

Cool Kitchen—Perfect Cooking

The housewife with years of experience—the woman who knows how to cook—finds, after practical tests and hard trials, the New Perfection Oil Cook-Stove is her idea of what a good cook-stove really ought to be.

She finds it requires less attention, costs less to operate, and cooks all food better than any other stove she has ever tried.

She finds the New Perfection oven bakes and roasts perfectly. The

New Perfection WICK BLUE FLAME Oil Cook-stove

has a Cabinet Top with a shelf for keeping plates and food hot. There are drop shelves for coffee pot or saucepans, and nicked towel racks. It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

CAUTIONARY NOTE: Be sure you get this stove—see that the name-plate reads "NEW PERFECTION." Every dealer everywhere, if not at yours, write for Descriptive Circular to the nearest agency of the

Standard Oil Company

STRANGE CREATURE IN CAR OF BANANAS

Kalamazoo, Mich.—A local wholesale fruit dealer, a grocer and their corps of assistants got a big surprise when, while unloading a car of bananas they investigated a hissing noise deep under the fruit, and pulled forth a strange looking, fuzzy animal, which immediately began fighting.

The fruit dealers were driven to cover in short order and the little animal reigned supreme in the car until Carl G. Cleinstuck, superintendent of the local humane society, and an amateur authority on animals, arrived. He captured the beast and then looked up its pedigree.

He announced that the animal is a baby specimen of the didelphis mullacata, which in English means naked-tailed phlander. It is also known as the Guiana opossum. Cleinstuck is now puzzling over what to feed the visitor to keep it alive so far from its native haunts.

SEVERED LEG BURIED; IT HURTS ANYWAY

Logansport, Ind.—The amputated leg of Charles Fagley, which was crushed off when a jack slipped from beneath a pair of engine trucks in the Parhandle roundhouse about two months ago, is to be disinterred for the second time.

Several weeks ago Fagley complained that the toes of the amputated foot gave him great pain, and after "suffering" for several days he went to Mount Hope cemetery and had the foot taken up. It was found that the toes had been buried in a cramped position. Fagley straightened them and the foot was again buried.

Now Fagley is complaining of "pains" in the instep of his severed foot. He says they are so severe that he has been unable to sleep for several nights, and he has planned to go to the cemetery again and exhume the amputated leg and ascertain whether or not there is pressure on the foot or something else that is causing him unrest.

"It cured me," or "it saved the life of my child" are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all dealers.

CHICAGO PROFESSOR TO RETIRE ON FULL SALARY

Chicago.—Professor Oscar Bolza, of the mathematical department of the University of Chicago, has received an unprecedented honor from the university board of trustees. He was made the first non-resident professor, and was granted permission to spend the rest of his life in Freiburg, Germany. He will draw the same salary he received when in active service. After being connected with the university since its foundation, 18 years ago, Professor Bolza informed the trustees that he desired to retire as a professor and spend his time in study in Germany. He is one of the leading mathematicians of the country.

Lame shoulder is almost invariably caused by rheumatism of the muscles and yields quickly to the free application of Chamberlain's Liniment. This liniment is not only prompt and effectual, but in no way disagreeable to use. Sold by all dealers.

MILTON HOLDS SCHOOL ELECTION

THE BOARD AND SCHOOL OFFICIALS PUBLICLY THANKED

Voters Grateful for Good Condition of Schools—S. A. Miller Succeeds Himself As Clerk—Other Short News Items.

(Special Correspondence.) Milton, Ore., June 21.—The annual school election was held at the school house in Milton at 2 o'clock yesterday afternoon. Quite a large delegation of voters were present. During the afternoon a rousing vote of thanks was tendered the board and school officials for the efficient manner in which they have managed the affairs of the school during the past year and for the building of the two handsome school buildings at a cost of \$50,000. S. A. Miller was elected clerk to succeed himself. The board consists of J. H. Pifer, F. A. Sikes and C. E. Spence.

Miss Lina Coe is a Walla Walla visitor today.

Sam Small, the evangelist, will speak at the M. E. church, south, in Milton Wednesday night.

Wm. Hale was a Pendleton visitor yesterday.

A party consisting of Mr. and Mrs. Claude Harris, Misses Florence Miller, Carrie Elffert, Estella Overman, Maude Osborn, Mr. and Mrs. Andy Johnson and C. D. Putman and Eber Luna were up the river Sunday on a picnic.

E. H. Stone of Thornton, Wash., spent Sunday at the home of his brother, J. N. Stone, and his sister, Mrs. Maloney.

Miss Edith Hastings, who has been confined to her home with a severe attack of quinsy, is able to resume her duties in the Fair store.

Mr. and Mrs. Bruce Shangle are visiting at Eugene.

Mrs. Jas. Frazier will leave this week for Kahlottus, Wash., on a visit to her daughter, Mrs. R. A. Compton. Colonel F. B. Boyd and Ira Kemp of Athens, were fishing up the river Sunday.

Miss Minnie Shields and Wm. Reese are among the delegates from this city who will leave tonight for Portland to attend the Christian Endeavor convention.

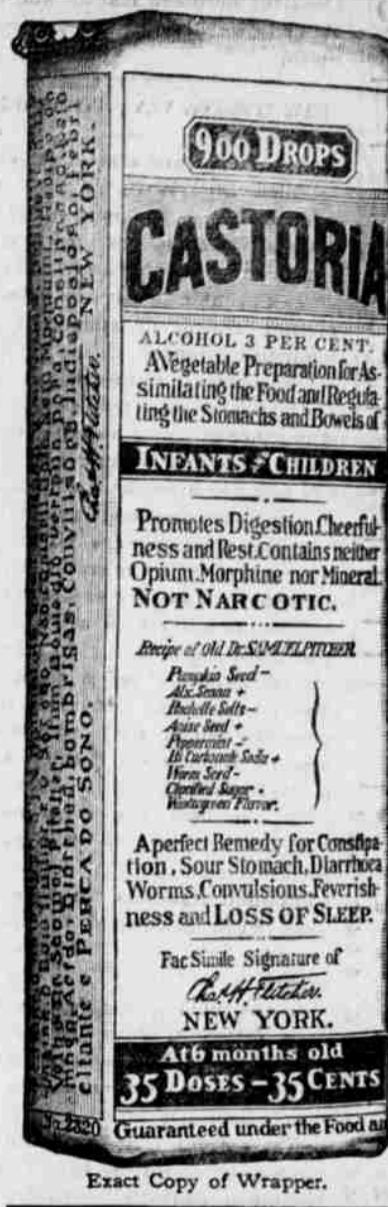

Earl Storm has gone to Heppner, Ore., where he will spend a week visiting friends.

What a Summer Cold May Do.
A summer cold if neglected is just as apt to develop into bronchitis or pneumonia as at any other season. Do not neglect it. Take Foley's Honey and Tar promptly. It loosens the cough, soothes and heals the inflamed air passages, and expels the cold from the system. Koepfen Bros.

LEURE OF THE GASOLINE DEPLETES POLICE FORCE

Chicago.—Chicago's police force is in danger of depletion. The danger lies in the education which many bluecoats have been receiving of late in the art of running taxicabs. This has caused an awakening among them to the fact that the life of a chauffeur is pretty soft, compared with the routine existence of the man who looks upon the world from behind a star.

Since the strife began among union and non-union chauffeurs, policemen

WESTON NEWS LETTER

SHOWERS DO GREAT GOOD TO THE CROPS

Ollie O'Harra Brought Home From Hospital—Former Resident Dies in Portland—Brief Items of Interest.

(Special Correspondence.) Weston, Ore., June 20.—Another good shower of rain fell here last night. Although the rainfall is below the normal for June, nevertheless what has fallen so far in the month has done great good to the crops coming as it has in the nick of time to do the greatest amount of good.

Mr. and Mrs. Maude Wright of Athena were visitors at the home of Postmaster Baker yesterday.

Ollie O'Harra was brought home Saturday evening from the Walla Walla hospital, where he had undergone an operation for appendicitis. While not fully recovered from the operation, it was considered safe to remove him to his home, as practically he was considered out of danger and by care and attention would soon be in his normal health again.

A telephone message was received Saturday evening announcing the sudden and unexpected death of Thomas Ray of Portland, Ore. Mr. Ray was a former resident of Weston and vicinity, and an old pioneer. He was well known throughout the county. He is survived by his widow, two sons and two daughters. The family has been living in Portland for the past three or more years, having removed there in hopes of benefiting Mr. Ray's

health, which has been failing for several years.

The Misses Myrtle and Olive Anderson of Wisconsin, have lately arrived as guests of Miss Mae Barnes. The young ladies are touring through the northwest sightseeing and visiting relatives and friends.

The school district meeting held today resulted in the voters present selecting William Mackenzie as school director to fill the expired term previously filled by F. E. King, and John M. Bannister to fill the directorship made vacant through the resignation of Mrs. H. G. Walker. Fred Kershaw was elected as clerk. Wade Godfrey having refused to serve another term.

Dr. Lazier returned from Portland last evening after seeing his patient, Mrs. Harry Morris, safely encoined in the Open Air sanatorium where it is hoped she will receive benefits in the possible return of her health.

Secured Into Sound Health.

Mr. B. F. Kelley, Springfield, Ill., writes: "A year ago I began to be troubled with my kidneys and bladder, which grew worse until I became alarmed at my condition. I suffered also with dull heavy headaches and the action of my bladder was annoying and painful. I read of Foley's Kidney Pills and after taking them a few weeks the headaches left me, the action of my bladder was again normal, and I was free of all distress." Koepfen Bros.

Horses for Sale.

P. G. Smith of Burns is now at the Bowman ranch 5 miles south of Pendleton with 60 head of big horses to sell.

A vacation spell among some of those fine orchards ought to be pretty nice.
