## GOOD INDIANS GET SEMI-ANNUAL RENT

### MONEY IS WITHHELD FROM "INCOMPETENTS"

Major Swartzlander Pays Out \$15,000 to Indians Who Have Demonstrated Their Responsibility — Others Are Denied Cash.

There is much joy or much sadness in the tenes on the Indian reservation, for the time of the first semi-annual payment of rent money for 1910 has now arrived. The joy is in the camps of those who have shown themselves to be sober and competent Indians, while sadness reigns with those who in the past have converted their funds into firewater or useless finery.

According to the present plans, the "competent" Indians are being given all the money that is coming to them while the "incompetents," of which there are about 60 at present, get nothing. Major Swartzlander is of the opinion that some plan will soon be devised by the Indian department whereby the rent money due the "incompetents" will be doled out to them a small amount at a time.

The present payment was the money that was due from the renters April 1 and amounts to between \$30,000 and \$40,000. A total of \$10,000 was paid out yesterday, while \$15,000 will have been paid out before closing up time tonight.

The present method of making payments is one that was devised and urged by Major Swartzlander and it seems to meet with the hearty approval of the merchants and the others with whom the Indians are accustomed to transact business. There is a chance for those who are in the "incompetent" class to work up and on the other hand there is always the chance that some of those in the competent class will be blacklisted. As Major Swartzlander explained this afternoon, it is simply placing the Indian on his honor. If the method is continued it will mean that the October payment will be turned over to the Indians earlier than usual this fall and that subsequent payments will probably be made much more promptly.
