, and only there. The flame operates exactly where it is needed—and nowhere else. With this stove your kitchen is cool.

The nickel finish with the bright blue of the chimneys makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

Honor in Wall Street.

One would hardly consider the New York Stock Exchange exactly in the light of "a communion of saints." Indeed, to judge by much that appears in the daily papers and the muck raking magazines, this might be the last place to look for the very soul and spirit of integrity. But there it is "in the midst of them." Between members of that marble mansion of trade in securities on New York's famous Broad street no paper writing passes certifying to the binding obligation of a transaction. In the very fiercest rush and maddest vortex of the wild corner a word, a nod, the merest sign, amply suffices. Whatever it may lead to—irreparable loss, ruin, bankruptcy, no matter—the deal is closed. I am not professing to be an apologist for whatever crimes may be committed in the name of honor. I simply record the fact, to be easily verified, that the dealings on that exchange are "on honor." The Corinthian fairness of its pillars and entablature front is not shamed by the constant and consistent uprightness of the traffic within.—Christian Register.

A Tragedy in Writing.

Illegible handwriting, which has given rise to so many comedies, led to a tragedy in the case of Bacher, a musical enthusiast of the last century who devoted several years to the composition of a history of Viennese music. His task finished, he submitted the manuscript to the Austrian imperial academy, which he had been led to believe would defray the cost of its publication. After three months his manuscript was returned. Despite their best efforts the members had been unable to decipher it. Bacher then endeavored to have his work copied, but every professional copyist who undertook the task had to confess himself baffled. He thereupon attempted dictating the work, only to find that even he could not decipher it, and, heartbroken at the discovery that his years of toil had proved fruitless, he attempted suicide and finished his days in a lunatic asylum.

Her Cab.

Mary Ann of Lancaster Gate, basement, was having a week off and had arrived back at her little native village in all her metropolitan paint and feathers. It was a very little native village, and Mary Ann, after her many months' service in town, didn't think so very much of it. Even James, the station porter and her old sweetheart, seemed hopelessly insignificant, and instead of staggering him with the kiss that he expected she looked him up and down, comparing him with a certain gentleman whose acquaintance she had recently made and who wore plush breeches and silk stockings.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney elements of blood will attack the vital organs, causing catarrh of the bladder, backache or sediment in the urine, headache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell. Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is obtained quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone. Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—If you do you will be disappointed.
