# CIRCUS TRAIN

Meets Freight Train Head On Between Riparia and Grange City.

THREE MEN INJURED; TEN HORSES KILLED

Campbell Brothers' Advance Train Meets O. R. & N. Freight and Wreck Results-Crews Have Miraculous Escape-Mixing of Orders Probable Cause of Disaster-Both Trains Running at High Rate of Speed at Time of Collision,

Three men were injured and ten horses killed when a fast freight and the first section of the Campbell Brothers circus train met headon on a sharp curve on the O. R. & N. between Riparia and Grange City Junction Sunday morning at 6:40. Misunderstanding of orders is supposed to be the cause

The injured E. W. Baker, engineer on freight. back sprained and ankle wrenched. Lives at Starbuck. Louis, Myers, conductor on the freight. Had head cut. Lives at

Starbuck Harry Mackaday, ankle sprained.

Lives at Starbuck. The three injured men were brought to Walla Walla yesterday afternoon and are now in St. Mary's hospital in that city. Their condition not serious and all will be able to leave the hospital within a few days.

Escape Near Miraculous. That many were not killed is nothing short of a miracle as all saved themselves by jumping. Engineer Bake, when interviewed said both crews thought they had the main line and as a result were pushing their trains along at a high rate of speed. The cause of the wreck will probably never be known for sure though the mixing of orders was the probable

Baker was running a switch engine was about two hours late. He was instructed at Grange City Junction that he would have a clear track as far as Wallula. The circus train had ing companies of St. Louis and the received orders to go to Grange City

Junction and there receive orders through connection with the National LEAD PERSIAN

where to pass 21. Baker Tells His Story.

Engineer Baker's story is as folsharp curve on the edge of the river ing business in the state. I saw an engine coming at us not more than 100 feet away. My fireman, Jim Kroge, say the approaching train about the same time and we both yelled a warning. I looked at Kroge long enough to see him jump. 1 then slammed on the brakes and jumped. I don't believe my feet touched the ground until I heard the rumble and rending of steel and wood high above me and only a few feet to recover. BWRY
