BIG POULTRY SHOW TO BE HELD IN FALL.
 Seattle.—One of the chief features of the second annual Western Wash-

ington Fair, to be held in Seattle, September 19 to 25, will be a great poultry show, to be housed in a special building now under construction at the fair grounds at Madison park. The show will be in charge of J. L. Anderson, who was superintendent of the big poultry exhibit at the Alaska-Yukon-Pacific exposition last fall.
 According to assurances already received from leading exhibitors of the Northwest, there will be more than 2,000 entries for the show, of which 1,200 are already officially entered for the many premiums to be offered by the association. Superintendent Anderson said recently that the coming show will surpass the exposition exhibit, both in number and class of entries.
 The poultry will be housed in specially constructed pens, arranged in a big building, with 12,000 square feet of floor space. In addition to the many exhibits of domestic fowls, there will be a special exhibit of game birds and water fowl.
 In addition to the pens of fowl of every description there will be an interesting exhibit of young chicks of many breeds. With this exhibit there will be a "battery" of incubators, in which will be eggs timed to hatch out during the week of the fair.
 Premium lists for the fair will be issued this week, and can be obtained from Secretary Guy MacL. Richards, Globe Building, Seattle.
 Deep waterways ought to be one of the main planks in the temperance platform.

NEEDFUL KNOWLEDGE.
 Pendleton People Should Learn to Detect the Approach of Kidney Disease.
 The symptoms of kidney trouble are so unmistakable that they leave no ground for doubt. Sick kidneys excrete a thick, cloudy, offensive urine, full of sediment, irregular of passage or attended by a sensation of scalding. The back aches constantly, headaches and dizzy spells may occur and the victim is often weighed down by a feeling of languor and fatigue. Neglect of these warnings and there is danger of dropsy, Bright's disease or diabetes. Any one of these symptoms is warning enough to begin treating the kidneys at once. Delay often proves fatal.
 You can use no better remedy than Doan's Kidney Pills. Here's Pendleton proof:
 S. P. Hutchinson, proprietor of feed store, 1610 W. Webb street, Pendleton, says: "I was annoyed by a dull pain below my kidneys and at times the secretions from my kidneys were retarded. Since learning of Doan's Kidney Pills, I have used them and they have always brought me relief from troubles of this kind. I am pleased to give this preparation my endorsement."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
 Remember the name—Doan's—and take no other.
