## PACIFIC COAST LEAGUE.

Vernon Wins from Sacramento. Los Angeles, June 12.—Vernon won the afternoon game from Sacramento today at the Chutes, 4 to 2. The morning game, played at Vernon Park was called at the end of the ninth because the time limit had expired, and the score was left a hit, 5 all.

Roy Brashear saved the morning game from being a defeat for Vernon by a home run which pushed in two runners ahead of him. He did the same trick in the afternoon, in the sixth inning, bringing in one man and giving Vernon a lead. The pitchers on both sides in both games were exceedingly stingy, Brashear's hitting being the only thing out of the ordinary. Scores: Morning game: R. H. E. Vernon.....5 6 1 Sacramento.....5 6 2 Willett and Brown; Hunt and Graham, Spiesman. Afternoon game: R. H. E. Vernon.....4 5 0 Sacramento.....2 5 1 Carson and Hogan; Nourse and Graham.

Los Angeles 1, Portland 4. Portland, Ore., June 12.—Portland took a bitterly contested game from Los Angeles by a batting rally in the eighth inning, which netted them three runs. Previously to that the game had stood 1 to 1 from the fourth when Los Angeles tied the score.

Portland's victory was due to a home run by Ryan, which scored Fisher and Casey. The fielding which by both teams was gilt edged, was the feature of the game. Score: R. H. E. Los Angeles.....1 2 0 Portland.....4 10 1 Batteries—Wheeler and Waring; Krapp and Fisher.

Oakland Wins Two. San Francisco, June 12.—Oakland is just one point from the top today in the pennant race. Wolverton's climbing aggregation took both games from San Francisco today, beating the leaders in the morning at Freeman's park, Oakland, by a score of 3 to 0, and in the afternoon at Recreation park, 2 to 1, tumbling them into third place. Lively pitched a remarkable game in the morning, allowing but one hit. Scores: Morning game: R. H. E. Oakland.....3 6 0 San Francisco.....0 1 2 Batteries—Miller, Eastley and Berry; Lively and Pearce. Afternoon game: R. H. E. Oakland.....2 9 3 San Francisco.....1 4 0 Batteries—Nelson and Pearce; Henley and Berry.

NORTHWEST LEAGUE. Seattle 6, Tacoma 4. Seattle, June 12.—Seattle won from Tacoma this afternoon by a score of 6 to 4, giving the local players five consecutive victories and a lift out of last place. Score: R. H. E. Seattle.....6 8 3 Tacoma.....4 7 3 Engle, Hall and Shea; Annis and Brynes. Spokane 6, Vancouver 0. Spokane, June 12.—Spokane went into first place today by shutting out Vancouver, 6 to 0, making it five out of seven on the series. Bonner won his fourth straight victory and pitched magnificent ball. Keener's batting was a feature. Score: R. H. E. Spokane.....6 9 1 Vancouver.....0 3 0 Batteries—Bonner and Brooks; Miller, Chennault and Sugden.

SINGERS OF AMERICA TAKE ITALIAN NAMES. Paris.—A curious fashion is springing up among American singers of changing their family names and softening them down into imitation Italian. Nevada, Nordica and Melba are probably responsible for the fashion which the younger generation has adopted. Thus Miss Elizabeth

# AFTER SUFFERING FOR YEARS

Cured by Lydia E. Pinkham's Vegetable Compound

Park Rapids, Minn.—"I was sick for years while passing through the Change of Life and was hardly able to be around. After taking six bottles of Lydia E. Pinkham's Vegetable Compound I gained 20 pounds, am now able to do my own work and feel well."—Mrs. E. LA DOU, Park Rapids, Minn.

Brookville, Ohio.—"I was irregular and extremely nervous. A neighbor recommended Lydia E. Pinkham's Vegetable Compound to me and I have become regular and my nerves are much better."—Mrs. R. KINZISON, Brookville, Ohio.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record for the largest number of actual cures of female diseases we know of, and thousands of voluntary testimonials are on file in the Pinkham laboratory at Lynn, Mass., from women who have been cured from almost every form of female complaints, inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration. Every suffering woman owes it to herself to give Lydia E. Pinkham's Vegetable Compound a trial. If you want special advice write Mrs. Pinkham, Lynn, Mass., for it. It is free and always helpful.

# FACTS FOR FARMERS

## How to Start Alfalfa.

Alfalfa is a hard crop to start. It is delicate and tender, and to put alfalfa on ordinary land without any protection or any help, is about like throwing away \$4 an acre. The money is ordinarily wasted if you sow it as you would clover or most other crops.

We want to prepare and enrich the land and give alfalfa the best possible chance to start with. If the land is sandy, put on 20 loads of manure per acre, 30 loads would be better. You are preparing the land, not for one year, but for ten years. You can afford to do almost anything to get it in shape.

The land should be worked until it is free from weeds. You cannot have alfalfa prosper with weeds and foul grass; destroy them before you sow the crop.

If you have the land free from weeds and the surface soil enriched, so that the alfalfa will live say two years, then it will grow and take care of itself.

Alfalfa gets its roots away down below where any other crop has been. It draws phosphorus and potassium from the deeper soil. It is not necessary to apply phosphorus to alfalfa land. If the soil is acid, put on plenty of ground lime stone and manure.

Get five cents worth of blue litmus paper from the drug store, break in two a mass of the moist soil, insert a piece of the litmus paper, and press the soil firmly together again.

After ten or twenty minutes remove the soil and allow the paper to dry. If the dried test paper is pink or red, as compared with the original color the soil is acid and needs the ground limestone, about one ton per acre, thoroughly mixed with the soil.

If you have clean, rich land, you can seed alfalfa early but from a good many years' experience we advise sowing alfalfa between the middle of July and the middle of August. Have the ground made rich the year before, and well drained. Plow the ground in the spring at the time you would for corn, then disk it or harrow it about every week or ten days until you are satisfied the weeds and foul grass are practically all started and killed. If it takes until the middle of August, why work it until then? When the weeds come, kill them with your harrow.

In a few days there will be another crop of weeds spring up. Go on with your disk and harrow your ground, and let the weeds up as long as they will; kill each crop. You have both killed the weeds and preserved moisture.

Then thoroughly inoculate the ground and sow 20 to 25 pounds of good alfalfa seed and harrow it in well. If the ground has been well manured the year before, I cannot

tell you any better than this, but I don't believe it is necessary to thus give up the use of the land, and I think after you have found that you can grow alfalfa you will follow the plan of taking a field, that has been in the winter wheat or clover, plow it immediately, work it a month and sow it about the last of July.

If you have harvested the clover hay crop you can give up the land the last of the year to get the alfalfa started. After the oats crop it is getting too late; follow winter wheat is better, and following clover hay is best of all. See that the soil is inoculated so that you will have bacteria there to enable you to get nitrogen from the air. The best method is to use soil that has bacteria in it already. You can get this from an old field where alfalfa has been growing several years, or you can get it from an old patch of sweet clover.

Sof it in at the time you sow the seed. When the soil for inoculation becomes somewhat dry it is easily scattered by hand from the wagon or from a sack which one can carry.

Sometimes it is applied by means of an end-gate seeder or a fertilizer drill. Don't scatter infected soil over the land and let it lie for many hours in the hot sun, for most of the bacteria will be killed. Use a wagon load to the acre if you can get it—the more the better.

Alfalfa is almost always benefited by mowing. Next to that is disking. It does not do well mow and disk it. We want to get nitrogen into the soil and consequently the soil must be open and porous. That is one reason why we disk alfalfa when it gets a year or so old, after every cutting. Disk it at first if the ground is hard. Set the disk not to slanting, so it won't cut the crowns off, and don't set it so it will cut the roots off. Disk it twice if it is all right.

You can set the disk pretty straight the first time; this next time set it at a sharper angle.

The two objects are to loosen up the ground so the nitrogen will enter and root out blue grass and foul weeds. The disking won't kill the deep alfalfa roots.—Fortworth Citizen-Star.

**Poultry Pointers.** Early in the season it is a good plan to pick out the best laying hens and sort out the others and dispose of them. None but good layers should be kept.

The color of the shell of an egg has nothing to do with its richness, according to scientific tests, although in some markets some colors sell more readily than others.

The best egg stimulant and health promoter is a variety of good, wholesome food adopted to egg production, dry, comfortable houses and sanitary surroundings.

Men's oxfords cheap at A. Eklunds.

For Sale. P. G. Smith of Burns will be in Pendleton, June 18 with 60 head of big horses to sell.

Good gentle saddle horses for ladies. Commercial Barn.

## Don't try to raise several breeds of chickens on the same farm at the same time—it won't work out well.

Lime sprinkled about the poultry yards and houses will help greatly to keep things clean and healthy. Lime is a great absorbent.

The incubator is an aid to religion and moral welfare. There are few things more provocative of cuss words than the average setting hen.

Chickens should not be kept inside the house during bright sunny weather.

Many poultry diseases trace their origin to improper ventilation or lack of protection from severe weather.

**A Dreadful Wound.** from a knife gun, tin can, rusty nail fireworks, or of any other nature, demands prompt treatment with Bucklen's Arnica Salve to prevent blood poisoning or gangrene. It's the quickest, surest healer for all such wounds as also for burns, boils, sores, skin eruptions, eczema, chapped hands, corns or Piles. 25c at Tallman & Co.

## UNITED IRISH LEAGUE IN FANTASTIC FIGHT

Belfast.—At the annual convention of the United Irish league, just held here, the report dealt with the split in the Irish party and stated: "These feelings are increased and intensified by the horror and disgust with which Irishmen of Great Britain view at this great hour of Ireland's opportunity, the treasonable attempts of faction to disrupt the Irish ranks and destroy Ireland's hope of freedom."

The Irish in Great Britain appeal to the Irish people in the Motherland to cast out this demon of dissension from their soil."

J. O'Neill (Glasgow) proposed a resolution strongly condemning the disruptive tactics of William O'Brien, M. P., as being utterly unworthy of a man with his record, and regarding his formation of the "All for Ireland League" as militating against real Irish progress, and that steps be taken to contest every O'Brien seat at the next general election. This was carried.

**The Big Head** is of two kinds—conceit and the big head that comes from a sick headache. Does your head ever feel like a gourd and your brain feel loose and sore? You can cure it in no time by acting on your liver with Ballard's Herbine. Isn't it worth trying for the absolute and certain relief you'll get? A. C. Koeppen & Bros.

**CALL FOR WARRANTS.** All general fund warrants registered during the months of January, February and March, 1910, will be paid at my office in the county court house upon presentation.

Interest ceased upon date of publication. Dated Pendleton, Oregon, June 11, 1910. G. W. BRADLEY, Treasurer Umatilla County.

State of Ohio, City of Toledo, Lucas County, ss. Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure. FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1895. A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

F. J. CHENEY & CO., Toledo, O. Sold by all Druggists, 75c. Take Hall's Family Pills for constipation.

## TOO MANY LOVES GETS LATIN PROF. IN TROUBLE

New York.—Quite a shock was given this week to the friends of Professor Harry Thurston Peck, holder of the chair of Latin at Columbia University, distinguished essayist and critic when it became known that he had been made a defendant in a breach of promise action brought against him by Esther Quinn, a former newspaper woman, who demands \$50,000 damages. Following the divorce of Mrs. Peck No. 1 from the pedagogue, Miss Quinn alleges he made violent love to her. In proof of it she displays more than one hundred letters, which, it is claimed, Peck sent her, in which he avows his affection in the most endearing terms. What disturbs most the equis of the professor's friends is the fact that he has taken unto himself a charming second wife to whom the imputations of Miss Quinn against her husband must be tremendously humiliating. As was reasonable to expect, the suit has caused no end of a hub-bub among the members of the Columbia faculty and in the literary set in which the Latinist has been a moving figure. Of course, he denies the charges of the fair complainant. What worries his friends most in view of this is the bundle of love epistles freely given to the public this week by counsel for the newspaper woman, who seems determined to make the most of them, holding that they prove her case, per se.

**Baby's Vital Point.** The most delicate part of a baby is its bowels. Every ailment that is suffered with attacks the bowels also endangering in most cases the life of the infant. McGee's Baby Elixir cures diarrhoea, dysentery and all derangements of the stomach or bowels. A. C. Koeppen & Bros.
