

WEATHER REPORT
Fair tonight and Thursday.

Calling cards, wedding stationery, commercial stationery and job printing to order the East Oregonian.

COUNTY OFFICIAL PAPER. VOL. 23.

PENDLETON, OREGON, WEDNESDAY, JULY 6, 1910.

CITY OFFICIAL PAPER. NO 6947

WIDESPREAD MOVEMENT AGAINST EXHIBITION OF FIGHT PICTURES

FEAR MORE RACE RIOTS

Many Cities Throughout Country Putting Ban on Jeffries-Johnson Pictures.

Eastern Cities are Particularly Opposed to Exhibitions as They Fear Recurrence of Race Riots—Movement in Northwest Will Not be Effective—Washington, St. Louis, Des Moines, Cincinnati, Boston and Lincoln Will Prevent Shows.

Chicago, July 6.—A movement to prevent the exhibition of the Jeffries-Johnson moving pictures is sweeping the country today, especially in the east. Easterners fear a recurrence of race riots. Orders against the pictures have been issued at Washington, St. Louis, Des Moines, and Lincoln. In the west there is an agitation against them in San Francisco. Other cities in California, Oregon and Washington however, so far are not against the exhibition, and many city officials are strongly in favor of the pictures.

Spokane Ministers Active. Spokane, Wash., July 6.—Members of the ministerial association are preparing to fight against the exhibition of the fight motion pictures here. Mayor Pratt says he doesn't believe any action will be taken to stop the show.

Barred in Ohio Cities. Cincinnati, Ohio, July 6.—Mayor Schwab announced today that he would not allow the motion pictures of the Jeffries-Johnson fight to be exhibited in Cincinnati. He said that he feared their display would promote race hatred.

Canton, Ohio, July 6.—Mayor Turnbull today said that moving pictures of the Jeffries-Johnson fight would be barred from Canton.

Separate the Races. New Orleans, July 6.—Moving pictures will probably be allowed to be shown here. The whites and blacks will be separated to prevent rioting.

Movement in Colorado. Denver, July 6.—A movement is afoot in Colorado to ask the governor and mayors of the various cities to prevent exhibitions of the fight pictures. Governor Shafroth said he would not attempt to bar the pictures.

Not Barred in Seattle. Seattle, July 6.—The Jeffries-Johnson pictures will probably not be barred here.

Will Welcome Them. Victoria, B. C., July 6.—Fight pictures will be welcomed here.

Pictures Are Wanted. Vancouver, Wn., July 6.—Everyone wants the pictures exhibited here.

Portland Will See Them. Portland, July 6.—"I don't see how we could stop the exhibition of pictures if we wanted to," said Chief of Police Cox. "There is no agitation against the exhibition." One of a number of business men said he believed the reform element was suffering from an attack of moral hysteria.

No Pictures in Iowa. Des Moines, July 6.—Motion pictures of the fight will not be exhibited in Iowa on account of a state prohibitory law.

Barred in Boston. Boston, July 6.—Mayor Fitzgerald barred moving pictures of the fight in Boston today.

No Ban in Sacramento. Sacramento, July 6.—Mayor Beard doesn't anticipate any trouble if the moving pictures are shown here. He said they won't be prohibited.

SENATOR CLARK MAY MAKE HIS HOME IN GAY PAREE

New York.—It is reported, and not denied, that former United States Senator W. A. Clark of Montana, will make his future home in Paris. Senator and Mrs. Clark and their two children arrived here on Thursday on the White Star Liner Teutonic. Senator Clark said he and his family are going to Montana for a brief stay and then would return to New York. After a short time here they are going to return to France.

Senator Clark's New York residence is the costliest and most palatial in the world. It cost \$3,000,000. Senator Clark's daughters are Miss Andre, aged 7, and Miss Huggette, aged 4. Miss Andre has spent all her life in France and neither of the children can speak English, although both are proficient in Spanish and French. Mrs. Clark does not like America

nor Americans and is determined that her children shall be reared as French girls. She declares that, if she can prevent it, they will never acquire the art of speaking the English language.

Mrs. Clark is devoted to French life and has been urging Senator Clark for some time to dispose of his valuable copper possessions in Montana and move away to France.

It was reported that the senator might try to go to the United States senate again from Montana, but he denied this. Said he: "I am out of politics for good. I shall never again be a candidate for any office. I have been disposing of some of my business enterprises also." Senator Clark acquired his fortune in Montana, his native state.

JAILED FOR HUGGING AND KISSING HORSES

Philadelphia.—Because he declined to stop hugging and kissing horses at Tenth and Market streets, Samuel Komisky, of Winton street, above Third, was arrested and arraigned before Magistrate Beaton in the city hall police court on a charge of disorderly conduct.

Reserve Policeman Rouse, who arrested Komisky, said it was impossible to keep Komisky away from the horses. He declared that while Komisky would desist for a few minutes he returned to the horse just as soon as the policeman turned his back.

"You are either drunk or crazy," the magistrate said to Komisky. "I am neither. I just like horses," said the prisoner.

He was turned over to Dr. John Egan, police surgeon, who decided he was "drunk." Komisky was sentenced to 24 hours.

ROOSEVELT CONFERS WITH POINDEXTER

DENIES HE DISCUSSED BALLINGER CONTROVERSY

Colonel Declines to Be Responsible for Any Statements Except Those He Personally Makes—Believed His Sympathies Will Help Poindexter.

New York, July 6.—Colonel Roosevelt today declared that he did not discuss the Ballinger controversy when Representative Poindexter of Washington conferred with him yesterday. Roosevelt issued this in an official statement. "Roosevelt declines to be responsible for any statements except those he makes himself. He will see many senators, representatives and men representing all phases of public life. He said nothing regarding any contest for nomination."

"Regarding my conference with Poindexter I was pleased to find his past record regarding conservation and similar subjects in hearty accord with mine. I did not discuss politics in regard to the Ballinger affair. I don't believe Poindexter is responsible for the statement in the morning papers," said Roosevelt.

Politicians Get Shocks. Washington, July 6.—Politicians had two distinct shocks in the last two days. First when the alleged information was given out that Roosevelt would support Poindexter for the United States senate, and he against Ballinger, and second when Roosevelt declared the statement to this effect untrue. That there is political significance behind the Roosevelt-Poindexter conference at Oyster Bay yesterday all politicians agree. While Roosevelt's statement proceeds, his openly exposing the cause of Poindexter, against Senator Piles, when the contest for the senate seat begins. It is believed Roosevelt's endorsement today will have a great influence should Poindexter decide to run against Piles. Poindexter is one of the most radical insurgents. He voted against Cannonism every chance he had. The insurgents are pleased at Roosevelt's stand.

COMMITTEE WILL RAISE MONEY TO FIGHT "ORCHARD" COUNTY

At the commercial association meeting last evening the county division committee submitted its report and the substance of the recommendations made by the committee may be summarized in the one word—fight. In the report, which was submitted in writing and read by Secretary Ben Hill in the absence from the city of Col. Raley, the division question was treated at some length and suggestions were made with reference to

Blow Received By Defeated Champion in Second Round Paralyzed Optic Nerve.

DOCTORS HOLD HOPE FOR ULTIMATE RECOVERY

Big Californian Can See Only Indistinctly From Right Eye—Effort Made to Keep Fact Secret—Injury May be Permanent—Jeff Says He Wants Public to Let Him Alone as He did His Best and Lost.

Sacramento, Cal., July 6.—(Aboard Jeffries special car)—Although efforts have been made to keep the fact secret, the blow Johnson delivered in the second round of the big fight paralyzed Jeffries' optic nerve, and possibly permanently injured the white man's sight. Jeffries first made light of the blow but admitted today his sight is still affected. He can see only indistinctly with his right eye. Doctors are hoping he may eventually recover.

Oakland, July 6.—Jeffries arrived here today and went to a hotel run by his friend Dick Adams. He said, "All I want the public to do is to leave me alone, and forget about me. I did my best but didn't fight my best."

WILL SEATTLE ENGINEER SUCCEED DIRECTOR NEWELL?

Seattle, July 6.—R. H. Tompson, city engineer of Seattle, said this morning he had nothing to say when asked if he would succeed Newell as director of the reclamation service in the event Ballinger succeeded in ousting Newell. In the now famous Thompson-Ballinger correspondence made public by Stenographer Kerby, Ballinger intimated that Tompson was slated to succeed Newell and it is generally believed he will choose if Ballinger succeeds in his determination to oust Newell.

LONDON PAPERS EXCUSE RACE RIOTS IN AMERICA

London, July 6.—Though deploring the race riots in American following the Reno fight, London papers today almost unanimously excuse disorders. The usually anti-American Globe commenting on the disturbance says: "Our sympathy runs more to the man with the rope than to the blatant blacks. It is against human nature to expect white men to accept the negro's insolent assertion that Johnson's victory established the superiority of the blacks without an instant protest. The Reno contest was the most injudicious ever committed and its racial effects will continue for years."

FINDS YOUTH UNDER WIFE'S BED; KILLS HIM

Little Rock, Ark., July 4.—Finding Higgins Gibson, aged 18, hiding under the bed in his wife's room, John Pitcock, chief clerk at the penitentiary, stabbed the youth 27 times and killed him, and then took a shot at his wife, after which he surrendered to the authorities. The coroner's jury exonerated him by the unwritten law of his house by an old time friend. He left the prison and slipped home.

SHARKS EAT FOURTEEN PERSONS IN AFRICA

Lisbon.—Seventeen persons have been eaten by sharks in the Zambesi river while journeying through Portuguese territory. The steamer Durao, loaded with merchandise, struck a submerged rock and rapidly filled with water. The four passengers and the crew jumped into the boats, which were overturned in their frenzy. When they tried to swim ashore they were attacked by sharks, and despite the efforts at rescue made by the Portuguese gunboats Tete and Sena only the captain and one passenger and two sailors were saved, the remaining three passengers and 14 of the crew being eaten.

Thousand Acres in Umatilla and Morrow Counties to be Reclaimed

SEC. BALLINGER THINKS OREGON IS DESERVING

Washington Dispatch Indicates That This State Will Get Share of \$20,000,000 Irrigation Fund—Umatilla County Project Will be Favored Over Klamath—Ballinger Thinks Oregon Has Never Been Given Square Deal—60,000 Acres Lies Across River.

Sixty thousand more acres of land in Umatilla and Morrow counties are to be reclaimed by the government, according to a dispatch from Washington. The land is included in what is known as the West Umatilla project and lies across the Umatilla river from the present project.

The dispatch says that Secretary Ballinger, after giving careful consideration to the appeals made to him, has come to the conclusion that Oregon is entitled to share in the distribution of the \$20,000,000 irrigation fund made available by congress, just before adjournment, and it now seems quite likely that extension of the Umatilla project westward with a view to irrigating 60,000 acres more, will be authorized, and that part of this fund will be allotted to begin construction.

Personally the secretary believes Oregon should be shown consideration, particularly as it is the second heaviest contributor to the reclamation fund, and has never been given a square deal.

Umatilla to Get Money. The new project has two projects in Oregon to which funds can be allotted, and it is certain Klamath can receive nothing. This makes it obligatory to make an allotment for the Umatilla extension and in case the report of the Army Engineer Board is favorable it is now believed Secretary Ballinger will recommend to the president that the west side Umatilla project be built. It is estimated to cost \$2,550,000. While the whole amount may not be allotted out of the \$20,000,000 fund, enough will be provided, if extension is authorized to carry the work through the present season, and finish it with money from the regular fund.

This is an unexpected change on the part of the administration, for up to this time the Umatilla project has not been regarded with particular favor.

ESTRADA WILL WAIT BEFORE DECLARING NEW REPUBLIC

San Juan Del Sur, July 6.—General Estrada and his followers have decided to wait the outcome of General Mena's invasion of Chetates before declaring the independence of the eastern section of Nicaragua. This information was brought by released prisoners from Bluefields. The original plans were to declare independence and place it under the protection of the United States. Estrada was to be the first president of New Nicaragua.

FUNERAL OF CHIEF JUSTICE TO BE HELD FRIDAY

Chicago, July 6.—The body of Chief Justice Fuller will arrive here tomorrow and the funeral will be held Friday afternoon with interment in Graceland cemetery beside his wife. Reverend James Freeman will officiate. The pall bearers will be Justice Holmes of the supreme court, General Thomas Hubbard, William Hyde, Hugh Wallace and T. N. Francis.

Connecticut Golfers.

New Haven, Conn., July 6.—The annual tournament of the League of Connecticut Golf Clubs was commenced today on the links of the New Haven Country club and will continue four days.

It is best to make political fame while the voters stick.

Care for Sick Children. New York, July 6.—Under the auspices of the Sanitarium for Hebrew children, the first of a series of all-day outings for sick and poor youngsters of the East Side will be held today. Last year the institution cared for 30,000 children and mothers and it is expected that more will receive the benefits of fresh air this year.

Canadian Electricians.

Toronto, July 6.—Electricians and officials of electrical corporations all over the dominion, with many visiting experts from the United States are attending the convention of the Canadian Electrical association at the Royal Muskoka hotel, Muskoka Lakes. The session will continue three days, during which many important problems will be discussed.

GAYNOR CHARGES GRAFT BY BUREAU OF LICENSES

New York, July 6.—That politicians are making a practice of extorting money from persons seeking permits and licenses of various kinds is the substance of a communication from Mayor Gaynor before the board of aldermen today. Gaynor charges the politicians demand from five to five hundred dollars for securing aldermanic favors.

Princess Victoria Is 42.

London, July 6.—Princess Victoria, sister of King George and self-styled "old maid daughter of a king," is today the recipient of royal congratulations upon reaching her forty-second birthday. For more than a score of years Dame Rumor has been engaged in whispering royal romances with Princess Victoria as the heroine, but none of them have come true, and it is now apparently a settled fact that she will never wed.

BELIEVE LOST BOY EATEN BY COUGARS

BELLINGHAM CHILD WANDERS INTO FOREST

Distracted Parents Lead Searching Party But Little Hope is Felt—Cougars Abound in Woods Where Boy is Lost.

Lost Boy is Found.

Bellingham, July 6.—After forty eight hours of continuous search, Danny Kline was found today in the brush near Lake Whatcom seven miles from camp. He was unharmed but sick on account of his two days' fast. The mother collapsed with joy when the boy was placed in her arms.

Bellingham, July 6.—Hoping against hope, knowing the truth but terrified to admit it, and continuing search, in order to save themselves from insane grief, Mr. and Mrs. W. R. Kline are heading a party of 100 men and women searching the forest for their six year old son Dan. They are hunting in the vicinity of Canyon Falls, 20 miles north of this city, where the child was lost. It is believed it is almost certain he was caught, killed and eaten by cougars as a number of the beasts infest the dense forest and one was heard shortly before the lad was lost. He disappeared Thursday and since then there has been a continuous search in the mountains. Bloodhounds refused to take the trail. Old mountaineers say the sign of cougar has been there.

For the benefit of fishermen a New Jersey man has invented a box with a center section filled with some absorbent material to hold water and keep the gut lines or fish hooks moist.

FINE ADDRESSES MADE

Physicians and Surgeons Hold Opening Session This Morning.

Important Papers Read at Initial Meeting of Doctors—Dr. William House Makes Address on Apoplexy—Declares 4 1-2 Per Cent of Deaths in U. S. are Result of This Disease Percentage in Portland is 6 1-2—Other Good Addresses.

The best and most important meeting of medical men ever seen in eastern Oregon is now in progress in this city. It is the annual meeting of the Eastern Oregon District Medical society and it is the best ever held by reason of the strength of the papers being read and most important because of the large number of prominent physicians and surgeons who are in attendance. Portland, Seattle, Walla Walla, Salem and Boise, as well as the eastern Oregon cities have been called upon to furnish the most noted men they have in the profession to take part in the programs.

Though there were but a total of 25 physicians present this morning, it is doubtful if any meeting of medical men ever held in the northwest was attended with more interest. The papers read had been prepared with much care by men particularly skilled in the particular part of the practice they were to discuss, while the discussions indulged in after the reading of the papers, were intensely interesting.

Dr. William House, who, by the way, practiced his profession in Pendleton eight or nine years ago, but who is now a brain and nerve specialist of Portland, startled a good many of his hearers when he produced statistics to show that 4 1-2 per cent of all deaths in the United States were due to apoplexy and that 6 1-2 per cent of all deaths in Portland were due to that disease. He said the increased percentage of deaths from apoplexy in Portland was not due to the fact that more people died there from that disease but to the fact that the number of deaths from tuberculosis, pneumonia and typhoid fever and other similar diseases was less.

"Apoplexy," was the subject of Dr. House's paper and this paper was probably the most discussed of any of those read during the morning session. Dr. I. U. Temple of Pendleton opened the discussion and he was followed by Dr. R. L. Gillespie of Portland, Dr. R. E. Lee Steiner, superintendent of the state insane asylum, Dr. W. T. Williamson, the Portland alienist, Dr. Andrew C. Smith, prominently mentioned as Portland's candidate for governor, and others. The friendly tilt between the "twin brothers," Williamson and Smith, concerning the comparative knowledge relative to the proper treatment in cases of apoplexy, furnished the session with amusement.

Other papers read this morning were, "Hysterical Conditions," by Dr. L. S. Madden of Weston; "Chloroma," by Dr. Bert Thomas of Walla Walla; the "Necessity of Early Operation in Acute Intestinal Obstruction," and "Arterial Hypertension" by Dr. N. W. Jones of Portland.

Immediately after the convening of the afternoon session, Dr. R. C. Coffey of the Northern Pacific Sanitarium in Portland, presented a paper on "Intestinal Obstruction." This was made more interesting by reason of the remarkable drawings which had been made at the hospital by one of Dr. Coffey's assistants.

Following adjournment for noon and preceding the convening of the afternoon session, Dr. House of Portland, demonstrated to a number of interested physicians, the use of the sphygmomanometer, a new instrument used in measuring the blood pressures and declared by Dr. House to be indispensable to every successful practitioner.

Among the principal speakers this afternoon are W. H. Byrd of Salem; Superintendent Steiner of the Insane Asylum; Dr. J. A. Pettit of Portland; Dr. Park Weed Willis of Seattle; Dr. R. C. Matson of Portland. Among those present are the following: C. N. Suttner, Walla Walla; E. Thomas, Walla Walla; W. T. Williamson, Portland; William House, Portland; R. C. Coffey, Portland; W. T. Acbe, Hot Lake; I. U. Temple, Pendleton; N. W. Jones, Portland; Roscoe W. Smith, Walla Walla; Jacob Priming, Ontario; R. L. Gillespie, Portland; R. E. Lee Steiner, Salem; Ray W. Patson, Portland; C. J. Smith, Pendleton; E. B. Waffle, Pendleton; Roy C. McDaniel, Portland; J. W. Geary, Burns; E. H. Pierce, Portland; W. A. Trueblood, Baker City; E. O.
