CANFIELD'S FAMOUS CLUBHOUSE CLOSED

Saratoga N. Y.—"Dick" Canfield's famous Saratoga clubhouse has been notified of its gambling paraphernalia and a carload of roulette wheels, faro tables and poker chips were shipped away to a destination that nobody in authority wanted to divulge, but which is generally believed to be Mexico, where Canfield is said to be planning to begin business again. After the final table had been removed from the clubhouse, the doors and windows were nailed up and outsiders were told that Canfield never make an attempt to open the place again.

The clubhouse was made famous years ago by John Morrissey, later passing to other hands and finally to Canfield, who spent \$500,000 upon the grounds and a new restaurant. For several years the authorities dealt leniently with him and he was permitted to run when other places of a similar kind were shut up. Three years ago, however, he was told that he would have to take the tables from the big gambling room on the first floor. He immediately replied by offering the property for sale. Since that time the gambling apparatus has remained in the building, out for two seasons the restaurant and clubhouse has been shut tight.

CHARGED WITH USE OF MAIL TO DEFEAUD

George H. Parker in Tolls of Law—Arrest Comes As Surprise—Result of Letters from Iowa Man—Released Under Bonds of \$10,000—Preliminary Hearing Set for August 1—Parker Says There is No Merit in the Prosecution.

Seattle, June 28.—George H. Parker, fiscal agent for the United Wireless Telegraph company for the territory west of the Mississippi river, was arrested late yesterday on a federal warrant charging the use of the mails to defraud. Mr. Parker was released under \$10,000 bonds.

The preliminary hearing was set for August 1. The warrant upon which Parker was arrested was based on a letter written to B. B. Shepperd, of Des Moines, Ia., April 8, in which Parker, it is alleged, misrepresented the affairs of the company for the purpose of selling stock.

The arrest was made by two post-office inspectors and a United States marshal. Parker was taken completely by surprise, and had difficulty in finding his attorney. He was taken before United States Commissioner W. D. Totten, who fixed the bond at \$10,000. Parker's attorney protested that that was too high, but United States District Attorney Elmer E. Todd, insisted that it was the proper amount, calling attention to the fact that this was the minimum bail allowed in similar arrests recently made in New York.

Furnishes Certificate.

Owing to the lateness of the hour, Parker was unable to find any of his friends down town and after some delay offered to put up a certificate of deposit issued by a local bank for \$10,000. Commissioner Totten agreed to this, and Parker and the marshal went in an automobile to a safe deposit vault where Parker got the certificate. Parker is reputed to be a millionaire, and is said to have come into his fortune within the last few years, since he has been connected in a high capacity with the United Wireless company.

The arrest of Parker has a direct bearing upon the recent arrests in New York of President Wilson and Vice President Bogart, of the United Wireless company and of W. W. Tompkins of the New York selling agency. The local inspectors and the district attorney have been in frequent communication with the federal officers handling the cases in New York and have been working in harmony with them.

No Merit in Action.

Counsel for Mr. Parker issued the following statement in his behalf last night: "There is no merit in this prosecution. It is actuated by brokers, discharged employes, and holders of stock who secured the same without consideration. Mr. Parker is one of the largest stockholders of the United Wireless Telegraph company, having now over 50,000 shares. He has at the present moment \$32,000 loaned to stockholders and has the stock as his only security. Nine-tenths of his wealth is in United Wireless stock. Mr. Parker has no fear of the outcome of this prosecution."

Buenos Ayres, June 28.—Three hundred men are in jail today and the police are exhausting every means to learn the identity of the person who threw the bomb in the Collier theater last night during a play. A reward of fifty thousand dollars for information leading to the identity of the bomb thrower has been offered.

ANOTHER BATTLE IN THE OKLAHOMA CAPITAL FIGHT

Guthrie, Okla., June 28.—The second movement on the part of state officials to block court interference with the removal of the state capital to Oklahoma City was made today when Attorney General West argued the second demurrer to the petition for an injunction against removal. The case will be fought out in the state courts but the battle may not end there. If the officials succeed in preventing the issuance of an injunction the federal courts will be asked to interfere. Federal authorities say they won't interfere until the state courts pass upon the matter.

The Congressional Record totaled ten thousand pages, each page containing more words than the average newspaper column. It is figured that statesmen uttered 10,800,000 words. Twenty-seven thousand and sixty five bills were introduced in the house and eight thousand, eight hundred in the senate. Thousands of these were pension and private claim bills. The senate ratified three treaties, no great importance, and confirmed 10,800 presidential appointments, which is a record.

It is generally believed there won't be any extradition. Charlton is apparently unshaken.

BROWNE JURY OUT 90 HOURS

Twelve Men in Whose Hands Rests Fate of Illinois House Leader Still Out.

ALL PREVIOUS RECORDS FOR JURIES BROKEN

Deadlock in Bribery Case Lasts for Over Ninety Hours—Judge Will Not Interfere Before Friday—Will Not Dismiss Jurors Then if Only One or Two Disagree—Long Distance Record for State is Shattered.

Chicago, June 28.—The jury in the Browne bribery case has broken the deadlock record for Illinois. At ten this morning the jury was not decided and they had deliberated for 90 hours. The previous record was the famed Dr. Cronin case when the jury was out 82 hours.

Judge McSurely went to his home at 9 o'clock last night and announced that he would not return to the criminal court building until noon today. He reiterated his plan not to interfere with the jury until next Friday, and then if he finds it is hopelessly divided he will discharge it. If, however, one, two or three men are balking the majority he will send them back for further deliberation. This afternoon Judge McSurely summoned the jury and gave additional instructions. He said they ought to reach a verdict. The jury retired without saying how they stood. Browne is cheerful today and denounced the district attorney.

Marry? Nay, Say College Girls.

Wellesley, Mass., June 28.—Of the more than two hundred sweet girl graduates who received their diplomas from Wellesley college at today's commencement exercises, only eight or less than one-twenty-fifth profess an intention of becoming wives and mothers. Attempts were made by the authorities to suppress the results of the canvass, as they fear the effect the news will have when it is called to the attention of Colonel Theodore Roosevelt.

According to the statistics called for by the class secretary, one-third of the class will take up teaching as a profession, while another third plan to stay at home.

TWO OF THE SENATORS INTEND TO BECOME FARMERS, ASSERTING THEIR BELIEF THAT WITH THE INCREASE IN THE PRICE OF FARM PRODUCTS THERE IS A GOOD LIVELIHOOD TO BE GOTTEN OUT OF THE SOIL.

CARUSO SINGS FOR THE POOR CHILDREN

Paris—Madame la Comtesse de Greffule recently invited the golden-voiced Caruso to sing for the benefit of a poor school. The hall selected was the Troadero, which seats 10,000 people. It is needless to say that every seat was filled and the lobby packed with people unable to buy seats. When the concert was over, the benevolent countess found her charity richer by \$13,000. She sent her secretary with a letter of thanks to Caruso. When he opened the envelope he found it contained 10,000 francs. Without a moment's hesitation he took 5000 francs from his own pocket, added it to the 10,000 which the countess had enclosed and sent the whole back for the benefit of the children for whom he had sung.

This was indeed a magnificent gift, but Caruso says it was a privilege as well as a pleasure to help along so worthy a work. He makes light of his generosity; indeed he refuses to talk about it, but there are several thousand poor waifs in Paris who bless his name and will never forget his kindness. Caruso was very popular in Paris before this concert. He has now become the lion of the hour.
