## FARMERS' PICNIC WAS BIG SUCCESS

MILTON THROGGED AS NEVER IN HISTORY

Members of Farmers Union Picnicked in Overalls and Jumpers—Results of the Horse Show—Strawberries Were Served All Visitors.

Never in her history has the town of Milton seen such crowds of people as thronged her streets and groves yesterday. The occasion was the tri-annual celebration of strawberry day, horse show and farmers picnic. Hundreds went from this city and other points in this end of the county, thousands poured across the line from Walla Walla and neighboring towns until it is estimated that more than 3000 people were in attendance. All regular trains as well as specials were crowded to capacity.

In the morning the program consisted of exercises at the grove, and speaking was the order of the forenoon. On the program were: S. D. Peterson, president of the Milton Commercial club, who gave the address of welcome; President S. B. L. Penrose of Whitman college; President Bleakney of Pendleton academy; B. C. Sanderson of Freewater; J. L. Dumas of Dayton; C. C. Connor of Athena, and E. F. Barker of Walla Walla.

In the afternoon was the annual horse show, and at this were exhibited many fine animals, some of them

prize winners in much larger shows. The results of the show are as follows:

**HOW TO LIVE AND LOVE.**

French Countess Gives Friends Hints on Methods.

Berlin—The Countess Vera de Tallyrand, a well-known social leader in the highest circles in Paris, has just prepared a surprise for her wide circle of friends by having printed for private circulation a little book of aphorisms on life and love, entitled "Thoughts and Remembrances." In this little work the Countess Vera reveals herself as a keen student of mankind and the possessor of a delightful wit tempered by broad and kindly philosophy and by that touch of cynicism which points an epigram.

Here is some useful advice to men, couched in epigrams on women: "To please women one must adhere to one only."

"Women never come of age; reason irritates them, sentiment guides them."

"Woman is like the dew. If it is a tear of dawn, a fall of pure alabaster, it is a pearl, if it falls to earth it is mud."

"When woman loves she pardons even crime; when she ceases to love she does not forgive even virtue."

Of her own sex the countess remarks: "The coquette takes her desires to please for her need to love."

"The first thing that women know is that they are beautiful; the last thing they perceive is that they are old."

"A woman is like an army; she is irretrievably lost if she has no reserve."

**The Big Head**  
is of two kinds—conceit and the big head that comes from a sick headache. Does your head ever feel like a gourd and your brain feel loose and sore? You can cure it in no time by acting on your liver with Ballard's Herbine. Isn't it worth trying for the absolute and certain relief you'll get? A. C. Koepfen & Bros.

**Record of Halley's Comet in 1066.**  
Rome, Italy—Mr. Evidencus has discovered a diary in the archives of the Cathedral at Viterbo containing an entry dated April 5, 1066, recording the appearance of a comet. The discovery is very important since it constitutes proof that Halley's comet was seen at Viterbo 13 days before it was seen anywhere else in Europe.

**What a Summer Cold May Do.**  
A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system. Koepfen Bros.

What a man don't know may not hurt him, but what he does know helps him a whole lot.

**In the First Place.**  
Remember that backache, either acute, or of the dull aching kind, rheumatism, urinary irregularities, lassitude, headache with "specks before the eyes," are all indications of kidney and bladder disorders. Or you may have a run-down feeling generally, loss of appetite, sleeplessness, and a lack of interest in your work and inability to perform it readily and satisfactorily. Then remember that Foley Kidney Pills are especially and carefully compounded of ingredients noted for the relief and cure of these conditions. Remember too that your kidneys can not be replaced and that you cannot live without them. Foley & Company stand back of these pills as they do the other of their well known list of standard preparations, and urge you to try Foley Kidney Pills at once if you have any indication of kidney or bladder disorder. The genuine is in a yellow package. Do not accept a substitute.

Read how H. C. Hicks of Canton, Ill., derived great benefit from Foley Kidney Pills: "In the past year I had trouble with my kidneys and bladder. First a dull constant pain in the small of my back, then sleeplessness from the necessity of getting up many times a night. I became very nervous, headache and dizziness on rising and specks always before my eyes. At this time I began taking Foley Kidney Pills and I soon saw an improvement, so I kept right on. The pain in my back left me the action of my kidneys and bladder became regular and natural and I again slept soundly. My natural strength and vitality came back and I could again do a good day's work. I gladly recommend Foley Kidney Pills." A. C. Koepfen & Bros.

## Combined Harvester vs. Stationary Harvester

The following figures will show you why the progressive farmer who uses the HOLT COMBINED HARVESTER succeeds and is able to buy his neighbor's land.

Two farmers, Mr. Brown and Mr. Jones each have 800 acres of grain to harvest. Neither one have their own outfit and each must either buy an outfit complete or hire the work done.

Mr. Brown hires a stationary outfit to head and thresh his grain, under the following terms:

Heading 800 acres, at \$2.00 per acre	\$1,600
Threshing 800 acres, 30 bu. grain, at 7c per bu.	1,650
Waste (from header and thrasher in field) 3 bu per acre at 75c per bu	1,800

Brown's total expense \$5,080

Mr. Jones buys a HOLT COMBINED HARVESTER and his complete equipment costs him \$2,000

Hires 26 horses to operate his machine, at 75c per day per animal, for 25 days 492

Labor, 5 men 25 days at \$3.00 per day 375

Board of 5 men 25 days 63

Jones' total expense \$2,940

Subtracting Jones' expense bill from that of Brown show us that Mr. Jones has a new combined harvester and \$2,140 in money more than Mr. Brown from the same acreage in one harvest, besides Jones will have his harvester the next year assuring another saving of \$2,000 on his next year's crop.

**Figures will not lie. Can you show us any good reason why you should not own your own harvester?**

If you want to buy a HOLT COMBINED HARVESTER for June shipment, see

**E. L. Smith, Pendleton, Ore.** A complete line of extras always on hand.
