WESTON COMPLAINING

DISAGREES WITH OPINION OF WALLA WALLA POSTMASTER

General Sentiment is That Service is Worst in Years-Forest Rangers Start to Work-Short News Items.

(Special Correspondence.) Weston, Ore., June 22,-A recent article in one of the Walla Walla papers purporting to be from the postmaster of that city, says that the present mail service is the best that the city has ever had. It is remarked those who have any corresponde with residents and business men of that city, and also by those who receive papers from there that the present mail service to them appears to be the poorest ever. Papers which, under the former service, usually came the same day of issue and letters could and did receive their answer the same day, but under the present service these papers and letters are from one to two days in

reaching the Weston office. Ward Baker, Harry Simpson, Walter O'Harra and Harvey Read left this morning for the Wenaha reservation headquarters near the Umatilla river forks to work under the direction and in the employment of the forest ranger in charge of the reservation at that point. They will be engaged in the building of fences, construction of cabins, building of roads and looking after forest fires if any and in making themselves generally useful They will be in this employ it is likely until the snow flies.
