# "Stork" Baby Goods

Below is shown a list, with descriptions, of Our Famous "STORK" Baby Supplies

## "Stork" Waterproof Sheeting

An absolutely waterproof fabric; light, white and pliable. It is not rubber—nor has it any of rubber's disadvantages. Won't crack or sweat. Can be easily and thoroughly cleaned. Invaluable in maternity cases, for the sick bed and the nursery; makes the most practical and satisfactory mattress pads and bath aprons. It is made in two weights. Light and heavy. 36 inches wide sells at \$1.00 per yard.

## "Stork" Pants

These are to be worn over the regular diaper. Made from "STORK" Sheeting—they are thoroughly waterproof. "STORK" Pants are positively the best garment of the kind that skill can make or money can buy. Each pair contains a printed slip telling the mother the best way to cleanse them. We stand back of our promise to exchange any pair of "STARK" Pants that does not give complete and unqualified satisfaction. Made in various sizes. Sell at 50 cents per pair.

## "Stork" Knockabouts

These can best be described as the everyday Diaper Covers. Intended for less dressy occasions than "STORK" Pants and especially for baby when it reaches the troublesome "creeping age." Fit over the regular diapers and keep baby's clothes clean and dry. Made from "STORK" Sheeting. Retail at 25 cents per pair.

## "Stork" Catch-all Bibs

An ingenious device for keeping baby's dress dry and clean through eating time. By a very clever folding arrangement it forms a trough on the baby's breast that catches all that misses the lips. Baby can spill a cup of milk or broth into it without wetting or soiling the clothes, the table cloth, or the carpet. Pocket unsnaps and unfolds flat so that it can be very easily cleansed. Retail price 50 cents.

## "Stork" Plain Bibs

A plain ordinary bib so far as shape is concerned, but absolutely waterproof. Made of "STORK" sheeting. Retail price 25c.

## "Stork" Absorbent Diapers

A scientific diaper. Made from a singularly soft cotton cloth of great absorbency; triangular in shape with a "Cotton plush" or "Cotton velvet" center that is six times more absorbent than "birdseye" or diaper cloth. Does not cumber the body or spread the limbs. Having but one thickness around the waist it cannot overheat the body or cause bowel trouble. Made in three sizes: Small, 22-in. waistband, sell at 75c box of 6. Med. 26-in. waistband, sells at 90c box of 6. Large, 28-in. waistband, sells at \$1 box of 6.

LARRY LAJOIE TELLS OF THE FIRST BONEHEAD

Here is a rich story Napoleon Lajoie tells of the original solid ivory head. It runs: "Down at Woonsocket one day, before my name had been in the papers more than half a dozen times," says Lajoie, "a big, broad-shouldered athletic appearing man came out to the ball park and asked to be allowed to play. "He was so big and powerful we decided to give him a chance. He knew nothing at all about the game, but he did quite well in practice. He got in front of everything batted in his direction and once his hands clasped the ball it was a case of Maggie lock the door. "When he came to bat the opposing pitcher shot the ball straight across the plate. "One strike," yelled the umpire.

"Why is it one strike?" asked the man. "Because I said so. Look out! There comes another." "The big man let it go by. "Two strikes," the umpire howled. "Here, explain this thing to me," the fellow said. "Why do you say two strikes when I haven't struck at the ball at all?" "Before the umpire could reply up came another—a straight one—wait high. Mr. Amateur let go with all his might, and away went the ball—faster and faster, higher and higher, as it sailed away. Just as the ball was passing over the fence I looked toward the plate, and there the nump skull was standing stock still, a look of abject alarm on his face. "Run!" I shouted with all my might, for we needed the tally. Run! Don't you see the ball has gone over the fence?" "Run?" he howled back. "Not on your life. I've done nothing to run for. I didn't mean to lose the ball, but I've got the money to pay for it. How much is the damage?" "Next will be more politics. There is no rest for a live man. The prizefighters all play the game at least once too often."
