BOARD OF INQUIRY JUDGES IT UNAVOIDABLE

Investigates at Scene of Arlington Disaster and Decides No Culpability Can Be Attached to Any Person.

The recent disastrous freight wreck at Arlington was unavoidable, according to the following report of the investigating committee:

Arlington, Ore., June 17, 1910. Report of board of inquiry. Derailment of freight train Extra 2648, west, about one and one-half miles east of Arlington, Oregon, June 16, 1910.

Extra 2648 west, 47 cars, consisting of 13 loads and 34 empties, 1360 tons, was derailed one and one-half miles east of Arlington, June 16th; locomotive tender and 16 cars were derailed, damaging equipment to extent of \$2500, track \$200 and contents of cars \$200. Brakeman Sprout badly injured and Fireman Hinkle slightly injured. Two tramps (names yet unknown) badly injured. Derailment caused by a large rock which had rolled down from side cut and stopped on track between rails. Extra 2648 west ran over same, derailling engine tender and 16 cars. There was no reason to expect rock to be falling at this point—if they did it could not be expected that they would reach the track. On account of curvature in track engineer could not see rock until he was practically upon it—too late to stop the train before striking.

From testimony of witnesses examined, and from the evidence secured at the scene of the accident, the board is of the opinion that proper precautions were taken, track properly patrolled, and the board exonerates the railroad company and employees from all blame.

BROCK NEW MEMBER OF SCHOOL BOARD

SUCCEEDS J. W. MALONEY; J. V. TALLMAN, CHAIRMAN

No Opposition to Election of New Member—Nearly \$10,000 On Hand, According to Clerk's Report.

W. E. Brock is now a member of the Pendleton school board, having been elected at the regular annual school election which was held at the court house yesterday afternoon from 2:30 until 6 o'clock. J. W. Maloney is the retiring member of the board and J. V. Tallman, being the senior member is now the chairman.

Brock became a candidate for the position at the solicitation of friends and there was no opposition to his election. Every one of the 31 votes polled was cast for the councilman from the second ward who has made good in that capacity and the people evidently have confidence in his ability to make good as a member of the school board.

CAN'T GET WHITE HELP; CHINESE ARE EMPLOYED

Klamath Falls, Ore.—Seventy-five Chinese have been brought to this city by the Southern Pacific to build a spur for the Klamath Development company through a portion of their addition. The spur will be in the section where there are already a few sawmills and box factories, and where it is expected a large number more will be located.

The company is employing the Chinese because it is difficult to get white labor that will remain on the job long enough to become familiar with the work.

Not Too Proud to Work. "Here's a nickel," said a thrifty housewife to a tramp at her door. "Now what are you going to do with it?" "Well, mum," replied the hungry man, "if I buy a touring car, I sha'n't have enough left to pay my chauffeur; if I purchase a steam yacht, there won't be enough left to defray the cost of manning her; so I guess, mum, I'll get a schooner and handle it myself."—Everybody's Magazine.

14-YEAR OLD GIRL GETS FORTUNE OF \$26,836

New York.—Edna Dorothy Killian 14 years old, has received a verdict from a jury in the circuit court of Hudson county by which she receives the estate of Dr. George C. Grund, amounting to \$26,836.35. The doctor was 52 years old, and had been a boarder in the home of the Killians for 23 years. There was no will, and no written contract as to the inheritance; merely the testimony of witnesses to confirm a verbal contract he had made with the mother of the young girl.

The fortunate girl is the daughter of Mr. and Mrs. Henry Killian. Killian was formerly Water Registrar of Hoboken. About three years ago Grund, who had no relatives in the country, said to Mrs. Killian: "If you care for me till I die or until you die as you have taken care of me for years I will give what money I have to your daughter."

At the time it was thought Mrs. Killian would be the one to die first. It was known that Grund had a little money. The general belief was that he perhaps had a \$10,000. In addition to telling the mother of what he would do if she took care of him, Grund told others of the arrangement he had made.

He died a year and a half ago, and much to the surprise of Hoboken friends, when the public administrator took charge of the estate he found it more than \$26,000.

He had found relatives in Germany, to whom he was about to divide in accordance with the laws of the state when the suit was brought in behalf of Miss Killian.

The jury heard the case and sustained the claim that Mrs. Killian and Grund had entered into a contract. His remaining in the house until he died was taken as proof that she had fulfilled her part of it, and treated him kindly and cared for him until death.

ONE WOMAN'S WAR RECORD.

Father, Mother and Son Sacrificed to Mars.

London.—A lady, whose father and mother and one of whose sons were killed in war, has just died at North Cheriton, Surrey. Her name was Mrs. E. T. Mulock, widow of Colonel Mulock.

Mrs. Mulock was a granddaughter of General Sir Robert ("Fighting Bob") and Lady Sale, and was born a prisoner of war in the hands of the Afghans in the disastrous year of 1842. Her father, Captain J. D. Stuart, perished with the rest of the army in the Khyber. With Lady Sale and the other captives she was carried about the hills of Afghanistan, being finally handed over after the defeat of Akbar Khan by General Sale.

Mrs. Mulock's mother, after surviving the horrors of the Khyber, was murdered in the mutiny, together with her step-father, Colonel Holmes, of "Holmes' Horse." General Sale was killed at Moodki under "Cold Steel" Gough. She was married in 1860 to Colonel E. T. Mulock and once more followed the drum, accompanying her husband through the bush-fighting in the Maori campaign, where he won the C. P. Colonel Mulock died suddenly in 1893.

Of her three sons, one was killed in India after going through the Egyptian campaign, and one died on board the troopship Serapio on his way out.

FAIL IN STUDIES; IS A SUICIDE.

Vienna, Austria.—Suicides of boys who have failed to pass their examinations on the day of the distribution of the half year certificates in the school have become so increasingly common that the minister of education is alarmed.

A boy's failure to pass his examination always suggests failure to pass the final matriculation, which means

The Busy Boston Store Now Located at 725 Main Street West side between Atla and Court Sts.

that the boy is forced to perform the full term of three years' military service. Rather than face their parents after failure many boys go out into the country and shoot themselves. An inquiry opened by the minister has resulted in orders being issued for the relaxing of the strain in the schools. Two half-holidays are to be granted each week to be devoted to games, rowing and shooting being specially recommended.

DEER LEAPS THROUGH WINDOW INTO STORE

Newburgh, N. Y.—The bull in a china shop was outdone here by a doe in a drug store. The deer, two years old and weighing 150 pounds, ran through the streets, leaped through a plate glass window in the store of Emms pharmacy and then through the plate glass mirror.

The animal retraced its steps and leaped out through the opening in the window by which it came. Cut and bleeding from a dozen wounds, the doe crossed Broadway to a place where improvements were being made. It leaped the boards in front, about five feet in height, and fell between the iron girders to the cellar, 12 feet below.

Dr. Willett Kidd, assistant chief game protector, secured the animal. This deer is presumably the one that escaped death from the Empire state express across the Hudson last week, swam the river and came to the western shore.

Kill Jockey for Bad Ride.

Bucharest.—An extraordinary affair is reported from Braila, in Rumania. During a race meeting there, largely attended by the sporting community from Bucharest, it was observed that a jockey named Gallas was holding back his horse.

There were excited protests, in the midst of which several persons in a state of fury drew revolvers and fired at the jockey, who was riddled with bullets and fell dead. The murderers fled and so far have not been arrested.

FOR SALE

1400 acre stock ranch 10 miles from R. R. station, 10 miles from store and postoffice, 4 miles from school house. Two good dwellings, one 7 room and one 5 room, 2 barns and one more barn under construction. 100 tons or more of hay goes with the place. 3 good orchards, plenty of water the year round. There is enough hay land on this place to put up 200 tons of hay every year.

Forest reserve for band of sheep goes with this place. I consider this place one of the best buys in Umatilla Co. for a sheep ranch. The land lays in such a way that it controls about three thousand acres of range, all for \$9.50 per acre. \$7000.00 cash, balance easy terms at 6 per cent.
