DR. COE BANQUETS MANY COLONISTS

EN ROUTE TO UMATILLA

Columbia Land Company Is Host to About 80 Easterners in Portland-Many Will Locate in his County.

Tuesday evening at the Commercial iub in Portland, the Columbia Land ompany entertained a party of about a colonists from the middle west at dinner given by Dr. Henry Waldo e, president of the company.

These new settlers arrived in Portnd en route for Stanfield and Herdistan in Umatilla county in three secial cars under the general manrement of the land company, makg the rose show a feature of the

One car was from Grand Forks, un er management of James M. Kyle, nother from Valley City, under mangement of Schiller Herman, and the hird from Minot, in charge of F. E. Baker. Dr. Coe made a short adress, in which he refrained from iscussing his own project in eastern Oregon, but dwelt upon the magnifience of Oregon as a whole stating that to settle anywhere in the state neant no mistake.

Mr. Ball, in discussing the work beig done in Umatilla county, remark-

These people may be rightly safd o represent five persons each and ut of the 89 people in these three cars we shall expect to locate not less than meaning in the end not less than 300 people.

We will have two additional cars the city this week and they will kept coming until we have settled hundred thousand people in the wer Umatilla valley. This makes bout 20 cars that we have personally inducted to this state during the past six months,

"I do not believe that the people of Oregon appreciate the great work which Dr. Coe is doing for Oregon "Most sales of land here are made

to people who come to Oregon on their own motion. We go out and get these people, bringing them in our own special cars on a 2000-mile journey to this land of promise.

"It seems to me that the people of Oregon do not fully appreciate this great colonization movement. The work Dr. Coe is doing here in Oregon worthy of their special attention and indorsement. In fields where the Columbia Land company is operating nuch is published about this colmization movement in Oregon, and it s generally of a kind to try to keep cople in their homes, Of course, such publications always have something say complimentary to the hustling haracter of the Columbia Land company, doubtless the most successful sionization influence now operating or the good of Oregon."

Gained Fifteen Pounds

'Am in better condition physically than I have been for years. My stomach, kidneys and liver are in fine shape," says Mr. William A. Burgess.

"While serving in the U. S. Army, 1898 to 1901, I contracted stomach and kidney trouble, from which I have suffered ever since, and for which I receive a pension. I tried many remedies, but none gave any noteworthy effect. About three months ago I began using Duffy's Pure Malt Whiskey as a medicine. I have used three bottles and have gained fifteen pounds since I began using it. I am still using it, and I do not think there is any medicine made that is equal

to it. My stomach, liver and kidneys are in better order than they have been for years, and if these three organs of the body are kept in order one will have few doctor bills. I cheerfully recommend Duffy's Pure Malt Whiskey as a tonic, a stimulant and renovator of the whole sys-
