

AN INTERESTING CONFESSION

"THE NEW IDEA."
We have a hobby.
It concerns every man, woman and child in town.
Our hobby is—but wait a moment. Suppose you are sick, or one of your family is sick. You consult the best physician you know of and he gives you a prescription.
You have a right to take that prescription to any druggist, no matter whose name is printed on it. You have the same right to select your druggist that you do to select your doctor.
Particular people bring their prescriptions to us, because our hobby is prescription work.
We take the same sort of pride in compounding every prescription the very best way that an artist takes in painting the very best picture he can; the same that the conscientious doctor takes in bringing his patients back to health.
We know drugs; we know where to buy the best. We get that kind. Appearances are deceptive. Two phonograph records look exactly alike, but the phonograph gets a \$1.000 Melba song from one and a ragtime two-step from the other. So, with drugs, the inferior look as good as the best.
Our hobby leads us to study each prescription to make it give the right results. There is no rule of thumb, no guessing—simply, accurate, scientific work done by men who know and love their profession. If there is any surer way than this we can't imagine what it is. And besides—
Any physician who knows us will tell you "we do things right." The best way for you to know is for you to bring your next prescription here where such work is not regarded as a druggery, or a necessary evil, or as a good chance to get a big price for something—but where it is a "hobby"—where it is looked upon as the most important service we can render to our fellow-man.
The price! We haven't said anything about the price. That won't bother you for a moment. We want all the prescription trade we can get. It would be foolish for us to charge too much. We can afford to charge a little too little, for the sake of building up a branch of our business in which we are very keenly interested.
When you have a prescription, remember our hobby. Remember, too, that we will call for your prescription and deliver the medicine—phone us at any hour.

HAY HARVEST OF MILTON DELAYED

HIGH WINDS INTERFERE WITH FARMERS' WORK

Season Pretty Well Along—First Crop of Alfalfa Nearly in Stack—Short Items of Interest of East End Town

(Special Correspondence.)

Milton, Ore., June 12.—Owing to the high winds which have prevailed in this section the past three days farmers are compelled to postpone their hay harvest. Many are in the midst of it while others lack only a day or two in having the first crop of alfalfa stacked.

Mrs. C. T. Godwin and her cousin, Miss Hamilton, returned to their Baker City home today. The ladies have been the guest of Mrs. Godwin's mother, Mrs. Eleanor Phelps.

Sam Small the evangelist, is scheduled to speak in Milton next Wednesday night. Mr. Small has been holding revival meetings at the skating rink at Walla Walla and has caused quite a commotion in that city. Many people from the cities of Milton and Freewater have attended his meetings and a large crowd will attend Wednesday night.

Miss Eva Shrimf of Athena has returned to her home after a visit of a week's duration with friends here.

Mrs. Claud Steen, who was operated upon at a Walla Walla hospital yesterday is reported as doing nicely.

BROTHERS HANGED 50 YEARS AGO INTERRED

London.—After an elapse of 50 years the funeral of the brothers named McCormack was only recently held at Nenagh county, Tipperary.

Seldom have so many people taken part in a funeral procession as attended the interment of the two brothers. It was estimated that over 10,000 people were present.

The McCormacks were hanged 50 years ago, after having been convicted of the murder of a man named Ellis; but the people of the locality were convinced that the men were innocent of the crime.

When, therefore, the old goal was disposed of recently, in order to be transformed into convent grounds, the suggestion was made that the remains of the McCormacks should be disinterred and accorded a public funeral.

This was done, the manifestation of public sorrow being intensified by the fact that most of those present showed traces of grief at the death of King Edward.

A requiem mass was first celebrated in the Roman Catholic church, after which the procession started for the graveyard, where the interment took place.

Banners were placed at intervals along the line of route, bearing such legends as "Innocent, Not Guilty," and "Innocence Rewarded."

All the shops in the town were closed. Many clergymen headed the procession and following them came school children wearing black and green rosettes.

The two hearses, each drawn by four horses, were followed by 600 vehicles, interspersed among which were bands, the draped instruments and muffled drums playing funeral music.

Marvelous Discoveries.

mark the wonderful progress of the age. Air flights on heavy machines, telegrams without wires, terrible war inventions to kill men, and that wonder of wonders, Dr. King's New Discovery, to save life when threatened by coughs, colds, la grippe, asthma, croup, bronchitis, hemorrhages, hay fever and whooping cough or lung trouble. For all bronchial affections it has no equal. It relieves instantly. Its the surest cure. James M. Black of Asheville, N. C., R. R. No. 4, writes it cured him of an obstinate cough after all other remedies failed. 50c and \$1.00. A trial bottle free. Guaranteed by Tallman & Co.

Lightning Strikes Bike Rider.

Battle Creek Mich.—With his head gashed and his right arm scarred, George E. Williams, an Advance Thresher carpenter, is lucky to be alive. Williams was riding a bicycle along Upton avenue when a bolt of lightning hit the handle bars of his wheel, ripped off the riders sleeve and burned his arm badly. Williams pitched forward unconscious and was still senseless when removed to his home in the police ambulance. Several stitches were taken in his scalp, but he will recover, though he was in serious condition of the afternoon.

ASSIST NATURE. There are times when you should assist nature. It is now undertaking to clean your system—if you will take Hood's Sarsaparilla the undertaking will be successful. This great medicine purifies and builds up as nothing else does.

Glad to Recommend Them.
Mr. E. Weakley Kokomo, Ind., is glad to recommend Foley Kidney Pills. After taking them as directed he says: "The severe backache left me, my kidneys became stronger, the secretions natural in color and my bladder no longer pained me. I am now over my trouble and glad to recommend Foley Kidney Pills." A. C. Koeppe & Bros.

What a Summer Cold May Do, | A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system. Remember the name Foley's Honey and Tar, and refuse substitutes. The genuine is in a yellow package and contains no opiates and no harmful drugs. A. C. Koeppe & Bros.

SOME NEWSY NOTES FROM NORMAL TOWN

(Special Correspondence.)

Weston, Ore., June 11.—Miss Gertrude Wheeler, who was a student at the Lewiston state normal school during the past school term, has returned home to spend the summer vacation. Miss Wheeler was formerly a student at the E. O. S. normal school but like many other of the students to complete her studies entered the Lewiston normal.

Otis Turner, S. A. and W. A. Barnes, and Frank Price, who left during the fore part of the week for the Umatilla on a few day's fishing expedition returned last evening. They report rather poor success, and what catches were made were of rather small size.

Dr. J. R. Sponagle, the Athena dentist, was a business visitor yesterday attending to more fully advertising of his business throughout this section.

Mrs. W. S. Price left during the week for Mabton, Wash., to be present at the reunion of the Maybee family the first in twelve years. There will be present Mrs. M. J. Maybee the mother, and the following children: Mrs. A. F. Turner of Grangeville, Idaho; Mrs. George Martin, of Mabton, Wash.; Mrs. W. S. Price of Weston, Charles E. Maybee of North Bend, Oregon, and George W. Maybee of North Bend, Washington.

Mr. and Mrs. H. W. Kemp returned to their home near Cornelius, Oregon, this morning, after a pleasant visit with their son Ira M. Kemp, cashier of the bank.

L. S. Wood has been appointed by the county court to perform the duties in the two Weston precincts of registry clerk, and has received all of the necessary books and blanks. The work has already begun and the citizens are responding to the request to register early.

Weston Lodge No. 58, I. O. O. F., elected the following officers at their last meeting: Frank Price, N. G.; W. A. Barnes, V. G.; J. R. LaLande, Rec. Sec.; L. L. O'Harra, F. Sec.; S. A. Barnes, Treas.

Mr. and Mrs. Harry E. Turner left on yesterday's train for Portland, to attend respectively the Masonic grand lodge, and the grand chapter of the Eastern Star. Mrs. Etta Carmichael will also be in attendance at the convening of the Eastern Star convocation.

Miss Grace Gregg, who has been teaching at the White Fir school on the Reed and Hawley mountains during the past year has closed her school for the season. Patrons and pupils are greatly pleased over the results of the school work during the term.

T. S. McKinney and family, accompanied by Dr. T. B. Short and his family left today for their homesteads in the Christmas Valley, Lake county, Oregon. They will travel overland with teams, and expect to be on the road about ten days.

Yesterday, Friday, the temperature as recorded by the government instruments reached 102 in the shade. This is the highest temperature recorded in the month of June during the past twenty years. The grain crops were more or less affected by the intense heat, but it is not thought that any serious damage has been done except perhaps to the grain on thin alkali lands. Today the temperature has fallen to below normal, and a slight rain fell in the early morning hours which was accompanied with a strong wind, but doing no damage.

Anson Woods is over from Walla Walla looking after his farming interests in this section.

Charles Pinkerton, deputy assessor for this locality, is about through with his assessment work, and is recuperating in the mountains and at the same time looking after his crop prospects held there by him.

THOUGH ALIVE IN FLESH HE IS LEGALLY DEAD

Paris.—The Marseilles police are puzzled at a curious mixup which they are trying to solve in face of rigid red tape.

Joseph Edel, a convict returned from one of the penal settlements, died in a hospital in the Southern city.

A few weeks later the police arrested Joseph Edel in the main street of Marseilles. The man who had died in the hospital had escaped from the convict settlement, having stolen Joseph Edel's papers.

The police are now in a quandry. Joseph Edel has been arrested, and ought to go to prison for returning to a country which does not want him, but legally Joseph Edel is dead and buried, and may commit any crime he likes, including murder, without fear of punishment; for, being dead, he is beyond the reach of the law.

ORDERING SUPPLIES by TELEPHONE

THE retail merchant's telephone serves not only as a salesman, but also as a purchasing agent.

When a merchant finds that he is going to run out of a line of goods, he calls up the wholesaler or factory and not only orders a new stock, but comes to an agreement on the price and the time of delivery.

The unexpected needs of his customers can be met with the least possible delay.

If the merchant cannot find what he wants in town, the Long Distance Service of the Bell System brings him into immediate communication with other cities and other markets.
