Gerald Stanfield of Echo, is at St. Anthony's hospital where he underwent a slight operation yesterday for the removal of a growth from his chin.

Mr. and Mrs. D. M. Hampton of Monmouth, father and mother of Principal A. C. Hampton of the local high school, are in the city for a few days' visit.

William A. Pierce of Spokane, is now in the city upon a visit at the home of his father-in-law, Col. J. M. Bentley. Mr. Pierce is a railroad conductor and formerly lived here.

through failures would be practically impossible to enact a banking law containing restrictions as to the investment of savings deposits, which would not only safe-guard the depositor, but be a protection to the bank as well.

A law of this kind, when enacted, should be enforced and the penalty for the violation of any of its provisions should be severe. With such a law, properly enforced, postal savings banks and bank guarantee laws would soon be a thing of the past.

There are many other questions now being discussed by congress which will be for the benefit or injury of the banking interests of this state and the incoming legislative committee should give all these matters its earnest consideration.

Protective Committee.

The protective committee of the association has been active and successful in the apprehension, prosecution and conviction of criminals who prey upon banking institutions and excellent results have been obtained.

Postal Savings Banks.

The postal savings bank bill, I do not think will affect the banks of this state. Its effect, if felt at all, will be in the larger centers, where the foreign population is dense.

The minute detail and red tape essential in the conduct of such an institution would prevent its patronage by many of our people and I have no fear of its affecting our banking institutions should it become a law.

People now depositing their savings in our banks certainly have confidence in them and I am sure will not withdraw their savings from our banks and deposit them with a postal savings bank for from one to two per cent per annum less interest.

Taxation of Bank Stock.

During the past year your president has endeavored to ascertain what method was pursued by the assessors of the various counties of the state in making their assessments on bank stock and I was much surprised to learn that almost every assessor had a plan of his own and that the law was not being followed except in a few cases.

I have never believed that banks should carry more than their just proportion of taxation, but from the information I have gathered I know that they are doing so, wherever the assessor follows the law. Take Multnomah county for example: The assessor claims to assess real property at 75 per cent of its real ground value and 60 per cent of the cost of the improvements, while banks are assessed for the full value of their stock, ascertained by adding to the capital the surplus and undivided profits. The law clearly provides that real estate shall be assessed at its real value and it is unjust and unfair to assess real estate at less than its real value and to compel banks to pay taxes upon their capital, surplus and undivided profits.

This is an important matter and I wish to urge and impress upon the bankers of Oregon the necessity for taking steps that shall enable the bankers to properly present the question of taxation to our state officials.

I would also call your attention and suggest that at our annual meetings we take up and discuss practical subjects pertaining to banking. Much good can be accomplished by an interchange of ideas and I hope that we will give this feature of our work more attention in the future than we have in the past.

I would be ungrateful, indeed, should I not at this time express to the members of this association my gratitude for the great honor conferred upon me in my election as its president of this association at our last meeting and believe me when I say that I am truly and duly grateful.

Respectfully submitted,
R. W. SCHMEER,
President.

INSTRUCTION CAMP FOR LOCAL COMPANY

MILITIA BOYS WILL ENCAMP JULY 3-4

Captain Ferguson Issues Orders for Two Days Encampment to Acquaint Men With Duties—Company Will Get Real Campaigning—Captain Asks for Delinquency Court.

Orders have been issued by Captain Ferguson of Company L for a camp of instruction on July 3rd and 4th. This will be necessary to acquaint the men with the duties they will be called upon to perform at American Lake in August. Every member not on furlough is required to attend this camp or be court-martialed.

It is not known as yet just where the camp will be held as several places are under consideration. It is possible that if satisfactory arrangements can be made with the management of Wenaha springs that the company will leave on the early train July 3rd, and march from the station to the springs. Enroute actual conditions will be followed as though proceeding through a hostile country. Scouts, advance and rear guards will be thrown out; the quartermaster's train will be guarded and field instruction will be given. Arriving at camp guards will be posted with regularly conducted guard mount and the two days will be spent in actual work.

The regular semi-annual muster and inspection will be held in the Army on the evening of Thursday, June 24th, and the government and

state property inspected at that time. Lieutenant Storie has now received his commission so Company L has a full quota of commissioned officers.

Marshall Spell has been appointed acting first sergeant by Captain Ferguson and Eugene Blanchet as quartermaster. Examinations will be held shortly for the other non-commissioned positions and every member of the company is to be given a chance.

A request has been made by Captain Ferguson for a delinquency court and as soon as the order is received authorizing it several of the boys will be on the carpet for non-attendance at drill and failure to perform military duty, as discipline is the life blood of a military company.

The rifle team will be nominated in a few days and then it will be definitely known who is to represent Company L at the state shoot.

Some Shooting.

Chicago, June 23.—Riley Thompson of Gainesville, Mo., shooting from a 19-yard mark with an old time gun, won the 11th annual grand American handicap with a perfect score of 100 at the grounds of the Chicago Gun club today. The result marked a new record for the event, the best previous score being the 99 of R. R. Barbour of Pauline, Iowa, at Indianapolis, in 1906.

Thompson's record was not the only one of the day. Squad No. 3 on trap 4, broke 100 straight targets, the six experts shooting from the 20-yard mark. They were Jay Graham, of Long Lake, Ill.; J. W. Garrett of Colorado Springs, Col.; H. F. Freeman, of Atlanta, Ga.; Harvey Dixon of Joplin, Mo., and Fred Ellett of Keithsburg, Ill.

Eight Cars Go On Tour.

Oklahoma City, Okla., June 23.—Eight Glidden tour cars followed Dal Lewis, official pathfinder, into Oklahoma City from Lawton today, all in good condition. The run of the day was 146 miles. This afternoon members of the party were guests of the Oklahoma association on a trip over the 29-mile automobile boulevard that surrounds the city. Penalties for the day have not been announced.

Perhaps it is unwise to recount our own faults on the pedestal of another's virtue.

deposits in trust.

4. An act relating to bills of lading.

I would also call your attention to the necessity of properly safe-guarding savings deposits. There is no question more important before the banking public today. To my mind the only and proper way to fully safe-guard savings deposits, so that loss

Did Not Sell Feed Yards.

It was erroneously stated in these columns yesterday that C. P. Barnett had sold the Oregon Feed Yards to W. F. McKenny. The latter has simply leased the yard, ownership still being retained by Mr. Barnett.

Midsummer Day in England.

London, June 24.—In London and throughout England the birthday of St. John the Baptist, or Midsummer Day, as it is called in this country, was celebrated today with the customary festivities.

Vermont Log Rolling.

Rutland, Vt., June 24.—Rutland donned its gayest attire today in honor of the Woodmen, who are today holding the annual meeting of the Vermont Log Rolling association.

Mississippi Travelers.

Columbus, Miss., June 24.—Mississippi Travelers met here today in annual session and were given a warm welcome by local commercial travelers and business men.

FOR SALE

1400 acre stock ranch 10 miles from R. R. station, 10 miles from store and postoffice, 4 miles from school house. Two good dwellings, one 7 room and one 5 room, 2 barns and one more barn under construction. 100 tons or more of hay goes with the place. 3 good orchards, plenty of water the year round. There is enough hay land on this place to put up 200 tons of hay every year.

Forest reserve for band of sheep goes with this place. I consider this place one of the best buys in Umatilla Co. for a sheep ranch. The land lays in such a way that it controls about three thousand acres of range, all for \$9.50 per acre. \$7000.00 cash, balance easy terms at 6 per cent.

Express Team Runaway.

Just before the noon hour today, the W. G. Fisher express team took a short but disastrous spin on their own account. They ran from the corner of Alta and Garden street west to the corner of Court and Garden, where they collided with a tree. The wagon was jointed and turned over, while the tongue was broken out and the harness smashed up. One of the horses was also slightly injured. This is the second or third runaway that this expressman has been mixed up in.

Prominent Morrow County Rancher.

R. L. Bengt, a prominent rancher of Morrow county, has been here from his home near Lexington, for a visit at the home of his sister, Mrs. C. P. Barnett. While here he has purchased six mules from Charles McEe to complete his combine mule team. He has 1200 acres of fine grain which he expects to begin harvesting in a few days.
