### SIGNALS OF DISTRESS.

Pendleton People Should Know How to Read and Heed Them. Sick kidneys give many signals of distress. The secretions are dark, contain a sediment. Passages are frequent, scanty, painful. Backache is constant day and night. Headaches and dizzy spells are frequent. The weakened kidneys need quick help. Don't delay! Use a special kidney remedy. Doan's Kidney Pills cure sick kidneys, backache and urinary disorders. Pendleton evidence proves this statement. L. Greenwald, 414 Lincoln street, Pendleton, Ore., says: "I had severe attacks of backache and there was much soreness across my kidneys. I was also annoyed by a burning sensation when voiding the kidney secretions and the passages were too frequent. Being advised to try Doan's Kidney Pills I did so and the contents of one box cured me. I have had no cause for complaint since." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

### DAY'S HAPPENINGS AROUND WESTON

(Special Correspondence.) Weston, Ore., July 7.—A. A. Isaacs, of Walla Walla, came in on the morning train and is looking after his interests here. One of the interests Mr. Isaacs holds in the city is that of the Weston Roller Mills Co. Robert Jamieson of Walla Walla, was among the business visitors of the city today, having come over to attend to business matters concerning the bank of which he is president. Andy Erickson, who has been sojourning at Hot Lake for the past few weeks, returned yesterday evening much improved in health. Mr. Erickson is in charge of the Blue Mountain section on the O. R. & N. Co.'s line near where the recent ditching of the engine occurred. Miss Etta Chapman was in this morning from the ranch home south of town, and engaged in shopping with the merchants. The insurance on the house and furniture of O. C. Turner, which was destroyed by fire yesterday evening amounts to \$1700 which represents less than one half of the value. Many family relics that were almost priceless were destroyed there being no chance of entering the burning building to attempt their removal. The real origin of the fire is still a mystery unsolved, and it is only presumed that it originated from the kitchen fire, although there had been no fire in it for an hour or more. D. C. Kirk and family, have removed to their ranch on the reservation, and will remain there until after the harvest season is over. It is planned then to go to the Alberta country where Mr. Kirk and his boys have invested in quite a body of land. Soreness of the muscles, whether induced by violent exercise or injury, is quickly relieved by the application of Chamberlain's Liniment. This liniment is equally valuable for muscular rheumatism, and always affords quick relief. Sold by all dealers.

the Spokane trouble here, and will halt demonstrations. Farmers say they are having little trouble in securing crews, but the Industrial Workers of the World claim they have the rest of the men available tied up. They say there will be not one man go out from now on unless promised \$3 a day. Farmers say they cannot pay this, and also claim they will not have to, as they can get men without it. Several Industrialist meetings were held just outside the city limits Wednesday, but were not largely attended, being too far from the city center.

When the stomach fails to perform its functions, the bowels become deranged the liver and the kidneys congested causing numerous diseases. The stomach and liver must be restored to a healthy condition and Chamberlain's Stomach and Liver Tablets can be depended upon to do it. Easy to take and most effective. Sold by all dealers.

**Hearse Twice Capsized.** Sussex, N. B.—F. W. Wallace, funeral director and undertaker in the adjoining village of Plumwescap, was bound for a funeral, and was driving the empty hearse. As an act of courtesy he stopped at the house of Rev. Mr. Clarke, the officiating clergyman and offered him a hearse ride. Mr. Clarke accepted the undertaker's invitation and the two men were seated on the box of the hearse, when an automobile swung around a bend. The hearse was capsized. The clergyman fell on the glass window on the side of the overturned hearse. Fortunately neither clergyman nor undertaker was seriously injured. Mr. Wallace telephoned for another hearse.

Finally the procession left the house. As the horses attached to the hearse were turning into the cemetery they shied again, although there was no automobile in sight this time. Again the hearse capsized and again was the undertaker thrown under the wreckage, but this time he was trampled on by the horses. He was taken to his home, where after an examination the doctor said that he had a broken rib, an injured lung and bruises.

Teething children have more or less diarrhoea, which can be controlled by giving Chamberlain's Colic and Diarrhoea Remedy. All that is necessary is to give the prescribed dose after each operation of the bowels more than natural and then castor oil to cleanse the system. It is safe and sure. Sold by all dealers.

"Oh, dear," sighed small Elmer, "I wish I had another pocket!" "You have several now," rejoined his mother. "Why do you want another?" "I've looked through all of them for my knife," explained Elmer. "but I couldn't find it. If I had another pocket it might be in that."—Chicago News.

**PAPAL ZOUAVES ARE PASSING.** Out of 2000 Only 200 Answer to Roll Call. Paris—The Pontifical Zouaves are thinning; there were about 2000 50 years ago, when they fought for the pope. But recently at the muster in Paris only about 200 answered the roll call. The celebration began by a parade outside the Sacre Coeur, the great basilica that dominates all Paris and the flat Seine valley from the northern point, the one hill of the city, the Mount of Martyrs. The veterans, gray or white all of them, but straightbacked still, as fighting men should be, were reviewed by their own chief, General De Charette who gave them all the touching French accolade and the greeting of an old brother in arms. After the review high mass, with an oration by Monsignor De Cabrières, bishop of Montpellier, who made the interesting reflection that most of the volunteers in the papal service were of noble blood, so that an Italian general into whose hands a good batch of them had fallen by the luck of war

said the roll of his captives read like a guest-list from the court of Louis XIV.

"He doesn't seem to be awed by the comet?" "He's not to be awed by anything that he can see for nothing."

Saying mean things pleasantly is usually sure of an unpopular end.
